[] it didn't matter, because one word, "sure" in the context of motorcycle ownership, gave Pete permission to buy one. All he had to do now was earn the money. [] When Ms. Strickland answered the door she looked at the stoop and noticed that it had been shoveled. Since they were both holding shovels, the first thing she said in a rhetorical tone was "Did you guys do that? Thank you!" Before they could get a word out, she continued with "I guess you are here to shovel my drive! Or did you do that too and now you want your money?" Without missing a beat, Mel replied, "Yup! Twenty bucks!" In a scolding almost frantic tone she replied with, "Well I'm not paying. I have the lawn service under contract. Not very smart business boys. You can't just ask people to pay for a service they didn't request!" Pete just stood there in shock when Mel said, "OK, we'll put it back." She paused for a moment with a look of horror on her face until she realized Mel was joking and started laughing. She said "I'm sorry boys, but I'm already committed." Mel replied, "That's OK, we understand." As they were walking toward the next house, they heard Ms. Strickland's door open and she started yelling, "Boys!? Boys!?! Wait!" Mel and Pete exchanged glances wondering what now? "Come back! I changed my mind! You can shovel my drive!" Pete jokingly said to Mel, "It looks

The poster was the popular art form in Cuba following the Cuban Revolution, when the government sponsored some 10,000 public posters on a fascinating range of cultural, social, and political themes. *Revolucin!*, produced with unprecedented access to Cuban national archives, assembles nearly 150 of these powerful but little—seen works of popular art. From the 1960s through the 1980s, the posters rallied the Cuban people to the huge task of building a new society, promoting massive sugar harvests and national literacy campaigns; opposing the U.S. war in Vietnam; celebrating films, music, dance, and baseball with a unique graphic wit and exuberant colorful style. With an introduction illuminating the rich social and artistic history of the posters, and rare biographical information on the artists themselves, this striking volume offers a window into the story of Cuba—and a truly revolutionary chapter in graphic design.

"Do not start unless you want to be up all night! Whether or not you believe in reincarnation, you'll believe in the ability of love to transcend time and place and the wonder of Ciji Ware's writing. Superb!" —Romantic Times (Gold Medal review)

One woman, one man, one shared fate A remote cottage on the wild coast of Cornwall sounded to Blythe Barton Stowe like the perfect escape from the pain and humiliation of recent events in her Hollywood life. But soon she seems to be reliving a centuries-old tragedy, and the handsome owner of the shabby manor house on the hill appears vitally entwined in her destiny. As they unearth one shocking family secret after another, Blythe is forced to conclude that her intriguing neighbor is more than just an impecunious British gentleman bent on saving his ancestral home. And the impeccably honorable Lucas Teague begins to see Blythe as a lifeline in an otherwise bleak existence. But is the unbridled attraction they're experiencing a dangerous distraction, or could it be strong enough to transcend the insurmountable complexities of time and place? "A deep, complex novel exploring love, betrayal, healing, and renewal in the human heart." —Affaire de Coeur "A book to be savored and then put on the keeper shelf."

Despite the fact that there are around 1.2 million powered two wheelers (PTWs) within the United Kingdom, riders are often misconceived as living at the edge of society; however, this is often far from the truth. Riding a PTW is a high-risk activity and those who ride are often perceived as being 'risk junkies', but through an in-depth exploration of this leisure activity, *Motorcycling and Leisure* explains that riders ride because they enjoy it and do not necessarily enjoy the risk involved. The book presents a range of contemporary research on riders and how they find enjoyment. The book further explores the rider goal of enjoyment and utilises Fuller's task homeostasis theory along with Csikszentmihalyi's theory of flow to develop an understanding of the interaction between risk and goals. In conclusion it develops principles of interventions with the aim of guiding intervention design and reducing the number of motorcycle crashes.

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your

suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.
