Elements of Writing

The backbone of Henle Latin Second Year is intensive language study, including review of the first year plus new materials. Separated into four parts, Henle Latin Second Year includes readings from Caesar's Commentaries, extensive exercises, and Latin-English vocabularies. Humanistic insight and linguistic training are the goals of the Henle Latin Series from Loyola Press, an integrated four-year Latin course. Time-tested and teacher endorsed, this comprehensive program is designed to lead the student systematically through the fundamentals of the language itself and on to an appreciation of selected classic texts.

Elements of Language

English Grammar for Today seeks to promote the study of grammar in the English curriculum. It takes a new approach which gives weight not only to analytical skills but also to the integration of English grammar with other linguistic skills such as composition and comprehension.

Handbook of Research in Second Language Teaching and Learning

This classic book is intended for use in which the practice of composition is combined with the study of literature, it gives in brief space the principal requirements of plain English style and concentrates attention on the rules of usage and principles of composition most commonly violated.

The Holt Handbook

Holt Handbook

Reading Images provides the first systematic and comprehensive account of the grammar of visual design. By looking at the formal elements and structures of design the authors examine the ways in which images communicate meaning.

The Elements of Style

Designed for middle school teachers and students in California. Offer teachers and students a method to focus on the written and oral language convention required by the standards--to provide an effective way to teach and learn grammar, usage, and mechanics skills.

Glossary of English Grammar

Warriner's Handbook

Using Functional Grammar

Principles and Practice in Second Language Acquisition

A Glossary of English Grammar presents a wide range of terms used to describe the way the English language is structured. Grammatical terms can be a problem for students, especially when there are alternative names for the same thing (for example, 'past tense' and 'preterite'). This book therefore provides a basic and accessible guide, focusing on the English language. Definitions of grammatical terms are given in simple language, with clear examples, many from authentic texts and spoken sources, showing how they are used. The terms used in the Comprehensive Grammar of the English Language are widely seen as standard, and form the basis of grammatical terminology in this book. At the same time, this glossary does not neglect other variants of English grammar, such as that of Huddleston and Pullum's influential Cambridge Grammar of the English Language, whose most important terms are also covered here. This book is indispensable for anyone wishing to understand present-day terminology of English grammar more fully.

ENGLISH GRAMMAR AND COMPOSITION

This textbook is designed to help [the reader] master the skills required for the effective use of standard English. Beginning with the basics in grammar, usage, and mechanics each chapter provides [the reader] with instruction and practice in specific skills. The numerous exercises throughout the book enable[s the reader] to check [his] understanding of important concepts, rules, and guidelines. In addition, various writing exercises and activities offer [the reader] opportunities to apply what [he has] learned. - To the student.

Holt Handbook

Recent SLA research recognizes the necessity of attention to grammar and demonstrates that form-focused instruction is especially effective when it is incorporated into a meaningful communicative context. Designed specifically for second-language teachers, this text identifies and explores the various options for integrating a focus on grammar and a focus on communication in classroom contexts and offers concrete examples of teaching activities for each option. Each chapter includes a description of the option, its theoretical and empirical background, examples of activities illustrating in a non-technical manner how it can be implemented in the classroom, questions for reflection, and a list of useful resources that teachers can consult for further information.

Holt Traditions Warriner's Handbook

Holt Handbook-language And Sentence Skills Practice-second Course

Volume 2 is an essential resource for researchers, faculty, teachers, and students in MA-TESL and applied linguistics programs, as well as curriculum and material developers.

Proofreading, Revising & Editing Skills Success in 20 Minutes a Day

Holt Handbook, First Course

"Fundamentals of Sport Marketing" has long been the premier textbook in its field, and this updated, expanded fourth edition once again delivers superior content for aspiring sport marketers. As the most contemporary, comprehensive text of its kind, Fundamentals of Sport Marketing, 4th Edition, is a must-have resource for current data, trends, and concepts critical to success in the ever-changing world of sport. Students just beginning to explore their options in the sporting industry will gain a firm foundational understanding of sport marketing principles and strategies. As they explore the text, they will encounter a broad range of topics, including in-depth analyses of marketing mix components, media relations in sport, and use of licensing and logos in the sport industry. A brand-new chapter covers social media and its increasing impact on sport marketing. The authors, Dr Brenda Pitts and Dr David K Stotlar are internationally well-known experts in the sport industry. Their extensive experience both consulting and working in the field allows them to share their unique insights with the newest generation of sport marketers.

California Holt Literature and Language Arts: Holt Handbook

California Holt Literature and Language Arts: Holt Handbook

Holt Traditions Warriner's Handbook

The present volume examines the relationship between second language practice and what is known about the process of second language acquisition, summarising the current state of second language acquisition theory, drawing general conclusions about its application to methods and materials and describing what characteristics effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment, exotic new methods, or sophisticated language analysis, but rather in the full utilisation of the most important resources - native speakers of the language - in real communication.

The Holt Reader - 2nd Course

English Composition and Grammar

Lakota Grammar Handbook

Teaching Grammar in Second Language Classrooms

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those

who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.
