A People's History of the Supreme Court

This multimedia platform combines a book and video series that will change the way you study constitutional law. An Introduction to Constitutional Law teaches the narrative of constitutional law as it has developed over the past two centuries. All students—even those unfamiliar with American history—will learn the essential background information to grasp how this body of law has come to be what it is today. An online library of sixty-three videos (access codes provided with purchase of the book) brings the Supreme Court's one hundred most important decisions to life. These videos are enriched by photographs, maps, and even audio from the Supreme Court. The book and videos are accessible for all levels: law school, college, high school, home school, and independent study. Students can read and watch these materials before class to prepare for lectures or study after class to fill

in any gaps in their notes. And, come exam time, students can watch the entire canon of constitutional law in about twelve hours.

High Court Case Summaries on Contracts Keyed to Burton

Both historically and in the present, the Supreme Court has largely been a failure. In this devastating book, Erwin Chemerinsky—"one of the shining lights of legal academia" (The New York Times)—shows how, case by case, for over two centuries, the hallowed Court has been far more likely to uphold government abuses of power than to stop them. Drawing on a wealth of rulings, some famous, others little known, he reviews the Supreme Court's historic failures in key areas, including the refusal to protect minorities, the upholding of gender discrimination, and the neglect of the Constitution in times of crisis, from World War I through 9/11. No one is better suited to make this case than Chemerinsky. He has studied, taught, and practiced constitutional law for thirty years and has argued before the Supreme Court. With passion and eloquence, Chemerinsky advocates reforms that could make the system work better, and he challenges us to think more critically about the nature of the Court and the fallible men and women who sit on it.

High Court Case Summaries on Constitutional Law

Stone's High Court Case Summaries on Constitutional Law, 5th edition contain well-prepared briefs for each major case in Stone's casebook on Constitutional Law. High Court briefs are written to present the essential facts, issue, decision and rationale for each case in a clear, concise manner. While prepared briefs can never substitute for the insight gained by actually reading a case, these briefs will help readers to identify, understand, and absorb the core "take away" knowledge from each case. Moreover, these briefs are followed by a useful legal analysis, which provides extra tips and contextual background about each case, connecting the case to the broader concepts being developed throughout the casebook. This book also supplies case vocabulary, which defines new or unusual legal words found throughout the cases. Finally, to enhance the reader's recall, there is a corresponding memory graphic for each brief that portrays an entertaining visual representation of the relevant facts or law of the case.

Fight of the Century

Sullivan's High Court Case Summaries on Constitutional Law, 17th contain well-prepared briefs for each major case in this casebook. High Court briefs are written to present the essential facts, issue, decision and rationale for each case in a clear, concise manner. While prepared briefs can never substitute for the insight gained by actually reading a case, these briefs will help readers to identify, understand, and absorb the core "take away" knowledge from each case. Moreover, these briefs are followed by a useful legal analysis, which provides extra tips and contextual background about each case, connecting the case to the broader concepts being developed throughout the casebook. This book also supplies case vocabulary, which defines new or unusual legal words found throughout the cases. Finally, to enhance the reader's recall, there is a corresponding memory graphic for each brief that portrays an entertaining visual representation of the relevant

facts or law of the case.

The Most Dangerous Branch

Torts

A comprehensive history of the people and cases that have changed history, this is the definitive account of the nation's highest court. Recent changes in the Supreme Court have placed the venerable institution at the forefront of current affairs, making this comprehensive and engaging work as timely as ever. In the tradition of Howard Zinn's classic *A People's History of the United States*, Peter Irons chronicles the decisions that have influenced virtually every aspect of our society, from the debates over judicial power to controversial rulings in the past regarding slavery, racial segregation, and abortion, as well as more current cases about school prayer, the Bush/Gore election results, and "enemy combatants." To understand key issues facing the supreme court and the current battle for the court's ideological makeup, there is no better guide than Peter Irons. This revised and updated edition includes a foreword by Howard Zinn. "A sophisticated narrative history of the Supreme Court . . . [Irons] breathes abundant life into old documents and reminds readers that today's fiercest arguments about rights are the continuation of the endless American conversation." -*Publisher's Weekly* (starred review)

High Court Case Summaries on Criminal Law, Keyed to Dressler

First published in 1954, this indispensable reference quickly became the gold standard for concise summaries of important U.S. Supreme Court cases. The only reference guide to Supreme Court cases organized both topically and chronologically within chapters so that readers understand how cases fit into a historical context, the 15th edition has been extensively revised to ensure that it remains the most up-to-date resource available. An essential resource for law students, lawyers, and everyone interested in our nation's Constitution and the Supreme Court decisions that explicate it.

High Court Case Summaries on Evidence

This title contains briefs for each major case in Dressler's casebook on Criminal Law, 5th. The briefs present the essential facts, issue, decision, and rationale for each case in a clear, concise manner. While prepared briefs can never substitute for the insight gained by actually reading a case, these briefs will help readers to identify, understand, and absorb the core knowledge from each case. They are followed by a useful legal analysis. The book also supplies case vocabulary and a corresponding memory graphic for each brief, providing a visual representation of the relevant facts or law of the case.

High Court Case Summaries

Taking us inside the secret world of the Supreme Court, [this book] is an incisive look at how the justices undermine the rule of the other branches of government--and how we've come to accept it at our peril. Never before has the Supreme Court been more central in American life. It is the nine justices who too often now decide the controversial issues of our time--from abortion and same-sex marriage to gun control, campaign finance, and voting rights. The Court is so crucial that many voters in 2016 made their choice for president based on whom they thought their candidate would name to the Court. Donald Trump picked Neil Gorsuch--the key decision of his new administration. The next justice--replacing Anthony Kennedy--will be even more important, holding the swing vote over so much social policy. Is that really how democracy is supposed to work? Based on exclusive interviews with the justices and dozens of their law clerks, prize-winning legal journalist David A. Kaplan provides fresh details about life behind the scenes at the Court--Clarence Thomas's simmering rage, Antonin Scalia's death, Ruth Bader Ginsburg's celebrity, Breyer Bingo, the petty feuding between Gorsuch and the chief justice, and what John Roberts thinks about his critics. In the bestselling tradition of *The Nine* and *The Brethren*, Kaplan presents a sweeping narrative of the justices' aggrandizement of power over the decades--from *Roe v. Wade* to *Bush v. Gore* to *Citizens United* to the rulings of the 2017-18 term. But the

arrogance of the Court isn't partisan: Conservative and liberal justices alike are guilty of overreach. Challenging conventional wisdom about the Court's transcendent power, [this book] is sure to rile both sides of the political aisle."--Dust jacket.

In the Courts of the Conquerer

The American Civil Liberties Union partners with award-winning authors Michael Chabon and Ayelet Waldman in this “forceful, beautifully written” (Associated Press) collection that brings together many of our greatest living writers, each contributing an original piece inspired by a historic ACLU case. On January 19, 1920, a small group of idealists and visionaries, including Helen Keller, Jane Addams, Roger Baldwin, and Crystal Eastman, founded the American Civil Liberties Union. A century after its creation, the ACLU remains the nation’s premier defender of the rights and freedoms guaranteed by the Constitution. In collaboration with the ACLU, authors Michael Chabon and Ayelet Waldman have curated an anthology of essays “full of struggle, emotion, fear, resilience, hope, and triumph” (Los Angeles Review of Books) about landmark cases in the organization’s one-hundred-year history. *Fight of the Century* takes you inside the trials and the stories that have shaped modern life. Some of the most prominent cases that the ACLU has been involved in—*Brown v. Board of Education*, *Roe v. Wade*, *Miranda v. Arizona*—need little introduction. Others you may never even have heard of, yet their outcomes quietly defined the world we live in now. Familiar or little-known, each case springs to vivid life in the hands of the acclaimed writers who dive into the history, narrate their personal experiences, and debate the questions at the heart of each issue. Hector Tobar introduces us to Ernesto Miranda, the felon whose wrongful conviction inspired the now-iconic Miranda rights—which the police would later read to the man suspected of killing him. Yaa Gyasi confronts the legacy of *Brown v. Board of Education*, in which the ACLU submitted a friend-of-the-court brief questioning why a nation that has sent men to the moon still has public schools so unequal that they may as well be on different planets. True to the ACLU’s spirit of principled dissent, Scott Turow offers a blistering critique of the ACLU’s stance on campaign finance. These powerful stories, along with essays from Neil Gaiman, Meg Wolitzer, Salman Rushdie, Ann Patchett, Viet Thanh Nguyen, Louise Erdrich, George Saunders, and many more, remind us that the issues the ACLU has engaged over the past one hundred years remain as vital as ever today, and that we can never take our liberties for granted. Chabon and Waldman are donating their advance to the ACLU and the contributors are forgoing payment.

High Court Case Summaries on Wills, Trusts, and Estates

Now in paperback, an important account of ten Supreme Court cases that changed the fate of Native Americans, providing the contemporary historical/political context of each case, and explaining how the decisions have adversely affected the cultural survival of Native people to this day.

High Court Case Summaries on Constitutional Law

US Supreme Court Doctrine in the State High Courts challenges theoretical and empirical accounts about how state high courts use US Supreme Court doctrine and precedent. Michael Fix and Benjamin Kassow argue that theories that do not account for the full range of ways in which state high courts can act are, by definition, incomplete. Examining three important precedents – *Atkins v. Virginia*, *Lemon v. Kurtzman*, and *DC v. Heller/McDonald v. Chicago* – Fix and Kassow find that state high courts commonly ignore Supreme Court precedent for reasons of political ideology, path dependence, and fact patterns in cases that may be of varying similarity to those found in relevant US Supreme Court doctrine. This work, which provides an important addition to the scholarly literature on the impact of Supreme Court decisions, should be read by anyone interested in law and politics or traditional approaches to the study of legal decision-making.

High Court Case Summaries on Evidence

In this provocative and insightful book, constitutional scholar and journalist Garrett Epps reviews the key decisions of the 2013-2014 Supreme Court term through the words of the nation's nine most powerful legal authorities. Epps succinctly outlines one opinion or dissent from each of the justices during the recent term, using it to illuminate the political and ideological views that prevail on the Court. The result is a highly readable summary of the term's most controversial cases as well as a probing investigation of the issues and personalities that shape the Court's decisions. Accompanied by a concise overview of Supreme Court procedure and

Download Free High Court Case Summaries On Contracts Keyed To Burton 3rd

brief case summaries, American Justice 2014 is an engaging and instructive read for seasoned Court-watchers as well as legal novices eager for an introduction to the least-understood branch of government. This revealing portrait of a year in legal action dramatizes the ways that the Court has come to reflect and encourage the polarization that increasingly defines American politics.

High Court Case Summaries on Torts, Keyed to Franklin, 9th

Written in the student-friendly style that characterizes Chemerinsky's Constitutional Law casebook, Criminal Procedure features cases, minor cases, and author-written essays while omitting both notes in the form of rhetorical questions and excerpts from law review articles. The chronological organization moves through the criminal justice process, from investigation to habeas corpus. Dynamic text guides students through understanding the law with tightly-edited cases, samples of legal pleadings arguing the issues, and perspectives from prosecutors, defense, counsel, judges, police, and victims alike. Each chapter has a consistent, systematic approach, beginning with an introduction laying out the nature of the issue, followed by a discussion on the history and development of the law. Then, examples of recent and seminal cases reveal how key criminal procedure issues

have been raised, and an analytic approach toward resolving each issue shows what worked and why. The Second Edition has been thoroughly updated and provides analysis of the impact of important recent decisions, such as *Arizona v. Gant*, *Herring v. U.S.*, *Berghuis v. Thompkins*, *Maryland v. Shatzer*, *Montejo v. Louisiana*, *Perry v. New Hampshire*, *Frye v. Missouri*, *Lafler v. Cooper*, and *Williams v. Illinois*. In addition, the Second Edition examines new decisions affecting right to counsel, right to fair trial, and habeas corpus law. New supplemental handouts and practice materials are available on the companion website. Features: Written in the approachable style of Chemerinsky's Constitutional Law casebook features cases and minor cases offers author-written essays omits both notes in the form of rhetorical questions and excerpts from law review articles Organized chronologically through the criminal justice process from investigation through habeas corpus Dynamic text guides students through understanding the law tightly-edited cases samples of legal pleadings arguing the issues perspectives from prosecutors, defense, counsel, judges, police, and victims Consistent systematic approach to topics in each chapter an introduction laying out the nature of the issue discussion of the history and development of the law examples of recent and seminal cases that raise key criminal procedure issues analytic approach toward resolving a specific legal issue what worked and why Thoroughly updated, the revised Second Edition presents: Analysis of the impact of recent decisions *Arizona v. Alabama* Examination of new decisions' effects right to counsel right to fair trial habeas corpus law

Exam Prep for: High Court Case Summaries on Business

One of America's great miscarriages of justice, the Supreme Court's infamous 1927 *Buck v. Bell* ruling made government sterilization of "undesirable" citizens the law of the land New York Times bestselling author Adam Cohen tells the story in *Imbeciles* of one of the darkest moments in the American legal tradition: the Supreme Court's decision to champion eugenic sterilization for the greater good of the country. In 1927, when the nation was caught up in eugenic fervor, the justices allowed Virginia to sterilize Carrie Buck, a perfectly normal young woman, for being an "imbecile." It is a story with many villains, from the superintendent of the Dickensian Virginia Colony for Epileptics and Feebleminded who chose Carrie for sterilization to the former Missouri agriculture professor and Nazi sympathizer who was the nation's leading advocate for eugenic sterilization. But the most troubling actors of all were the eight Supreme Court justices who were in the majority - including William Howard Taft, the former president; Louis Brandeis, the legendary progressive; and Oliver Wendell Holmes, Jr., America's most esteemed justice, who wrote the decision urging the nation to embark on a program of mass eugenic sterilization. Exposing this tremendous injustice--which led to the sterilization of 70,000 Americans--*Imbeciles* overturns cherished myths and reappraises heroic figures in its relentless pursuit of the truth. With the precision of a legal brief and the passion of a front-page exposé, Cohen's *Imbeciles* is an unquestionable triumph of American legal and social history, an ardent accusation against these acclaimed men and our own optimistic faith in progress.
