This collection documents examples of “distinctively Catholic” theological beliefs or doctrines in the Eastern Church fathers; that is, ones in harmony with historic Catholic teaching but differing in some way from one or more strains of Protestant theology or Eastern Orthodox views. Quotations will be drawn from the “Three Holy Hierarchs” of Eastern Christian Tradition: St. Basil the Great (c. 330-379), St. John Chrysostom (c. 345-407), and St. Gregory Nazianzen (c. 330-c. 390). St. Athanasius (c. 297-373) is usually added to this list, and these are the Four Great Eastern Doctors of the Church. Additionally, the following four fathers are included: St. Cyril of Alexandria (c. 376-444), St. Ephraim (c. 306-373), St. Cyril of Jerusalem (c. 315-387), and St. John Damascene (c. 676-749). All eight men are “Doctors” of the Catholic Church. Quotations are drawn from public domain works.

Walter Kasper is already well-known and loved throughout the English-speaking world. He has held high office in the Vatican but until his recent retirement has felt constrained from publishing what he really thinks and his vision of the Church for the future. Kasper brings to conclusion a project that has been pursued for years, as it joins together his greatest monographs on the subject of God's teaching and Christology. The book covers three main topics: Nature, Reality and the Mission of the Church. The introductory section is autobiographical and the reader can see Kasper's personal and theological way in to and with the Church. He develops the actual ecclesiological exegesis - for Kasper the representation of the Being of the Church is not about empirical description, but rather a testimony of being. He emphasizes that nobody is able to apply the stereotypical and idealistic image of the heavens to

the critical acknowledgement of the church's present. The program of the Church is ultimately not self-directed but rather remains oriented towards the finalization of the arrival of the kingdom of God and the spiritual healing of the human race.

#### **Catechist's Guide**

Roman Catholicism stands at a crossroads, a classic "best of times, worst of times" moment. On the one hand, the Catholic Church remains by far the largest branch of the worldwide Christian family, and is growing at a remarkable clip. Yet the Church has also been rocked by a series of scandals related to the sexual abuse of minors by clergy, and, even more devastating, the cover-up by the Church hierarchy. The decade-long crisis has taken a massive financial toll, but the blow to both the internal morale and the external moral standing of the Church has been even steeper. Today, the Church has enormous residual strength and exciting future prospects, but also faces steep internal and external challenges. The question of "whither Catholicism" is of vital public relevance, for believers and non-believers alike. In *The Catholic Church: What Everyone Needs to Know*, John L. Allen, Jr., one of the world's leading authorities on the Vatican, offers an authoritative and accessible guide to the past, present, and future of the Church. This

updated edition includes a new chapter on the resignation of Pope Benedict XVI, the election of Pope Francis, and his extraordinary tenure thus far.

This document's purpose is to spell out the Church's understanding of the nature of revelation--the process whereby God communicates with human beings. It touches upon questions about Scripture, tradition, and the teaching authority of the Church. The major concern of the document is to proclaim a Catholic understanding of the Bible as the "word of God." Key elements include: Trinitarian structure, roles of apostles and bishops, and biblical reading in a historical context.

For the first time in 400 years the Catholic Church has authorized an official universal catechism which instantly became an international best-seller, the Catechism of the Catholic Church. Using this official Catechism, the highly-regarded author and professor Peter Kreeft presents a complete compendium of all the major beliefs of Catholicism written in his readable and concise style. Since the Catechism of the Catholic Church was written for the express purpose of grounding and fostering catechisms based on it for local needs and ordinary readers, Kreeft does just that, offering a thorough summary of Catholic doctrine, morality, and worship in a popular format with less technical language. He presents a systematic, organic synthesis of the essential and fundamental Catholic teachings in the light of the Second Vatican Council and the whole of the Church's Tradition. This book is the most thorough, complete and popular catechetical summary of Catholic belief in print that is based on the universal Catechism.

probably imagine a group of Cardinals and Bishops quietly discussing obtuse theological doctrines which have no practical implications. Perhaps a loud cough is heard once in a while but, on the whole, it is a staid affair. Actually, the Councils were anything but impractical or quiet. There were loud disagreements and accusations of heresy. The Council members cared deeply about the religious and social problems of their day, arguing for months, sometimes years, in order to find a solution. Each chapter of the book contains a discussion of why the Council was called and what happened at the Council, as well as Biblical references and prayers. You shall meet many saints (from Saint Francis to Saint Nick) as well as a few characters not so holy. Each Council has its own exciting story but each has a unifying theme in the Church's unending mission to guide souls to God.
