Reading Explorer is a six-level content-based reading series featuring video from National Geographic to help develop reading and vocabulary skills for all learners. Each unit of Reading Explorer contains two reading passages and an optional video activity. Reading passages cover a wide range of real-world topics related to culture, science, social studies, travel, and adventure. a Motivating real-world content supported by stunning visuals help develop learners' understanding of the wider world in which they live. a Reading passages develop visual literacy, and incorporate graphic organizers, to help learners become better readers of English. a Reading Comprehension activities cover essential reading skills and question types commonly found on standardized tests. a Vocabulary Practice activities and Vocabulary Builder boxes present and reinforce high-frequency vocabulary items. a Video from National Geographic motivates students and aids in visual learning.

## **English File 2**

American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

## **American English File 4 Tools**

A brilliant and revealing biography of the two most important Americans during the Cold War era—written by the grandson of one of them. Only two Americans held positions of great influence throughout the Cold War; ironically, they were the chief advocates for the opposing strategies for winning—and surviving—that harrowing conflict. Both men came to power during World War II, reached their professional peaks during the Cold War's most frightening moments, and fought epic political battles that spanned decades. Yet despite their very different views, Paul Nitze and George Kennan dined together, attended the weddings of each other's children, and remained good friends all their lives. In this masterly double biography, Nicholas Thompson brings Nitze and Kennan to vivid life. Nitze—the hawk—was a consummate insider who believed that the best way to avoid a nuclear clash was to prepare to win one. More than any other American, he was responsible for the arms race. Kennan—the dove—was a diplomat turned academic whose famous "X article" persuasively argued that we should contain the Soviet Union while waiting for it to collapse from within. For forty years, he exercised more influence on foreign affairs than any other private citizen. As he weaves a fascinating narrative that follows these two rivals and friends from the beginning of the Cold War to its end, Thompson accomplishes something remarkable: he tells the story of our nation during the most dangerous half century in history.

### **Trump: The Art of the Deal**

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to

communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

## **Exam Prep for: American English File Second Edition; Level**

Learn the language of Nebraska . . .and 49 other states With more entries than any other reference of its kind, McGraw-Hill's Dictionary of American Idioms and Phrasal Verbs shows you how American English is spoken today. The highly popular teacher's site has extra lesson ideas and resources for

you to download.

## **Slaughterhouse-five**

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America’s foremost deal-maker. “I like thinking big. I always have. To me it’s very simple: If you’re going to be thinking anyway, you might as well think big.”—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker’s art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal “Trump makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump’s larger-than-life demeanor so vibrantly that the reader’s attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post
