Developing and Implementing Individualized Education Programs

"Imagine a world in which every single person on the planet is given free access to the sum of all human knowledge. That's what we're doing." --Jimmy Wales With more than 2,000,000 individual articles on everything from Aa! (a Japanese pop group) to Zzyzx, California, written by an army of volunteer contributors, Wikipedia is the #8 site on the World Wide Web. Created (and corrected) by anyone with access to a computer, this impressive assemblage of knowledge is growing at an astonishing rate of more than 30,000,000 words a month. Now for the first time, a Wikipedia insider tells the story of how it all happened--from the first glimmer of an idea to the global phenomenon it's become. Andrew Lih has been an administrator (a trusted user who is granted access to technical features) at Wikipedia for more than four years, as well as a regular host of the weekly Wikipedia podcast. In *The Wikipedia Revolution*, he details the site's inception in 2001, its evolution, and its remarkable growth, while also explaining its larger cultural repercussions. Wikipedia is not just a website; it's a global community of contributors who have banded together out of a shared passion for making knowledge free. Featuring a Foreword by Wikipedia founder Jimmy Wales and an Afterword that is itself a Wikipedia creation.

Assessing Students with Special Needs to Produce Quality Outcomes

This text combines a research-based approach to reading instruction with the theories, issues, and strategies most relevant to prospective middle-school teachers. The authors promote a balanced approach to literacy instruction that includes active learning, cooperative learning, and critical-thinking strategies. These strategies and their applications empower teachers to become key decision makers in their students' literacy programs. Key topics include strategies for teaching literacy through technology, working with diverse learners, standards and assessment, the use of literature in literacy instruction, and the role parents and community members play in student success. Three boxed features help teachers connect theory to practice: Model Activities provide detailed instructions for classroom activities; Classroom Scenarios serve as case studies

for teacher/student interactions; and Focus on Strategies boxes highlight the benefits and challenges of various teaching methods. End-of-chapter material includes Test Yourself questions that allow students to apply their comprehension skills. For Your Journal and For Your Portfolio features also help students evaluate and implement key chapter concepts as they prepare for teaching careers.

Assessment of Children and Youth with Special Needs

Assessing Students with Special Needs to Produce Quality Outcomes promotes outcome-based evaluation to guide the Multidisciplinary Team (MDT) in selecting appropriate Individualized Education Program (IEP) goals, classroom modifications and accommodations, as well as optimal instructional strategies. It advances the development of assessment-based IEPs to enable the MDT to pinpoint and address specific needs to improve student outcomes. Obtaining data from a variety of perspectives and settings improves the opportunity for identifying overall competencies and needs in preparation for higher functioning in all settings. Assessing Students with Special Needs to Produce Quality Outcomes presents an integrated look at a variety of assessment methods in an easy to read book. FEATURES: Recommends student-centered, strength-based

assessment techniques by providing reality-based stories to aid the reader in understanding how the tools of formal, informal, and authentic assessment merge to provide a more complete understanding of the student. Provides special features for linking IEP development and daily instruction to highlight the fundamental relationship between assessment and the IEP. Emphasizes the growing role of technology in the assessment process as identified by IDEA 2004 to utilize assistive technology in evaluation and instruction. Includes innovative, research-based techniques not extensively explored in other assessment textbooks. Explains the impact of cultural diversity on assessment issues and provides specific recommendations for addressing nondiscriminatory, culturally-sensitive evaluation to prepare the reader to meet the needs of a diverse society. Proposes authentic strategies to increase parent, teacher and student participation in the IEP process as mandated by IDEA 2004.

Teaching Reading in Today's Middle Schools

"Writing allows each of us to live with that special wide-awakeness that comes from knowing that our lives and our ideas are worth writing about." -Lucy Calkins Teaching Writing is Lucy Calkins at her best-a distillation of the work that's placed Lucy and her colleagues at the forefront of the teaching of writing for over thirty years. This book promises to inspire teachers to teach with renewed passion and power and to invigorate the entire school day. This is a book for readers who want an introduction to the writing workshop, and for those who've lived and breathed this work for decades. Although Lucy addresses the familiar topics-the writing process, conferring, kinds of writing, and writing assessment- she helps us see those topics with new eyes. She clears away the debris to show us the teeny details, and she shows us the majesty and meaning, too, in these simple yet powerful teaching acts. Download a sample chapter for more information.
