The Future for Curious People

In the twenty-fourth chapter of Genesis a beautiful young woman offers assistance to a weary traveler and his camels, and out of that simple action, a marriage results—a marriage that offers profound lessons to couples today. Bible scholar and renowned speaker Ravi Zacharias draws five points critical to the long-lasting success of every marriage from the biblical story of the marriage of Isaac and Rebekah. "Real love folds together both the emotions and the will," writes Zacharias. "Without the emotions, marriage is a drudgery; without the will, it is a mockery." Building upon that foundational truth, Zacharias goes on to explain the principles of seeking the counsel of others when finding a mate, cherishing your partner,

remaining pure, becoming a man or woman of prayer, and, finally, risking everything in a relationship in order to experience God's ideal for love. Couples everywhere, from those about to be married, to those who have been married for decades, will draw strength and wisdom for the journey of marriage as they learn from Ravi what it means to move from romance to lasting love.

Serpent's Kiss

In this “evocative first novel,” an elderly woman looks back on the world of revolutionary Cuba as she recalls her intimate, secret love affair with Ernesto “Che” Guevara (Publishers Weekly). A young Cuban woman has been searching in vain for details of her birth mother. All she knows of her past is that her grandfather fled the turbulent Havana of the 1960s for Miami with her in tow, and that pinned to her sweater—possibly by her mother—were a few treasured lines of a Pablo Neruda poem. These facts remain her only tenuous links to her history, until a mysterious parcel arrives in the mail. Inside the soft, worn box are layers of writings and photographs. Fitting these pieces together with insights she gleans from several trips back to Havana, the daughter reconstructs a life of her mother, her youthful affair with the dashing, charismatic Che Guevara and the child she bore by the enigmatic rebel. *Loving Che* is a brilliant recapturing of revolutionary Cuba, the changing social mores, the hopes and disappointments, the excitement and terror of the times. It is also an erotic fantasy, a glimpse into the private life of a mythic public figure, and an exquisitely crafted meditation on memory, history, and storytelling. Finally, *Loving Che* is a triumphant unveiling of how the stories we tell about others ultimately become the story of ourselves. “A moving novel from a writer to watch.” —Publishers Weekly “Inventive and hypnotic . . . [An] artful and restless examination of the exile soul.” —Los Angeles Times “[Menendez] captures Cuba’s potential, its desperation and decay, and also its dark humor.” —The New York Times “The writing is consistently beautiful. Highly recommended.” —Library Journal

"Comic and Exuberant . . . A fine and tender tale for anyone who has tried to let go of the past and envision the future while falling in love." —Rhonda Riley, author of *The Enchanted Life of Adam Hope* What if you could know your romantic future? What if an envisionist could enter the name of your prospective mate into a computer that would show you a film of your future life together? In *The Future for Curious People*, a young librarian named Evelyn becomes obsessed with this new technology: she can't stop visiting Dr. Chin's office because she needs to know that she'll meet someone and be happy one day. Godfrey, another client, ends up at the envisionist's office only because his fiancée insisted they know their fate before taking the plunge. But when Godfrey meets Evelyn in the waiting room, true love may be right in front of them, but they are too preoccupied—and too burdened by their pasts—to recognize it. This smart, fresh love story, with its quirky twists and turns, ponders life's big questions—about happiness, fate, and our very existence—as it follows Evelyn and Godfrey's quest for the elusive answers. "A love story about love stories . . . The pages burst with laugh-out-loud scenes and crisply original set-ups. I loved it!" —Lydia Netzer, author of *Shine Shine Shine* "Somewhere between Jorge Luis Borge's 'The Garden of Forking Paths' and *The Eternal Sunshine of the Spotless Mind* you will find Gregory Sherl's warm, intelligent debut novel."

Suzuki GSX600F, GSX750F & GSX750 '98-'02

From the #1 internationally bestselling author of *Five Days* and *The Blue Hour*, “a racy page-turner” (London Daily Express) about a Hollywood screenwriter whose overnight success brings about his biggest downfall. I always wanted to be rich. I know that probably sounds crass, but it’s the truth. A true confession. Like all would-be Hollywood screenwriters, David Armitage wants to be rich and famous. But for the past eleven years, he’s tasted nothing but failure. Then, out of nowhere, big-time luck comes his way when one of his scripts is bought for television. Before you can say “overnight success,” he’s the new toast of Hollywood as the creator of a hit series. Suddenly a major player, he finds that he’s reinventing himself at a great speed, especially when it comes to walking out on his wife and daughter for a young producer who worships only at the altar of ambition. But David’s upward mobility takes a decidedly strange turn when a billionaire film buff named Philip Fleck barges into his life, proposing a very curious collaboration. David takes the bait and suddenly finds himself inadvertently entering into a Faustian pact and an express ride to the lower depths of the Hollywood jungle.
