himself she has very little wiggle room for escape. And escaping is all she's ever dreamed of, leaving the bowels of hell and becoming human is the one dream she knows she cannot have or can she? When a man is murdered by one of her fellow demons, the now grieving fiancé calls upon Charm for help. Charm's psychometric power helps her replay the events leading up to the man's death. In the midst of arranging justice for her client she meets the angel that was the killer's target. He's injured and she saves his life, despite the repercussions her actions could have on her own soul. Daddy dearest wants the angel dead, and she derails the devil's plans. In return, the angel agrees to help Charm with her greatest wish, except that ascension isn't going to be easy. She'll need to pass through the thirteen levels of the underworld by passing thirteen tests in order to overcome the realm of purgatory and reach the Hall of Akashic Records where her soul can be reborn. In Father Made Me Do It, she faces her first test and begins her journey from the underworld to mortal life while she continues to carry out her duty as the justice demon. The fine line she treads is fraught with danger, and her naivety in human ways will take readers on an emotional roller coaster of tears and laughter. * Book contains content of adult nature and is intended for audiences 18 and older

What if dreams are more than dreams? This magical realism novel is the first in a trilogy that is historical fiction, love story and spiritual quest. It is about magic and mysticism, faith and initiation. It is about the soul of art. Woven through history is a love story of many parts, remembered and built upon through the centuries. A great love passes on through generations in some undeniable memory in the flesh, and also reappears in new lives from distant places. Mystical love calls to couples throughout time to bring them together again and again. This remembering travels both ways in time, existing in that place beyond time where love lives. There are vague memories, subtle warnings and obscure communications between individuals separated by centuries. Lives weave together throughout more than five hundred years, paralleling contemporary events. Religious intolerance, fear and greed generate the Spanish Inquisition and the religious wars in Europe that reach a decisive moment with the defeat of the Spanish Armada. Ninety-six years earlier, in the same year that Ferdinand and Isabella sent the three ships that discovered the New World, Spain's power had begun to weaken with the expulsion of the Jews and Muslims. The wisdom and skills of the Islamic and Jewish citizens was what had helped make Spain what it was, but fear caused the end of that golden age. These two critical points in history and what follows are the setting for this novel, but other times are connected over many thousands of years. The story opens in Spain in the 15th Century, with Jewish, Islamic and Christian children

playing together as innocents without prejudice or fear. Throughout the book, there is an underlying theme of Hope and Faith manifested in mystical ways. This faith lives in ancient Celtic traditions, as well as Jewish, Islamic and Christian forms, both Catholic and Protestant. Truth is truth, no matter what form it chooses to wrap itself inside. Love empowers many characters in various ways and transforms them into their best. The world of nature sometimes comes to their aid in miraculous ways, and enemies who are treated with love become allies. There are no greater mysteries than time and consciousness and the memories that connect us to the whole of our lives and beyond. The *deja vu* and vague precognitive experiences that all of us have felt to some degree are the tip of the iceberg of this mystery. The supernatural in our lives is often liberated by powerful emotions like love and fear. We all are familiar with stories about mothers who have sensed when their children are in danger or when a loved one is in crisis. There is an undeniable connection that doesn't fit neatly into our view of everyday physical life. There is a larger world we glimpse as we timidly awake. Editorial Review: Lyrically, hauntingly beautiful.this is storytelling at its best. -- Phyllis Tickle - Founding editor of the Religion Department of Publishers Weekly and author of dozens of books, including *The Great Emergence: How Christianity Is Changing and Why*

The vampires want it. The demons want it, too. And someone is willing to kill Val for it. Val and Fang have to find the powerful Encyclopedia Magicka before either of San Antonio's warring underworld factions locate it or the consequences will be deadly for the entire city. As usual, Val's vampire enemies (they still call her The Slayer) want her dead. Even some of her fellow demons may be less than trustworthy, since they'd like to grab the legendary book of spells before she does. Val has a personal claim to the Encyclopedia--her demon father left it to her when he died--but someone stole it recently. And that can't be good. Battling vamps and dodging demons, Val struggles to unravel the mystery and find the thief. At the same time, she's fighting her attraction to sweet, sexy Shade--her favorite shadow demon. Rumor has it that Val will lose her part-demon, vampire-fighting powers if she gives herself to him. With a crowd of vamps and demons out to trick her or kill her, it's not a good time for her to risk her job as the city's best vampire hunter by falling in love. The stakes are high and aimed right at her heart. But Lola, Val's hungry little lust demon, doesn't like being denied. Will Lola finally get her way? What's a part-lust-demon-teen supposed to do? Whatever it takes.

Jacey's family has pretended to be non-magical humans as a ploy to prevent an ancient omnipotent entity from killing more innocent beings in its relentless quest to possess Jacey. Nemele's inhabitants have been the elemental architectural guides of a number of nations throughout the cosmos. As Elemental Governors, they've influenced the evolution of eighteen other realms throughout the galaxy. Air, earth, wind, fire and water are gifted to each member within the Nemelite Society. It is during their Awakening, or adolescent stage of development, that their talents emerge. Every legend, myth and folklore human beings have believed in and have worshiped since the beginning of time originate within Nemele. Representatives from each of the nineteen nations form the Guild of Elders, a federation to oversee and rule Nemele. From Greek Gods to shape-shifting dragons, all exist. Born as an anomaly, Jacey possesses rare abilities that both virtuous and corrupt entities seek to use as their own. Should either side prevail, Jacey may be the saviour or downfall of every world within Nemele's domains. Blindly thrust into life and death situations, Jacey learns of her true powers within her dreaming and conscious states.
