A double festive treat for Christmas, bringing together two of Anne Perry's spellbinding seasonal novellas in one special edition. *A Christmas Journey*: A tranquil weekend party in early December at a magnificent country house is shattered by a suspicious death. Taking a leading role in the ensuing investigation is one of the most beloved characters from Anne Perry's Thomas Pitt series: Lady Vespasia Cumming-Gould. When Gwendolen Kilmuir's body is found in the lake in the gardens of the estate, it appears she jumped from the bridge. The host, Omegus Jones and Vespasia decide to find who or what might have led Gwendolen to resort to such an extreme measure. They vow to make the guilty party seek forgiveness and expiation through the task of taking a sealed letter written by Gwendolen before her death to her mother up in the north of Scotland. The journey will be both physically and emotionally arduous but will bring answers to some unexpected and profound questions. *A Christmas Visitor*: Henry Rathbone, one of the engaging characters from Anne Perry's William Monk series, arrives to spend Christmas at a family manor house near Ullswater, but his host, Judah Dreghorn, has slipped while crossing a stream in the grounds of the estate and drowned. Not only this, but Ashton Gower, recently released from prison, is slandering Judah's name, claiming that his family rightfully owns the estate and that the forged deeds for which he was jailed were in fact genuine. We live in a reactionary culture where divisive issues arise, people on either side throw stones, and everyone ends up more entrenched in their opinions than in reaching common ground--or even exhibiting common courtesy! If there ever was a time for Christians to understand and communicate God's truth about controversial and polarizing issues, it is now. Believers must develop convictions based on research, reason, and biblical truth--and be able (and willing) to communicate these convictions with a love and respect that reflects God's own heart. In Culture Shock, bestselling author, pastor, and radio personality Chip Ingram shows readers how they can bring light rather than heat to the most controversial and divisive issues of our day. Covering topics such as right and wrong, sex, homosexuality, abortion, politics, and the environment, Culture Shock is every engaged believer's must-have guidebook to replacing reactionary hate with revolutionary love.

Most people vaguely imagine Andrew Jackson as a jaunty warrior and a man of the people, but he was much more—a man just as complex and controversial as Jefferson or Lincoln. Now, with the first major reinterpretation of his life in a generation, historian Andrew Burstein brings back Jackson with all his audacity and hot-tempered rhetoric. The unabashedly aggressive Jackson came of age in the Carolinas during the American Revolution, migrating to Tennessee after he was orphaned at the age of fourteen. Little more than a poorly educated frontier bully when he first opened his public career, he was possessed of a controlling sense of honor that would lead him into more than one duel. As a lover, he fled to Spanish Mississippi with his wife-to-be before she was divorced. Yet when he was declared a national hero upon his stunning victory at the Battle of New Orleans, Jackson suddenly found the presidency within his grasp. How this brash frontiersman took Washington by storm makes a fascinating story, and Burstein tells it thoughtfully and expertly. In the process he reveals why Jackson was so fiercely loved (and fiercely hated) by the American people, and how his presidency came to shape the

young country's character. From the Trade Paperback edition.
