She also attempts to interest the National Cowboy Hall of Fame in financing a book on the subject that she proposes to write and talks about her own family history.

Indian History

A Panorama of Indian Dances

Islam and Indian Culture

Culture of Creativity: Footprints of Indian Civilization

Uring the late eighteenth and nineteenth centuries, the history of india passed under a heavily shadowed phase. We shall leave it to the historian to research the detailed reasons why India allowed herself to be increasingly dominated by alliens from afar not only in the political but the cultural spheres to . But the basic reason must have been the serious weakening of the ethos of the people, the exhaustion of its creative elan when one wave in the rhythmic progression of history has reached its crest and hte parabola began to decents, developing an increasing momentum.

A History of Indian Painting

Freud Along the Ganges

Panorama of Indian Culture

Aspects of Indian Culture: History and culture

Panorama of Indian Diplomacy

The Literary Panorama, and National Register

Incredible Story of Social Justice in India

This concise, accessible book describes American music as a panorama of distinct yet parallel streams--hip-hop and Latin; folk and country; gospel and classical; jazz, blues, and rock--that reflect the uniquely diverse character of the United States. Comparing and contrasting musical styles across regions and time, the author delivers a vision of American music both exuberant and inventive--a music that arises out of the history and musical traditions of the many immigrants to America's shores. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Manipuri Dances

Winner of the 2006 Gradiva Award A collection of new and previously-published essays that sheds light on the intersections between psychoanalysis and Indic Studies. While Indian academics and clinicians have been familiar with psychoanalysis for many decades, they have kept this Western model of the mind separate from the spiritual and philosophical traditions of their own country. Freud Along the Ganges bridges this important lacuna in psychoanalytic and Indic studies by creating a new theoretical field where human motives are approached not only psychoanalytically but also from the perspective of the teachings of Buddha, Tagore, Ghandi, and Salman Rushdie. The authors of this collection show how the insights of these Indian masters give a new force to the Freudian discovery by providing a basis to better understand the social and psychological Indian makeup. The book begins by questioning the applicability of the psychoanalytic method to non-Western cultures. It then traces the history of the psychoanalytic movement in India from its onset while it emphasizes the intricate overlap between Indian existential and mystical traditions and psychoanalysis. Freud Along the Ganges offers a unique study of the ways that Indian thought and psychoanalysis illuminate and enrich each other.
