Jeep Grand Cherokee Automotive Repair Manual

Product Safety & Liability Reporter

This book is a must for enthusiasts of outstanding high-performance automobiles. It examines in detail all the great Chrysler 300 models from 1955 to the latest versions including the 425 horsepower 2005 300C SRT-8 model and the 300's running-mate, the 2005 Dodge Magnum. With hundreds of color and black and white photos, a carefully researched text, production and sales data, and a year-by-year study of each Chrysler 300, this is a high-quality book celebrating the origin and return to glory of one of America's most respected high-performance automobiles. Three eras of the Chrysler 300 are covered: the first spans of the years 1955-1965; the second 1998-2004, when Chrysler revived the 300 name as the front wheel drive 300M; the third age began in 2004 when four all-new rear wheel drive Chrysler 300 models were introduced for the 2005 model year.

Chilton's Auto Service Manual

In this book, John Mulhern III writes about traveling a total of 7,694 miles in 18 days-a route through eighteen widely (and wildly) different states including not only stops in the the cities of Chicago, Santa Fe, Los Angeles, San Francisco, and Seattle, but also nights in the small towns of Claremore, Point Arena, and Murdo. Adventures on the road (multiple encounters with both high winds and snow) yield to visits with friends old and new, encounters with various other Corvettes and other vehicles of interest, and more than a few great restaurants, sometimes in the most unexpected places. This is a book for travel lovers and most certainly for Corvette lovers, but most of all for devotees of the stunning beauty and endless variety of America. It includes several detailed maps of the route, an annotated bibliography, and over 150 color photos.

A 21st Century Road Trip

Automobile Book 1999

Ford's 4.6-liter-powered Mustang is the last remaining "classic" muscle car in the world and is incredibly popular with performance enthusiasts. More than 1,000,000 Mustangs have been built since 1996. Covers all 4.6 and 5.4-liter "Modular" motors--Ford's only V8 engine for Mustangs, fullsize cars, and light trucks from 1996 to 2004.
