Firings from the Fox Hole, takes you on a written, chronological journey through some of the darkest days of World War II. A young infantryman, Bronze Star Medallist, Angelo A. DiLisio, becomes the war's most prolific letter writer, as he uses the medium to keep in touch with his family back home. Injury and illness, fear and duty, this book will recount a war experience through the eyes of a young, American soldier. His hand wrote well and often, but he could not always describe many of the horrors of war that his eyes beheld. Let us now embark on a written journey, spanning almost a two-year period, encompassing some of the darkest days this world has ever known. As your guide, an eighteen-year old American infantryman far from home.

THE FOX'S KISS

Many fairy tales begin with once upon a time. Most fairy tales start with a princess that has had something tragic happen in her young life. Their father passed away and there stuck with their evil step mother. They've been cursed and not able to leave the tower. The only way to solve all their life problems is to kiss a prince and live happily ever after. Which, in my opinion, is sexist. Sometimes the girl can be a hero. But this fairy tale doesn't start with a princess or once upon the time. It starts with the moon.

Cossack Fairy Tales and Folk-tales

tragic citizens we meet the crafty, spirited Caleb and his curious younger brother; Pearl, a suspected witch, and her sheltered daughter, Thanie; superstitious Eli; and the doomed orphan Girty. In Sourwood, the mountain is both a keeper of secrets and an imposing, isolating presence, shaping the lives of all who live in its shadow. Strong in both the voice and sensibilities of Appalachia, the stories in Miss America Kissed Caleb are at turns heartbreaking and hilarious. In the title story, young Caleb turns over his hard-earned dime to the war effort when he receives a coaxing kiss from Miss America, who sweeps into Sourwood by train, "pretty as a night moth." Caleb and his brother share in the thrills and uncertainties of growing up, making an accidental visit to a brothel in "Fourth of July" and taming a "high society" pooch in "The Jimson Dog." These stories invoke a place and a time that have long passed -- a way of living nearly extinct -- yet the beauty of the language and the truth revealed in the characters' everyday lives continue to resonate with modern readers.

The Story of George Fox

The Fox Woman is a powerful first novel, singing with lyrical prose and touching the deepest emotions. A historically accurate fantasy, it gives us a glimpse into, and an understanding of, the history that shaped the people of one of our world's

greatest nations. But it is also a story about people trying to understand each other and the times they live in, people trying to see through illusions to confront the truth of who they are. Kij Johnson has created an achingly beautiful love story, a fable wrapped in smoke and magic set against the fabric of ancient Japan. Johnson brings the setting lovingly to life, describing a world of formalities and customs, where the exchange of poetry is a form of conversation and everything has meaning, from the color of the silks one wears to how one may address others. Yoshifuji is a man fascinated by foxes, a man discontented and troubled by the meaning of life. A misstep at court forces him to retire to his long-deserted country estate, to rethink his plans and contemplate the next move that might return him to favor and guarantee his family's prosperity. Kitsune is a young fox who is fascinated by the large creatures that have suddenly invaded her world. She is drawn to them and to Yoshifuji. She comes to love him and will do anything to become a human woman to be with him. Shikujo is Yoshifuji's wife, ashamed of her husband, yet in love with him and uncertain of her role in his world. She is confused by his fascination with the creatures of the wood, and especially the foxes that she knows in her heart are harbingers of danger. She sees him slipping away and is determined to win him back from the wild for all that she has her own fox-related secret. Magic binds them all. And in the making (and breaking) of oaths and honors, the patterns of their lives will be changed forever. I Kissed Dating Goodbye

A collection of essays from the author of *Tamed by a Bear* that “will make you think about life and nature in a different way” (Temple Grandin, author of *Animals in Translation*). For Priscilla Stuckey, a fundamental and heartbreaking misconception running through Western culture is that nature can be fixed, exploited, or simply ignored. Modern societies try to bend nature to human will instead of engaging in give-and-take with a living, breathing land community. Using her personal experiences as the cornerstone, Stuckey explores the depth of relationship possible with the birch tree in our backyard, the nearby urban creek, the dog who settles on our bed each night. Drawing inspiration from sources as varied as ancient philosophers and contemporary biologists, Stuckey challenges readers to enact a different story of nature, one in which people and place are not separate, where other creatures respond to human need, and where humans and all others together create the world. With the eloquence of the great nature writers before her, Stuckey encourages us to open ourselves to the unlimited possibilities of a truly connected life. “A tenderly woven collection of essays that blend personal reflections with spirituality, philosophy, animal behaviorism, evolution, geology and ecology . . . [An] entertaining and emotionally resonant book.” —Publishers Weekly “Stuckey’s book does make you look differently at the things around you . . . That is her point—for us to finally see nature, to remember to take in that beauty as we saunter by . . . It’s a book about hope.” —Seattle Star
