Threads Magazine

The events of your life, from local walks to exotic trips, can provide endless inspiration for textile art. This inspiring book shows you how to record your experiences, using sketchbooks, journals and photography, to create personal narratives that can form a starting point for more finished stitched-textile pieces. Acclaimed textile artist and teacher Cas Holmes, whose work is often inspired by her life and the journeys she makes, helps you find inspiration through your own life and explains how to record what you see in sketchbooks and journals, which can often become beautiful objects in themselves. She explains how you can use photography, both as documentation and as inspiration, and sometimes incorporate it into the work itself, along with found objects and ephemera. Throughout the book are useful techniques that can be harnessed to add extra interest to your work, such as methods for making layered collages, how to 'sketch' with stitch, and advice on design and colour. If you want to create beautiful, unique work inspired by your life and travels, this is the perfect book for you.

One Block Wonders

Some Prominent Swedish Companies

The second in a series of highly practical, hands-on, step-by-step photographic manuals, *Upgrading Your Boat's Interior* fills a gap in the market for the DIY boat builder and repairer. It is a subject covered only in piecemeal fashion by the yachting press, which, like general boat maintenance and repair manuals, can't go into the level of detail Mike Westin does. This is a visual, hand-holding guide, dwelling on the practical details of upgrading every aspect of a tired boat's interior and related systems as it explains each procedure rather than focussing on the theory (which is relegated to an appendix, for those who

wish to go further). It's surprising how a few simple renovations and upgrades can transform the look and comfort of a cabin. Anyone planning to attempt these projects will find this photographic step-by-step book a hand-holding godsend.

Serger Secrets

Kim Rich was an ordinary girl trapped in an extraordinary childhood, someone who dreamed of going to parties and getting good grades while living in an after-hours hell of pimps and con men. Kim Rich longed for normalcy, yet she was inescapably her father's child, and she had no choice but to grow up fast. Her mother was a stripper and B-girl; her father was a major player in the underworld of Anchorage, Alaska in the sixties, a city flush with newfound oil money. Only after her father was gruesomely murdered and Kim became a journalist was she able to fill in the missing pieces of one American dream gone horribly wrong. Kim's true story is a tale of a woman's search for her parent's secrets. What she finds is both shocking and tragic, but in the end she's able to discover her true self amid the remnants of her parents' lost lives.

A hilarious collection of stories from the writer The New York Times called "the novelist of his generation" Returning to the form in which he began, Sam Lipsyte, author of the New York Times bestseller *The Ask*, offers up *The Fun Parts*, a book of bold, hilarious, and deeply felt fiction. A boy eats his way to self-discovery while another must battle the reality-brandishing monster preying on his fantasy realm. Meanwhile, an aerobics instructor, the daughter of a Holocaust survivor, makes the most shocking leap imaginable to save her soul. These are just a few of the stories, some first published in *The New Yorker*, *The Paris Review*, or *Playboy*, that unfold in Lipsyte's richly imagined world. Other tales feature a grizzled and possibly deranged male birth doula, a doomsday hustler about to face the multi-universal truth of "the real-ass jumbo," and a tawdry glimpse of the northern New Jersey high school shot-putting circuit, circa 1986. Combining both the tragicomic dazzle of his beloved novels and the compressed vitality of his classic debut collection, *The Fun Parts* is Lipsyte at his best—an exploration of new voices and vistas from a writer *Time* magazine has said "everyone should read."
