## Two Countries, One Heart

The rise of dual citizenship could hardly have been imaginable to a time traveler from a hundred or even fifty years ago. Dual nationality was once considered an offense to nature, an abomination on the order of bigamy. It was the stuff of titanic battles between the United States and European sovereigns. As those conflicts dissipated, dual citizenship continued to be an oddity, a condition that, if not quite freakish, was nonetheless vaguely disreputable, a status one could hold but not advertise. Even today, some Americans mistakenly understand dual citizenship to somehow be “illegal”, when in fact it is completely tolerated. Only recently has the status largely shed the opprobrium to which it was once attached. *At Home in Two Countries* charts the history of dual citizenship from strong disfavor to general acceptance. The status has touched many; there are few Americans who do not have someone in their past or present who has held the status, if only unknowingly. The history reflects on the course of the state as an institution at the level of the individual. The state was once a jealous institution, justifiably demanding an exclusive relationship with its members. Today, the state lacks both the capacity and the incentive to suppress the status as citizenship becomes more like other forms of membership. Dual citizenship allows many to formalize sentimental attachments. For others, it's a new way to game the international system. This book explains why dual citizenship was once so reviled, why it is a fact of life after globalization, and why it should be embraced today.

## Women of the Romance Countries

*A Son of Two Countries* is a story of struggle for education. Born in 1946 in Rwanda under Belgian colonial rule, the author recounts his early education in Rwanda and later as a refugee in Tanzania. He was naturalized as a Tanzanian citizen in 1980 while doing his undergraduate studies at the University of Dar es Salaam. As he struggled to get education, the author was also grappling with his refugee status,

## File Type PDF At Home In Two Countries The Past And Future Of Dual Citizenship Citizenship And Migration In The Americas

with all the challenges that it entailed. The book gives insights into the contradictions of colonial and post-colonial education, as well as the author's reflections on education in Tanzania, given his long experience in the education sector in that country. Finally, we get some glimpses into the dual identity of the author as a Tanzanian citizen of Rwandan origin and how this shaped his relationship with the two countries he calls home. As he aptly puts it, "Rwanda gave me my heart; Tanzania gave me my brain. I find it difficult to choose between my heart and my brain".

### **Homelands**

About the Book: "Two Countries, One Heart" written by R.K.P. Market and Competition: This book was written for those who enjoy reading autobiographies reading the life story of another, learning through their experiences. Also, those who are interested in how the war was experienced by a child and the adaptations necessary following an immigration. Although there are many autobiographical books, the beauty is that none are identical. Each person lives their own story and interprets events in their own way. Hence, leaving my book unique.

### **Fuel**

The book focuses on the history, ethnography, and convoluted ethnic identity of the Karaites, an ethnoreligious group in Eastern Galicia (modern Ukraine). The small community of the Karaite Jews, a non-Talmudic Turkic-speaking minority, who had been living in Eastern Europe since the late Middle Ages, developed a unique ethnographic culture and religious tradition. The book offers the first comprehensive study of the Galician Karaite community from its earliest days until today with the main emphasis placed on the period from 1772 until 1945. Especially important is the analysis of the twentieth-century dejudaization (or Turkicization) of the community, which saved the Karaites from the horrors of the Holocaust.

### **A Star Is Bored**

Is the internet really transforming children and young people's lives? Is the so-called 'digital generation' genuinely benefiting from exciting new opportunities? And, worryingly, facing new risks? This major new book by a leading researcher addresses these pressing questions. It deliberately avoids a techno-celebratory approach and, instead, interprets children's everyday practices of internet use in relation to the complex and changing historical and cultural conditions of childhood in late modernity. Uniquely, Children and the Internet reveals the complex dynamic between online opportunities and online risks, exploring this in relation to much debated issues such as: Digital in/exclusion Learning and literacy Peer networking and privacy Civic participation Risk and harm Drawing on current theories of identity, development, education and participation, this book includes a refreshingly critical account of the challenging realities undermining the great expectations held out for the internet - from governments, teachers, parents and children themselves. It concludes with a forward-looking framework for policy and regulation designed to advance children's rights to expression, connection and

play online as well as offline.

## **I Have Two Countries**

In *Teaching with Poverty in Mind: What Being Poor Does to Kids' Brains and What Schools Can Do About It*, veteran educator and brain expert Eric Jensen takes an unflinching look at how poverty hurts children, families, and communities across the United States and demonstrates how schools can improve the academic achievement and life readiness of economically disadvantaged students. Jensen argues that although chronic exposure to poverty can result in detrimental changes to the brain, the brain's very ability to adapt from experience means that poor children can also experience emotional, social, and academic success. A brain that is susceptible to adverse environmental effects is equally susceptible to the positive effects of rich, balanced learning environments and caring relationships that build students' resilience, self-esteem, and character. Drawing from research, experience, and real school success stories, *Teaching with Poverty in Mind* reveals

- \* What poverty is and how it affects students in school;
- \* What drives change both at the macro level (within schools and districts) and at the micro level (inside a student's brain);
- \* Effective strategies from those who have succeeded and ways to replicate those best practices at your own school; and
- \* How to engage the resources necessary to make change happen.

Too often, we talk about change while maintaining a culture of excuses. We can do better. Although no magic bullet can offset the grave challenges faced daily by disadvantaged children, this timely resource shines a spotlight on what matters most, providing an inspiring and practical guide for enriching the minds and lives of all your students.

## **Between Two Countries**

### **Beyond Citizenship**

This first report deals with some of the major development issues confronting the developing countries and explores the relationship of the major trends in the international economy to them. It is designed to help clarify some of the linkages between the international economy and domestic strategies in the developing countries against the background of growing interdependence and increasing complexity in the world economy. It assesses the prospects for progress in accelerating growth and alleviating poverty, and identifies some of the major policy issues which will affect these prospects.

### **French Roots**

Julius's critically acclaimed study (looking both at the detail of Eliot's deployment of anti-Semitic discourse and at the role it played in his greater literary undertaking) has provoked a reassessment of Eliot's work among poets, scholars, critics and readers, which will invigorate debate for some time to come.

### **An Atlas of Countries that Don't Exist**

## File Type PDF At Home In Two Countries The Past And Future Of Dual Citizenship Citizenship And Migration In The Americas

It is commonly assumed that there is an enduring link between individuals and their countries of citizenship. Plural citizenship is therefore viewed with skepticism, if not outright suspicion. But the effects of widespread global migration belie common assumptions, and the connection between individuals and the countries in which they live cannot always be so easily mapped. In *The Scramble for Citizens*, David Cook-Martín analyzes immigration and nationality laws in Argentina, Italy, and Spain since the mid 19th century to reveal the contextual dynamics that have shaped the quality of legal and affective bonds between nation-states and citizens. He shows how the recent erosion of rights and privileges in Argentina has motivated individuals to seek nationality in ancestral homelands, thinking two nationalities would be more valuable than one. This book details the legal and administrative mechanisms at work, describes the patterns of law and practice, and explores the implications for how we understand the very meaning of citizenship.

### **The Tale of Two Countries**

A candid insight to the feelings a young man has when called upon to be a soldier and facing the horrors of war.

### **Statue of Liberty**

The lure of living abroad is one that nearly everyone has felt, at one time or another, whether or not we give into it. And while traveling for a week or two at a time to a new country can be a thrilling experience, it doesn't quite satisfy the same desire as spending years getting to know a place. Chelsea Fagan had always been in love with France, and after a two-week vacation in Paris, decided that she would live there. Five months later, she was all moved in. In *Between Two Countries*, a collection of her essays on travel, she shares what it means to immigrate intelligently, learn from your host culture, and make it work on a budget. And yes, you can do it, too.

### **T. S. Eliot, Anti-Semitism, and Literary Form**

"An Inquiry into the Nature and Causes of the Wealth of Nations (generally referred to by the short title *The Wealth of Nations*) is the masterpiece of the Scottish economist and moral philosopher Adam Smith. It was first published in 1776. It is an account of economics at the dawn of the Industrial Revolution, as well as a rhetorical piece written for the generally educated individual of the 18th century - advocating a free market economy as more productive and more beneficial to society. The book is often considered to have laid the basic groundwork for modern economic theory" -- from Wikipedia.

### **Teaching with Poverty in Mind**

Presents a brief history of the Statue of Liberty and describes how France gave the statue to New York City to commemorate the relationship between the two countries, the creation and erection of the statue, and how its meaning has changed.

## **A Country Gentleman and His Family**

This volume brings together an exciting range of new studies of top incomes in a wide range of countries from around the world. The studies use data from income tax records to cast light on the dramatic changes that have taken place at the top of the income distribution. The results cover 22 countries and have a long time span, going back to 1875.

## **The Scramble for Citizens**

About the Book: *Two Countries, One Heart* written by R.K.P. Market and Competition: This book was written for those who enjoy reading autobiographies reading the life story of another, learning through their experiences. Also, those who are interested in how the war was experienced by a child and the adaptations necessary following an immigration. Although there are many autobiographical books, the beauty is that none are identical. Each person lives their own story and interprets events in their own way. Hence, leaving my book unique.

## **Israel**

What is a country? Acclaimed travel writer and Oxford geography don Nick Middleton brings to life the origins and histories of 50 states that, lacking international recognition and United Nations membership, exist on the margins of legitimacy in the global order. From long-contested lands like Crimea and Tibet to lesser-known territories such as Africa's last colony and a European republic that enjoyed independence for a single day, Middleton presents fascinating stories of shifting borders, visionary leaders, and "forgotten" peoples. Beautifully illustrated with 50 regional maps, each country is literally die-cut out of the page, offering a distinctive tactile experience while exploring these remarkable places.

## **Growing Up with Two Languages**

A collection of poems that celebrates and supports the innocence of youth

## **At Home in Two Countries**

From prizewinning journalist and immigration expert Alfredo Corchado comes the sweeping story of the great Mexican migration from the late 1980s to today. *Homelands* is the story of Mexican immigration to the United States over the last three decades. Written by Alfredo Corchado, one of the most prominent Mexican American journalists, it's told from the perspective of four friends who first meet in a Mexican restaurant in Philadelphia in 1987. One was a radical activist, another a restaurant/tequila entrepreneur, the third a lawyer/politician, and the fourth, Alfredo, a hungry young reporter for the *Wall Street Journal*. Over the course of thirty years, the four friends continued to meet, coming together to share stories of the turning points in their lives-the death of parents, the births of children, professional milestones, stories from their families north and south of the border. Using the lens of this intimate narrative of friendship, the book chronicles one of modern America's most profound transformations-during which Mexican Americans

## File Type PDF At Home In Two Countries The Past And Future Of Dual Citizenship Citizenship And Migration In The Americas

swelled to become our largest single minority, changing the color, economy, and culture of America itself. In 1970, the Mexican population was just 700,000 people, but despite the recent decline in Mexican immigration to the United States, the Mexican American population has now passed three million—a result of high birth rates here in the United States. In the wake of the nativist sentiment unleashed in the recent election, *Homelands* will be a must-read for policy makers, activists, Mexican Americans, and all those wishing to truly understand the background of our ongoing immigration debate.

When Nikhil and Jacob want to write a book about making friends around the world, they ask their Grandma Book for help. Hear the story of how they met Lorenzo, a young boy from Italy, and all the shenanigans the three new friends get into as they learn about each other and the cultures they come from.

### **Reading the past, writing the future**

### **Two Countries, Three Friends**

Europe might appear like a continent pulling itself apart. Ten years of economic and political crises have pitted North versus South, East versus West, citizens versus institutions. And yet, these years have also shown a hidden vitality of Europeans acting across borders, with civil society and social movements showing that alternatives to the status quo already exist. This book is at once a narrative of the experience of activism and a manifesto for change. Through analysing the ways in which neoliberalism, nationalism and borders intertwine, Marsili and Milanese – co-founders of European Alternatives – argue that we are in the middle of a great global transformation, by which we have all become citizens of nowhere. Ultimately, they argue that only by organising in a new transnational political party will the citizens of nowhere be able to struggle effectively for the utopian agency to transform the world.

### **The Global Index Database 2017**

The World Geography Questionnaires series is designed to help you with the National Geography Bee contest. As the seventh book in this series, it examines the United States of America and its 50 states in depth and breadth. Written in a question and answer format, it can be used as a study guide for the competition. Whether you enter the contest or not, this series will enhance your geography knowledge, and will give you a new perspective on the world in which we live. This book was updated in 2014.

### **An Inquiry into the Nature and Causes of the Wealth of Nations**

He was getting more and more anglicized with every passing year and almost felt embarrassed of being the son of his parents. He felt that they were out of tune with life in Britain' Having survived the horrors of Partition, young lovers, Guru and

## File Type PDF At Home In Two Countries The Past And Future Of Dual Citizenship Citizenship And Migration In The Americas

Sukhi, begin a journey of blissful matrimony. Supporting each other through the various ups and downs of life, they migrate to England,

### **World Geography Questionnaires**

This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. The Culture of Peace initiatives in this book show how violence is ineffective, and the book contests the views in the socialisation of boy-children that aggressiveness, violence and force are an acceptable means of expression.

### **The Karaites of Galicia**

### **Two-Countries**

Since 1948, successive U.S. Presidents and many Members of Congress have demonstrated a commitment to Israel's security and to maintaining close U.S.-Israel defense, diplomatic, and economic cooperation. U.S. and Israeli leaders have developed close relations based on common perceptions of shared democratic values and religious affinities. U.S. policy makers often seek to determine how events and U.S. policy choices in the Middle East may affect Israel's security, and Congress provides active oversight of executive branch dealings with Israel and other actors in the region. Some analysts criticize what they perceive as U.S. support for Israel without sufficient scrutiny of its actions or their implications for U.S. interests. Israel is a leading recipient of U.S. foreign aid and is a frequent purchaser of major U.S. weapons systems. The United States and Israel maintain close security cooperation—predicated on a U.S. commitment and legal requirement to maintain Israel's "qualitative military edge" over other countries in its region. The two countries signed a free trade agreement in 1985, and the United States is Israel's largest trading partner. Israel has many regional security concerns. By criticizing the international interim agreement on Iran's nuclear program that went into effect in January 2014, Prime Minister Netanyahu may seek to give Israel a voice in an ongoing negotiating process in which it does not directly participate. In addition to concerns over Iran, Israel's perceptions of security around its borders have changed since early 2011 as several surrounding Arab countries have experienced political upheaval. Israel has shown particular concern about threats from Hezbollah and other non-state groups in ungoverned or minimally governed areas in Syria, Lebanon, and Egypt's Sinai Peninsula, as well as from Hamas and other Palestinian militants in the Gaza Strip. Recent exploitation of offshore natural gas raises the prospect of a more energy-independent future. Israel's demographic profile has evolved in a way that appears to be affecting its political orientation, with various leaders vying for the public's support by

## File Type PDF At Home In Two Countries The Past And Future Of Dual Citizenship Citizenship And Migration In The Americas

interweaving ideology with ethnic, religious, socioeconomic, and national security considerations.

### **Citizens of Nowhere**

An anthology of flash memoir, personal essays and poetry from sixty-five contributors whose writing illuminates the modern immigrant experience. With work by Richard Blanco, Tina Chang, Joseph Lagaspi, Li-Young Lee, Timothy Liu, Naomi Shihab Nye, Oliver de la Paz, Ira Sukrungruang, Ocean Vuong, and more.

### **A Son of Two Countries**

In 2011 the World Bank—with funding from the Bill and Melinda Gates Foundation—launched the Global Findex database, the world's most comprehensive data set on how adults save, borrow, make payments, and manage risk. Drawing on survey data collected in collaboration with Gallup, Inc., the Global Findex database covers more than 140 economies around the world. The initial survey round was followed by a second one in 2014 and by a third in 2017. Compiled using nationally representative surveys of more than 150,000 adults age 15 and above in over 140 economies, *The Global Findex Database 2017: Measuring Financial Inclusion and the Fintech Revolution* includes updated indicators on access to and use of formal and informal financial services. It has additional data on the use of financial technology (or fintech), including the use of mobile phones and the Internet to conduct financial transactions. The data reveal opportunities to expand access to financial services among people who do not have an account—the unbanked—as well as to promote greater use of digital financial services among those who do have an account. The Global Findex database has become a mainstay of global efforts to promote financial inclusion. In addition to being widely cited by scholars and development practitioners, Global Findex data are used to track progress toward the World Bank goal of Universal Financial Access by 2020 and the United Nations Sustainable Development Goals. The database, the full text of the report, and the underlying country-level data for all figures—along with the questionnaire, the survey methodology, and other relevant materials—are available at [www.worldbank.org/globalindex](http://www.worldbank.org/globalindex).

### **The Country Duet**

*A Prophet in Two Countries: The Life of F.E. Simon* is a narration of the true story of F.E. Simon whose work involved developing nuclear energy for the British during the Second World War. Franz Simon is a Jew born in Berlin and earns his doctorate degree from the University of Berlin. He works at the Physikalisches Chemisches Institut, and then as a professor at the Technische Hochschule in Breslau. When Germany starts its systematic repression of Jews, Simon, now married and with two children, leaves Germany in 1939, along with Thomas Frank and a Jewish secretary. The Simon family settles in Oxford, and he works at the Clarendon. In

## File Type PDF At Home In Two Countries The Past And Future Of Dual Citizenship Citizenship And Migration In The Americas

1936, he gets an appointment as University Reader in Thermodynamics at Birmingham University. Professor of Mathematics Rudolf Peierls introduces Simon to work related to the war. Simon is then put in charge of all work on isotope separation at the Clarendon. The system Simon develops for gaseous diffusion turns out to be the most practicable among the many other methods, and this becomes adopted in many factories. After the war, he is awarded the C.B.E. and he publishes many papers before his death on October 31, 1956. Researchers, students, and academicians involved in British history and readers with general historical and biographical interest will find this book a pleasant reading.

### **World Development Report 1978**

Provides policy and practical information for donors and recipients of book donation projects; is intended as an educational and training tool; sets book donations within the context of the book chain and the importance of enhancing the book industry in every UN member state, especially the developing world.

### **Children and the Internet**

The IPPY Award-winning anthology of poetry, memoir, and essays—"accounts of assimilation and nostalgia, celebration and resistance" (Rick Barot, author of *The Galleons*). This collection contains contributions from sixty-five writers who were either born and/or raised in the United States by one or more immigrant parent. Their work describes the many contradictions, discoveries and life lessons one experiences when one is neither seen as fully American nor fully foreign. Contributors include Richard Blanco, Tina Chang, Joseph Lagaspi, Li-Young Lee, Timothy Liu, Naomi Shihab Nye, Oliver de la Paz, Ira Sukrungruang, Ocean Vuong, and many other talented writers from throughout the United States. Winner of a Bronze Medal from the Independent Publisher Book Awards for Multicultural Nonfiction "When you hold in your DNA two countries—the cultures, the languages, the delicious foods and stories—you embody richness. These writers know on the cellular level many-layered ways to live, to struggle, to love. Here are voices we need to hear, writers we need to read. This is a brilliant, timely book, an antidote to divisiveness." —Peggy Shumaker, former Alaska State Writer Laureate "The poets and writers in *Two-Countries* show that one result of our ongoing national experiment is a rich deepening in our literature. We may be in perilous times as a country, but our writers have never been in more ferocious health." —Rick Barot, author of *The Galleons*

### **A Prophet in Two Countries**

"A Star is Bored is an absolute knockout. Riotously funny and wickedly tender." — Taylor Jenkins Reid, New York Times bestselling author of *Daisy Jones and the Six* People Magazine Best Book of Summer 2020 - Named a Must-Read Summer book by Town & Country - Named One of the 14 Best Books of Summer 2020 by Harper's Bazaar - One of Library Journal's 2020 "Titles to Watch" - One of the 30 Best Beach Reads According to Parade Magazine *The Devil Wears Prada* meets *Postcards From the Edge* in a hilariously heartfelt novel influenced in part by the author's time assisting Carrie Fisher. Charlie Besson is tense and sweating as he prepares for an

## File Type PDF At Home In Two Countries The Past And Future Of Dual Citizenship Citizenship And Migration In The Americas

insane job interview. His car is idling, like his life, outside the Hollywood mansion of Kathi Kannon, star of stage and screen and People magazine's worst dressed list. She needs an assistant. He needs a hero. Kathi is an icon, bestselling author, and an award winning actress, most known for her role as Priestess Talara in a blockbuster sci-fi film. She's also known in another role: crazy. Admittedly so. Famously so. Fabulously so, as Charlie quickly discovers. Their three year odyssey is filled with late night shopping sprees, last minute trips to see the aurora borealis, and an initiation to that most sacred of Hollywood tribes: the personal assistant. But Kathi becomes much more than a boss, and as their friendship grows, Charlie must make a choice. Will he always be on the sidelines of life, assisting the great forces that be, or can he step into his own leading role? Laugh-out-loud funny, and searingly poignant, Byron Lane's *A Star is Bored* is a novel that, like the star at its center, is enchanting and joyous, heartbreaking and hopeful.

### **Book Donations for Development**

Read Peter's Op-ed on Trump's Immigration Ban in The New York Times The rise of dual citizenship could hardly have been imaginable to a time traveler from a hundred or even fifty years ago. Dual nationality was once considered an offense to nature, an abomination on the order of bigamy. It was the stuff of titanic battles between the United States and European sovereigns. As those conflicts dissipated, dual citizenship continued to be an oddity, a condition that, if not quite freakish, was nonetheless vaguely disreputable, a status one could hold but not advertise. Even today, some Americans mistakenly understand dual citizenship to somehow be "illegal", when in fact it is completely tolerated. Only recently has the status largely shed the opprobrium to which it was once attached. *At Home in Two Countries* charts the history of dual citizenship from strong disfavor to general acceptance. The status has touched many; there are few Americans who do not have someone in their past or present who has held the status, if only unknowingly. The history reflects on the course of the state as an institution at the level of the individual. The state was once a jealous institution, justifiably demanding an exclusive relationship with its members. Today, the state lacks both the capacity and the incentive to suppress the status as citizenship becomes more like other forms of membership. Dual citizenship allows many to formalize sentimental attachments. For others, it's a new way to game the international system. This book explains why dual citizenship was once so reviled, why it is a fact of life after globalization, and why it should be embraced today.

### **At Home in Two Countries**

*Wild Country* A heart-warming tale based on a true story. Some have it all. Hunter Yates truly does. He's humble and kind, even though he has it all. It's his small town roots that keep him grounded. He's a simple man from a small town with a heart of gold. Perfection carved from beauty. As he sets off in the world, it's his humble beginnings that keep his boots planted on the ground. Hunter finds himself amidst a toxic relationship. He struggles to get out of it, but it's his heart that keeps him from letting go. All he ever knew were the ways of Sweetwater Ranch, until the day he left for college. The world is a brutal place and his heart and soul are one and the same with the wild country. A ranch boy, who has everything, but gives everything at the same time. When it's time to decide, does he go with his

## File Type PDF At Home In Two Countries The Past And Future Of Dual Citizenship Citizenship And Migration In The Americas

heart, or the worries of everyone else? Buy Wild Country and discover the beauty in the world. Back Country The gripping conclusion of Hunter and Dave's story. There's only one place that has the power to heal Hunter Yates. Sweetwater Ranch. His sophomore year of college was nothing less than a wild adventure. He found everything and lost it all in a blink of an eye. With Dave in decent shape for the moment, Hunter travels home for the summer. It's just what he needs. Time to clear his mind. He should feel settled, fulfilled, and at peace now that he's home on the Ranch. But he doesn't. The dull ache in his chest too overwhelming to ignore. The natural high he always experiences while on horseback no longer exists. The grass no longer green in his eyes. The world is just that-the world. His drive and determination have vanished. Teale Wickett destroyed him. The thing is life goes on one meaningless day at a time. Timing has never been on his side and this time there will be no turning back this time. Dave's health declines, leaving Hunter lost. Will his country roots be enough to keep him grounded? "Courage is being scared to death and saddling up anyway." -John Wayne

### **Two-countries**

Illustrated throughout with the real life experiences of fifty families around the world, this second edition of this bestselling book is for anyone - parents, teachers and language professionals alike - who need advice on how children can get the most from a bilingual situation.

### **World Heritage in Europe today**

A narratively rich cookbook of French and Californian recipes from longtime Chez Panisse executive chef Jean-Pierre Moule and his wife, Denise Moule. Jean-Pierre and Denise Moullé met on a street corner in Berkeley, California, in 1980; six months later they were married. French Roots is the story of their lives told through the food they cook, beginning with the dishes of old-world France--the couple's birthplace--and focusing on the simple, pared-down preparations of French food common in the postwar period. The story then travels to the San Francisco Bay Area in the 1970s, where Jean-Pierre was appointed executive chef at Chez Panisse when California cuisine was just emerging as a distinctive and important style, and where Denise began importing French wine. Finally, the journey follows the couple to their homes in Sonoma, California, and Bordeaux to revisit the classic dishes of the Moullés' native country and hone the forgotten skills of foraging, hunting, and preserving. Exquisitely written, with recipes that are innovative and timeless, insights on cooking and thinking like a chef, and an insider's guide to the wines of Bordeaux, French Roots is much more than a cookbook—it's a guide to living the good life.
