When it first appeared in 1767, *The Female American* was called a "sort of second Robinson Crusoe; full of wonders." Indeed, *The Female American* is an adventure novel about an English protagonist shipwrecked on a deserted isle, where survival requires both individual ingenuity and careful negotiations with visiting local Indians. But what most distinguishes Winkfield's novel is her protagonist, a woman who is of mixed race. Though the era's popular novels typically featured women in the confining contexts of the home and the bourgeois marriage market, Winkfield's novel portrays an autonomous and mobile heroine living alone in the wilds of the New World, independently interacting with both Native Americans and visiting Europeans. Moreover, *The Female American* is one of the earliest novelistic efforts to articulate an American identity, and more specifically to investigate what that identity might promise for women. Along with discussion of authorship issues, the Broadview edition contains excerpts from English and American source texts. This is the only edition available.

“B-B-B-B Bad... Bad to the bone...” Packed with interviews from director John Carpenter, screenwriter Bill Phillips, producer Richard Kobritz, stars Keith Gordon and Alexandra Paul, plus various members of the cast and crew including co-composer Alan Howarth and SFX artist Roy Arbogast, “Hell Hath No Fury: The Making of Christine” is a definitive look at the 1983 cinematic adaptation of Stephen King’s terrifying novel about the eponymous demonic Plymouth Fury and the obsessive teenage boy who loves her. Author Lee Gambin examines Carpenter’s film by exploring themes such as possession, gender politics, sexuality, the use of rock’n’roll, the complexities of varied relationships, class resentment, the landscape of suburbia, the alienation felt during teenage years and more, including a recurring coverage of cars in film (both supernatural and not). Loaded with photographs as well as production notes, this book is essential for all John Carpenter fans, Stephen King devotees, horror film enthusiasts and for anyone who can remember their first car. So buckle in and take a ride and remember “Rock’n’Roll is here to stay! It will never die!”

For Madox, a dull town, a beautiful woman, and an easy bank heist spell doom. In a town so small that Main Street is only three blocks long, there isn't a lot to do -- other than work, ogle women, and think about fast ways to get rich. After a year of aimless wandering, Madox has landed here, nearly broke and with no prospects but a dead-end job selling cars to yokels. Until one afternoon a fire at the burger joint draws the attention of everyone in town -- including the men who are supposed to be guarding the bank. It's almost too good to be true, but there it is -- \$15,000 lying around, watched by no one. Now all Madox needs is a little nerve and a second distraction. And while one woman will give him the nerve, another will make him ready to kill.

Hell Hath No Fury

Sharp-witted and sharp-tongued, Arcangela Tarabotti (1604-52) yearned to be formally educated and enjoy an independent life in Venetian literary circles. But instead, at sixteen, her father forced her into a Benedictine convent. To protest her confinement, Tarabotti composed polemical works exposing the many injustices perpetrated against women of her day. *Paternal Tyranny*, the first of these works, is a fiery but carefully argued manifesto against the oppression of women by the Venetian patriarchy. Denouncing key misogynist texts of the era, Tarabotti shows how despicable it was for Venice, a republic that prided itself on its political liberties, to deprive its women of rights accorded even to foreigners. She accuses parents of treating convents as dumping grounds for disabled, illegitimate, or otherwise unwanted daughters. Finally, through compelling feminist readings of the Bible and other religious works, Tarabotti demonstrates that women are clearly men's equals in God's eyes. An avenging angel who dared to speak out for the rights of women nearly four centuries ago, Arcangela Tarabotti can now finally be heard.

Instead, you will find sword-wielding women warriors, intrepid women fighter pilots and far-ranging spacewomen, deadly female serial killers, formidable female superheroes, sly and seductive femmes fatale, female wizards, hard-living Bad Girls, female bandits and rebels, embattled survivors in Post-Apocalyptic futures, female Private Investigators, stern female hanging judges, haughty queens who rule nations and whose jealousies and ambitions send thousands to grisly deaths, daring dragonriders, and many more." Red She-Hulk - Volume 1

The Multiverse science fiction/fantasy series returns with book 2 now in trade paperback! It began with two men. They came from very different worlds—entirely different universes, in fact—one using sorcery and the other using mental powers and steam-age technology. They met in a virgin forest on a duplicate planet Earth. Neither side knows who shot first, but each blames the other, and it doesn't really matter, now, because war has begun. War between the universes is the last thing responsible leaders on either side want. But the fury of their respective

populations, xenophobic fear of the unknown, and cries for "justice" (or vengeance), are all driving both sides towards the brink. And unscrupulous, power-hungry men—and Arcana and Sharona alike—have agendas of their own. The fuse has been lit, and a war stretching across the universes, fought between dragons, spells, and crossbows and repeating rifles, machine guns, and artillery is erupting in white-hot rage and fury. Where it will end—and how—no one knows. The Hell's Gate Series: Hell's Gate Hell Hath No Fury The Road to Hell About Hell's Gate: "Magic and high tech collide in this exciting military SF novel from bestseller Weber . . . The authors treat both societies sympathetically and realistically, with human vices and virtues evenly distributed."—Publishers Weekly

Imagine a room full of wine, women, lingerie, and adult novelties. Inevitably, the conversation turns to men, how much we can love them, and how much we can hate them. After over twenty years of selling lingerie and adult novelties via home party plan, I have finally written some of the most amazing stories of revenge as told to me, no holds barred. First and foremost, I do not condone or judge any of these actions. You should also note that none of the men in these stories required hospitalization. The thought process of these scorned women is incomprehensible to the average mind. There are eighteen stories filled with wild impact in this small book.

Timmy Overton of Austin and Jerry Ray James of Odessa were football stars who traded athletics for lives of crime. The original rebels without causes, nihilists with Cadillacs and Elvis hair, the Overton gang and their associates formed a ragtag white trash mafia that bedazzled Austin law enforcement for most of the 1960s. Tied into a loose network of crooked lawyers, pimps and used car dealers who became known as the "traveling criminals," they burglarized banks and ran smuggling and prostitution rings all over Texas. Author Jesse Sublett presents a detailed account of these Austin miscreants, who rose to folk hero status despite their violent criminal acts.
