He Is My All

What do Scott Joplin, John Grisham, Gen. Douglas MacArthur, Maya Angelou, Brooks Robinson, Helen Gurley Brown, Johnny Cash, Alan Ladd, and Sonny Boy Williamson have in common? They're all Arkansans. What do hillbillies, rednecks,

slow trains, bare feet, moonshine, and double-wides have in common? For many in America these represent Arkansas more than any Arkansas success stories do. In 1931 H. L. Mencken described AR (not AK, folks) as the “apex of moronia.” While, in 1942 a Time magazine article said Arkansas had “developed a mass inferiority complex unique in American history.” Arkansas/Arkansaw is the first book to explain how Arkansas’s image began and how the popular culture stereotypes have been perpetuated and altered through succeeding generations. Brooks Blevins argues that the image has not always been a bad one. He discusses travel accounts, literature, radio programs, movies, and television shows that give a very positive image of the Natural State. From territorial accounts of the Creole inhabitants of the Mississippi River Valley to national derision of the state’s triple-wide governor’s mansion to Li’l Abner, the Beverly Hillbillies, and Slingblade, Blevins leads readers on an entertaining and insightful tour through more than two centuries of the idea of Arkansas. One discovers along the way how one state becomes simultaneously a punch line and a source of admiration for progressives and social critics alike.

J. M. Adovasio has spent the last thirty years at the center of one of our most fiery scientific debates: Who were the first humans in the Americas, and how and when did they get there? At its heart, *The First Americans* is the story of the revolution in thinking that Adovasio and his fellow archaeologists have brought about, and the firestorm it has ignited. As he writes, "The work of lifetimes has been put at risk,

reputations have been damaged, an astounding amount of silliness and even profound stupidity has been taken as serious thought, and always lurking in the background of all the argumentation and gnashing of tenets has been the question of whether the field of archaeology can ever be pursued as a science.”

Citroen Saxo Service and Repair Manual

In this pathbreaking book, Amy Zegart provides the first scholarly examination of the intelligence failures that preceded September 11. Until now, those failures have been attributed largely to individual mistakes. But Zegart shows how and why the intelligence system itself left us vulnerable. Zegart argues that after the Cold War ended, the CIA and FBI failed to adapt to the rise of terrorism. She makes the case by conducting painstaking analysis of more than three hundred intelligence reform recommendations and tracing the history of CIA and FBI counterterrorism efforts from 1991 to 2001, drawing extensively from declassified government documents and interviews with more than seventy high-ranking government officials. She finds that political leaders were well aware of the emerging terrorist danger and the urgent need for intelligence reform, but failed to achieve the changes they sought. The same forces that have stymied intelligence reform for decades are to blame: resistance inside U.S. intelligence agencies, the rational interests of politicians and career bureaucrats, and core aspects of our democracy such as the fragmented structure of the federal government. Ultimately failures of adaptation led to failures of performance. Zegart reveals how longstanding organizational weaknesses left unaddressed during the 1990s prevented the CIA and FBI from capitalizing on twenty-three opportunities to disrupt the September 11 plot. Spying Blind is a sobering account of why two of America's most important intelligence agencies failed to adjust to new threats after the Cold War, and why

they are unlikely to adapt in the future.

As his ex-wife Jenn is about to marry a Dallas real-estate tycoon, Jesse isn't too sure his relationship with former FBI agent Diana Evans is built to last. But those concerns get put on the back burner when a major Boston crime boss is brutally murdered. Despite all evidence to the contrary, Jesse suspects it's the work of Mr. Peepers, a psychotic assassin who has caused trouble for Jesse in the past. Peepers has long promised revenge against the mob, Jesse, and Suit for their roles in foiling one of his hits--and against Jenn as well. And though Jesse and Jenn have long parted ways, Jesse still feels responsible for her safety. Jesse and Diana head to Dallas for the wedding and, along with the tycoon's security team, try to stop Peepers before the bill comes due. With Peepers toying with the authorities as to when and where he'll strike, Jesse is up against the wall. Still, there's a debt to pay and blood to be spilled to satisfy it. But whose blood, and just how much?

The Godfather of Tabloid

The Bride Wore Black Leather

They're hard to miss at grocery stores and newsstands in America -- the colorful, heavily illustrated tabloid newspapers with headlines promising shocking, unlikely, and sometimes impossible stories within. Although the papers are now ubiquitous, the supermarket tabloid's origin can be traced to one man: Generoso Pope Jr., an eccentric, domineering chain-smoker who died of a heart attack at age sixty-one. In *The Godfather of Tabloid*, Jack Vitek explores the life and remarkable career of Pope and the founding of the most famous tabloid of all -- the *National Enquirer*. Upon graduating from MIT, Pope worked briefly for the CIA until he purchased the *New York Enquirer* with dubious financial help from mob boss Frank Costello. Working tirelessly and cultivating a mix of American journalists (some of whom, surprisingly, were Pulitzer prize winners) and buccaneering Brits from Fleet Street who would do anything to get a story, Pope changed the name, format, and content of the modest weekly newspaper until it resembled nothing America had ever seen before. At its height, the *National Enquirer* boasted a circulation of more than five million, equivalent to the numbers of the Hearst newspaper empire. Pope measured the success of his paper by the mail it received from readers, and eventually the volume of reader feedback was such that the post office assigned the *Enquirer* offices their own zip code. Pope was skeptical about including too

much celebrity coverage in the tabloid because he thought it wouldn't hold people's interest, and he shied away from political stories or stances. He wanted the paper to reflect the middlebrow tastes of America and connect with the widest possible readership. Pope was a man of contradictions: he would fire someone for merely disagreeing with him in a meeting (once firing an one editor in the middle of his birthday party), and yet he spent upwards of a million dollars a year to bring the world's tallest Christmas tree to the Enquirer offices in Lantana, Florida, for the enjoyment of the local citizens. Driven, tyrannical, and ruthless in his pursuit of creating an empire, Pope changed the look and content of supermarket tabloid media, and the industry still bears his stamp. Grounded in interviews with many of Pope's supporters, detractors, and associates, *The Godfather of Tabloid* is the first comprehensive biography of the man who created a genre and changed the world of publishing forever.

Arkansas/Arkansaw

"This collection contains two plays by Gao Xingjian, winner of the Nobel Prize for Literature 2000. *Escape* was written in 1989 in the wake of the June 4 Student

Movement in Tiananmen Square in Beijing. With the publication of the play, Gao was expelled from the Chinese Communist Party, dismissed from his state appointment and had his house in Beijing confiscated. Perhaps because of this controversy, *Escape* has become the most performed of all of Gao's plays: it has been staged in Sweden, Germany, Belgium, France, Poland, Japan, Ivory Coast, Tunisia, and Canada. Wherever it was staged, it was given a locally relevant interpretation and was well received, which lends credence to Gao's claim of the universality of the play he describes as the tragedy of modern man. *The Man Who Questions Death* is the latest of Gao's plays. It is also one of the most exciting and powerful." -- Book jacket.
