A family scandal! Georgia had imagined becoming Jarrod Maclean's wife a hundred times—until she'd found him in what seemed like a passionate embrace with his own stepmother.... Devastated by his betrayal, Georgia had convinced herself she was glad when he left town. When Jarrod returned four years later, Georgia still hadn't forgiven him—even though she sensed that he wanted her more than ever. But he insisted any relationship between them would be taboo...was there something he wasn't telling her? What really happened four years ago? The whole family seemed to be in on the secret—everyone except Georgia....

When Max's grandpa drives Max and his brother past City Hall, Max decides he wants to meet the mayor. So his grandpa sets up an appointment with Buffalo's mayor, Byron Brown. But when a blizzard hits Buffalo the night before the appointment, it looks like the meeting may be canceled. Can Max and his grandpa find a way to meet the mayor?

This new book is more than a simple engine repair manual. Designed for the beginner with little or no mechanical experience, *Small Engines & Outdoor Power Equipment* is a graphically appealing, step-by-step guide that covers all of the most important engine maintenance and repair skills you'll need to keep your equipment running at peak performance. It also shows exactly how to perform mechanical upkeep and repairs on the most common outdoor power implements, including lawn mowers, snow blowers, chain saws, power washers, generators, leaf blowers, rototillers, wood splitters, lawn edgers, and weed whips. With clear 'how-to' photos and detailed diagrams, you'll see exactly what needs to be done. A comprehensive troubleshooting guide helps you define problems and enact solutions. With *Small Engines & Outdoor Power Equipment* in your library, you won't need to haul the lawn mower off to the repair center and wait a few weeks just because a filter is plugged or the old gas needs to be replaced. Among the many skills you'll learn are seasonal tune-ups, changing oil, servicing spark plugs, cleaning filters, replacing muffler, servicing the fuel tank, overhauling the carburetor, servicing brakes, inspecting flywheels, replacing the fuel pump, and replacing a rewind cord.

### **Close Relations**

Vols. for 1970-71 includes manufacturers' catalogs.

## **Reports of Cases Decided in the Appellate Division of the Supreme Court of the State of New York**

The global epidemic of hepatitis B and C is a serious public health problem. Hepatitis B and C are the major causes of chronic liver disease and liver cancer in the world. In the next 10 years, 150,000 people in the United States will die from liver disease or liver cancer associated with chronic hepatitis B virus (HBV) or hepatitis C virus (HCV) infections. Today, between 800,000 and 1.4 million people in the United States have chronic hepatitis B and between 2.7 and 3.9 million have chronic hepatitis C. People most at risk for hepatitis B and C often are the least likely to have access to medical services. Reducing the rates of illness and death associated with these diseases will require greater awareness and knowledge among health care workers, improved identification of at-risk people, and improved access to medical care. Hepatitis B is a vaccine-preventable disease. Although federal public health officials recommend that all newborns, children, and at-risk adults receive the vaccine, about 46,000 new acute cases of the HBV infection emerge each year, including 1,000 in infants

who acquire the infection during birth from their HBV-positive mothers. Unfortunately, there is no vaccine for hepatitis C, which is transmitted by direct exposure to infectious blood. Hepatitis and Liver Cancer identifies missed opportunities related to the prevention and control of HBV and HCV infections. The book presents ways to reduce the numbers of new HBV and HCV infections and the morbidity and mortality related to chronic viral hepatitis. It identifies priorities for research, policy, and action geared toward federal, state, and local public health officials, stakeholder, and advocacy groups and professional organizations.
