Bodies in the Thousands - impossible to Count. Battle of the People - Wrath, Scourge of God . Phrases, Reminders - at one time very real. Empires come and go . It's heroics that ought to be retold - knights and ladies with honor. They certainly did and still do - live. Rick, a part time college student, has come to realize earth is hurting and time of the essence. All devouring want, unreasoned, is greed. He is fearful, yet "called" to Quest.

Dreams can be fun and adventurous, but also frightening and distorted, and still again, they can be an endless combination of both. From spitting teeth out (a sign of aging), to creepy, crawly spiders (a sign that one feels like an outsider), dreams can mean much more to us once we learn how to decipher their hidden meanings. Whether positive or negative, *The Dictionary of Dreams: every meaning interpreted* gives you all the tools, symbols, and their true meanings to translate our cryptic nightly images. Starting with selections from classic texts like *Interpretation of Dreams* by Sigmund Freud, the father of psychoanalysis, and *10,000 Dreams Interpreted* by Gustavus Hindman Miller, one of the first authors to complete a thorough study of all the symbols that appear in our dreamscape, this updated edition with a board of popular psychics and mediums will feature 5,000 revisions (such as cell phones, computers, televisions, and more) of Miller's original interpretations to bring the book up to speed with our modern life.

Among The Village Voices 25 Favorite Books of 2006 Winner of the 2007 AAUP Book, Jacket, and Journal Show in the Trade Illustrated Book Design category. Sometime after Andy Warhol's heyday but before Soho became a tourist trap, a group of poets, punk rockers, guerilla journalists, graffiti artists, writers, and activists transformed lower Manhattan into an artistic scene so diverse it became known simply as "Downtown." Willfully unpolished and subversively intelligent, figures such as Spalding Gray, Kathy Acker, Richard Hell, David Wojnarowicz, Lynne Tillman, Miguel Piñero, and Eric Bogosian broke free from mainstream publishing to produce a flood of fiction, poetry, experimental theater, art, and music that breathed the life of the street. The first book to capture the spontaneity of the Downtown literary scene, *Up Is Up, But So Is Down* collects more than 125 images and over 80 texts that encompass the most vital work produced between 1974 and 1992. Reflecting the unconventional genres that marked this period, the book includes flyers, zines, newsprint weeklies, book covers, and photographs of people and the city, many of them here made available to readers outside the scene for the first time. The book's striking and quirky design—complete with 2-color interior—brings each of these unique documents and images to life. Brandon Stosuy arranges this hugely varied material chronologically to illustrate the dynamic views at play. He takes us from poetry readings in Alphabet City to happenings at Darinka, a Lower East Side apartment and performance space, to the St. Mark's Bookshop, unofficial crossroads of the counterculture, where home-printed copies of the latest zines were sold in Ziploc bags. Often attacking the bourgeois irony epitomized by the *New Yorker's* short fiction, Downtown writers played ebulliently with form and content, sex and language, producing work that depicted the underbelly of real life. With an afterword by Downtown icons Dennis Cooper and Eileen Myles, *Up Is Up, But So Is Down* gathers almost twenty years of New York City's smartest and most explosive—as well as hard to find—writing, providing an indispensable archive of one of the most exciting artistic scenes in U.S. history.

"All You Need is Less is about realistically adopting an eco-friendly lifestyle without either losing your mind from the soul-destroying guilt of using a plastic bag because you forgot your reusable ones in the trunk of your car (again), or becoming a preachy know-it-all whom everyone loathes from the tips of her organically-shampooed hair to the toes of her naturally sourced recycled sandals. It's all gotten kind of complicated, hasn't it? These days you're not 'green' enough unless you quit your day job and devote your entire life to attaining an entirely carbon neutral lifestyle or throw out all of your possessions

and replace them with their new 'green' alternatives. This whole eco-friendly thing seems to have devolved into a horrific cycle of guilt, shaming and one-upping, and as a result people are becoming exhausted and getting annoyed and, oh my god, we are living in a world where one of my grocery bags says 'This reusable bag makes me better than you.' It doesn't have to be this way. It is possible to take easy baby-steps towards a more earth-friendly lifestyle without stress, guilt, or judgy eco-shaming. Top eco blogger Madeleine Somerville is here with really original ideas on how to save money and the planet. Her ideas are even fun! Somerville has emerged as the voice of reason on urban homesteading that is stress-free, sanity-based and above all do-able"--
