## Rulerwork Quilting Idea Book

### Digitizing Made Easy

How does a suburban pizza joint end up profiled on national magazine covers and network TV news? (Hint: The secret is not in the sauce.) When Nick Sarillo decided to open a family-friendly pizza restaurant in the suburbs of Chicago, people thought he was nuts. Having worked as a carpenter for much of his adult life, he lacked any formal experience in restaurants or in managing a small business. Everyone told him no one else would ever care about his place the way he did. They warned he'd have to work 20-hour-days and monitor every employee just to stay in business. But Sarillo saw things differently, and set out to run his business in a radically different way. Today Nick's Pizza & Pub is one of the top ten busiest independent pizza restaurants in the country, with two locations that gross about six times the revenue of the typical pizza restaurant. And in an industry where most employees leave within less than a year, Nick's annual turnover rate is less than 20 percent. How did he do it? The secret lies in Nick's purpose-driven culture, in which every employee—from the waiters to the chefs to the managers—is equipped with the tools necessary to do their jobs while also advancing the

company's overall mission. The result is higher sales, a dedicated team, and a big little business that is beloved by the entire community. In *A Slice of the Pie* Sarillo tells the story of how he built his extraordinary culture and shows how anyone can follow his methods. For instance, Nick's managers engage the staff by tracking and rewarding unusual metrics, such as how many guests request a particular server or the average check amount of each carryout host. Likewise, team members of all ages and levels of experience are encouraged to express themselves, acquire new skills, and suggest ideas to help the business grow. *A Slice of the Pie* will help transform even the smallest, simplest, and most ordinary business into a successful, high-performance organization.

One of Vogue's Most Anticipated Books of 2020 One of Esquire's 15 Best Books of the Winter One of Vogue's 22 Best Books to Read This Winter "The memoir I've been waiting for: a bold, incisive, and illuminating story of a woman whose devotion to language and literature comes at a hideous cost. It's Joanna Rakoff's *My Salinger Year* updated for the age of *She Said*: a literary New York now long past; an intimate, fiercely realist portrait of a mythic literary figure; and now, a tender reckoning with possession, power, and what Jia Tolentino called the 'Important, Inappropriate Literary Man.' A poised and superbly perceptive narration of the problems of working with men, and of loving them." — Eleanor Henderson, author of *10,000 Saints* A fiercely personal memoir about coming of age in the male-dominated literary world of the nineties, becoming the first female literary editor of *Esquire*, and Miller's personal and working relationship with David Foster Wallace A naive and idealistic twenty-two-year-old from the Midwest, Adrienne Miller got her lucky break when she was hired as an editorial assistant at *GQ* magazine in the mid-nineties. Even if its sensibilities were manifestly mid-century—the martinis, powerful male egos, and unquestioned authority of kings—*GQ* still seemed the red-hot center of the literary world. It was there that Miller began learning how to survive in a man's world. Three years later, she forged her own path, becoming the first woman to take on the role of literary editor of *Esquire*, home to the male writers who had defined manhood itself—Hemingway, Mailer, and Carver. Up against this old world, she would soon discover that it wanted nothing to do with a "mere girl." But this was also a unique moment in history that saw the rise of a new literary movement, as exemplified by McSweeney's and the work of David Foster Wallace. A decade older than Miller, the mercurial Wallace would become the defining voice of a generation and the fiction writer she would work with most. He was her closest friend, confidant—and antagonist. Their intellectual and artistic exchange grew into a highly charged professional and personal relationship between the most prominent male writer of the era and a young woman still finding her voice. This memoir—a rich, dazzling story of power, ambition, and identity—ultimately asks the question "How does a young woman fit into this male culture and at what cost?" With great wit and deep intelligence, Miller presents an inspiring and moving portrayal of a young woman's education in a land of men.

The long-awaited consolidation of the UK merchant shipping legislation finally arrived with the passing of the Merchant Shipping Act 1995 which replaced the thirty or so Acts dating from the Merchant Shipping Act 1894. This new edition of Merchant Shipping Act 1995 - An Annotated Guide provides an authoritative and practical guide to the implications of this important legislation. Written in a clear and accessible style, the authors guide you chronologically through each of the Act's 313 sections. They include expert commentary and analysis to assist your understanding and interpretation of the Act. Merchant Shipping Act 1995 - An Annotated Guide is an essential first-stop reference guide, providing guidance on the appropriate authorities and more detailed texts to which further reference can be made. It is also annotated throughout with comprehensive tables and indexes, making it a truly practical working tool. Thoroughly revised and up-dated, the second edition includes details of Amendments to the Merchant Shipping Act 1995 The Merchant Shipping and Maritime Security Act 1997 Statutory instruments and regulations introduced to supplement the Merchant Shipping Act The most recent case law Updated references to other texts, which have themselves been updated in the last 4 years

Pucker or Puckering is the most used (abused?) term in the garment manufacturing industry. Pick up any quality controllers report, and the first thing that will strike your eye will be "...Puckering in armhole, ...Puckering in neckline binding, ...control Puckering in bottom hem..." the list is endless. Buying office quality controllers are as enamoured of this term as much as manufacturers abhor it. What is it that makes it so distasteful? Why does it occur? How can it be controlled? While there are numerous leaflets, documents and articles available on pucker, we have found that the majority of them lay great stress on "inherent pucker" (only material parameters). In this booklet have tried to include process parameters as well as sewing of lightweight fabrics. All said and done, the problem is so intricately interdependent that exhaustive compilation is well nigh impossible. We are sure this booklet will help manufacturers to understand the rationale behind this publication and we will consider our effort successful if enthusiastic readers regularly inform us about newer methods to tackle the problem.

## **A Handbook for Travellers in South Germany and Austria**

Gives the inside story on one of Europe's most touristed and least-known countries, debunking the myth that Switzerland is only for the rich and famous. Full coverage

of all three linguistic regions (French, German and Italian) and the ski meccas across the country. Unbiased reviews of accommodation, restaurants nightlife for all budgets. Practical information on hiking, touring by car or public transport.

## **Guide to Italy and Sicily**

Quilting rulers have long been used by longarm quilters to make uniform shapes while quilting, but now, with the advent of the domestic ruler foot, domestic quilters can join in on the fun, too! Amanda Murphy, best-selling author of the Free-Motion Quilting Idea Sampler, starts by showing you how to use 6 basic shapes of machine quilting rulers to lay a foundation for your quilting, then moves on to teaching you 59 different designs. Finish up by following Amanda's suggestions for filling in the background space with free-motion quilting.
