Loving in Time

"You see, there is safety in simplicity in a life of simple peace, where the electricity doesn't dance across the backs of my eyelids, and the sparks don't slither over my consciousness. Only asinine peace, where my paintings don't seem to paint themselves, leaving me with terrible feelings of premonition and a chill beneath my fingernails." Seraph Black used to think that she was prepared for anything. She could last days without eating and she always walked away from the violent altercations with her father relatively unharmed. She survived working at the club and the drive to school every day in her mother's rust-bucket of a car but it all changed when Noah and Cabe came bulldozing into her life, careless of the precious secrets they picked apart in their quest to take over her world. She was even less prepared for the mysterious Miro and Silas, and nothing could have prepared her for the bond. The connection. The reason for it all. Someone wanted her to stay away from her new friends, but she wasn't willing to do that. Everyone had secrets. She wanted to know theirs. They wanted to own hers. And the stalker? He seemed to know everything already. This is a full, 100,000 word novel. Book 1 of the Seraph Black series.

The Trouble with Twelfth Grave

Meda's back. This time she has a friend. Meda Melange has officially hung up her monstrous mantle and planted her feet

firmly on the holy and righteous path of a Crusader-in-training. Or, at least, she's willing to give it a shot. It helps that the Crusaders are the only thing standing between her and the demon hordes who want her dead. The problem is, the only people less convinced than Meda of her new-found role as Good Girl are the very Crusaders she's trying to join. So when a devilishly handsome half-demon boy offers escape, how's a girl supposed to say "no?" After all, everyone knows a good girl's greatest weakness is a bad boy.

Hex Boys in Disguise

Meet Meda. She eats people. Well, technically, she eats their soul. But she totally promises to only go for people who deserve it. She's special. It's not her fault she enjoys it. She can't help being a bad guy. Besides, what else can she do? Her mother was killed and it's not like there are any other "soul-eaters" around to show her how to be different. That is, until the three men in suits show up. They can do what she can do. They're like her. Meda might finally have a chance to figure out what she is. The problem? They kind of want to kill her. Before they get the chance Meda is rescued by Crusaders, members of an elite group dedicated to wiping out Meda's kind. This is her chance! Play along with the "good guys" and she'll finally figure out what, exactly, her "kind" is. Be careful what you wish for. Playing capture the flag with her mortal enemies, babysitting a teenage boy with a hero complex, and trying to keep one step ahead of a too-clever girl are bad enough. But the Hunger is gaining on her.
