Since the publication of the first edition in 2014, the whisky industry has continued to change. This book provides the reader with an overview of the latest academic research and industry best practice in an accessible and authoritative format. Despite the recession, new distillation capacity has been added at a record pace and new consumers in new markets have entered the arena. Distillers are experimenting with new finishes, packaging and marketing techniques and amongst consumers there is a hunger for knowledge and informed commentary. An entirely new chapter discussing the management and utilization of co-products and recent developments in areas such as anaerobic digestion is included along with revisions and updates to most chapters. Written by acknowledged and experienced authorities of the subject, this book provide an up to date treatment of this fast developing area. Aimed at the popular market, it provides a leading text for students of distilling, industry practitioners, new craft distillers and whisky enthusiasts. Review of the 1st Edition 'The authors have clearly put much effort into this book I enjoyed the book almost as much as I enjoy whisky. Fascinating stuff from cover to cover.' Ian W. Davies, Chromatographia, 2014, 77, 1733-1734 'Sometimes, you come across a book that's so comprehensive that it's worth shouting about.a fascinating book that can be engaged with on numerous levels, even if you aren't a student of distilling. Pop it on the shelf and consult it from time to time over the coming years. This might be the only whisky book you'll ever need.' <http://malt-review.com/2014/08/01/book-review-the-science-and-commerce->

Andrew Jefford's Wine Course

Whisky: Technology, Production and Marketing explains in technical terms, the science and technology of producing whisky, combined with information from industry experts on successfully marketing the product. World experts in Scotch whisky provide detailed insight into whisky production from the processing of raw materials, to the fermentation, distillation, maturation, blending, production of co-products and quality testing, as well as important information on the methodology used for packaging and marketing whisky in the twenty-first century. No other book covers the entire whisky process from raw material to delivery to the market in such a comprehensive manner and with such a high level of technical detail. * Only available work to cover the entire whisky process from raw material to delivery to the market in such a comprehensive manner * Includes a chapter on marketing and selling whisky * Foreword written by Alan Rutherford, former Chairman and Managing Director of United Malt and Grain Distillers Ltd.

The Complete Book of Spirits

Shortly after graduating from University of Glasgow in 1934, Elizabeth “Bessie”

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

Williamson began working as a temporary secretary at the Laphroaig Distillery on the Scottish island Islay. Williamson quickly found herself joining the boys in the tasting room, studying the distillation process, and winning them over with her knowledge of Scottish whisky. After the owner of Laphroaig passed away, Williamson took over the prestigious company and became the American spokesperson for the entire Scotch whisky industry. Impressing clients and showing her passion as the Scotch Whisky Association's trade ambassador, she soon gained fame within the industry, becoming known as the greatest female distiller. *Whiskey Women* tells the tales of women who have created this industry, from Mesopotamia's first beer brewers and distillers to America's rough-and-tough bootleggers during Prohibition. Women have long distilled, marketed, and owned significant shares in spirits companies. Williamson's story is one of many among the influential women who changed the Scotch whisky industry as well as influenced the American bourbon whiskey and Irish whiskey markets. Until now their stories have remained untold.

101 Whiskies to Try Before You Die (Revised & Updated)

Wine, made and drunk locally, has been a part of life in the sunlit Mediterranean basin since ancient times. Now, all the temperate regions of the world produce wine. With that geographical expansion has come a new flowering of aromas and flavours. Socially, too, wine is now accessible to all. Its pleasures are no longer the

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

preserve of a wealthy elite. The first part of the book, The Tools, introduces you to the kit you'll need for tasting and thinking about wine, including different glasses, the varying colours of key wine types and their smell and taste. You'll learn how to choose wine and record your impressions of what you taste. The Elements explains wine's components. Andrew profiles the Magnificent Seven grape varieties: Chardonnay, Sauvignon Blanc, Riesling, Cabernet Sauvignon, Merlot, Syrah and Pinot Noir, plus many more from the extended vine family. He also pictures what happens in the earth and sky as the vine grows, and the role of the winemaker in shaping the finished product. The final part of the book, The Journey, takes you on a tour of the world's wine-producing countries, describing the characteristics of each. If you want to know more about wine's unique sensual pleasures, enrol on Andrew Jefford's Wine Course today.

Whiskey Master Class

This is a reissue edition of the previously published title Peat Smoke and Spirit (9780747245780), published in 2005. 'This is not simply an appreciation of whisky, but a voyage into the history and geography of a tiny Scottish island' Daily Mail Those who discover malt whisky quickly learn that the malts made on the Isle of Islay are some of the wildest and most characterful in the malt-whisky spectrum. In Whisky Island, Islay's fascinating story is uncovered: from its history and stories of the many shipwrecks which litter its shores, to the beautiful wildlife, landscape and

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

topography of the island revealed through intimate descriptions of the austere and beautiful and remote countryside. Interleaved through these different narrative strands comes the story of the whiskies themselves, traced from a distant past of bothies and illegal stills to present-day legality and prosperity. The flavour of each spirit is analysed and the differences between them teased out, as are the stories of the notable men and women who have played such an integral part in their creation.

99 Drams of Whiskey

Hacking Whiskey is the opposite of stuffy, preachy books on how to drink whiskey "the right way." Aaron Goldfarb, the writer behind the most googled article about infinity bottles, has gathered all the whiskey hacks to help readers turn average whiskey into a better-tasting spirit, and have fun while doing it.

Whisky on the Rocks

Discussing the worldwide traditions and innovations associated with the production of distilled spirits, this comprehensive reference emphasizes the importance of continuing to have a supply of high-quality raw materials as modern agricultural practices change. The source material for this study originated in the 2008

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

Worldwide Distilled Spirits Conference, where hundreds of distillers from around the world gathered to share knowledge under the theme of energy, environment, and enlightenment to meet the challenges of the future. Tackling environmental issues and emphasizing the importance of high-quality distilling, this sourcebook is an essential reference for distillers, brewers, research institutes, and anyone with an interest in spirits.

Spirit of Place

In 1885, Alfred Barnard was charged with the task of visiting and reporting on every active Whisky distillery throughout Scotland, Ireland and England. It took him two exhaustive years. In this book you will see the distilleries through his eyes. His detailed descriptions of every step in the distilling process is work that remains unparalleled to this day. But that's only part of the story. As he and his companions traveled the countryside, he fell in love with Scotland and all its grandeur as well as the lush landscapes of Ireland. As you read through this book - presented as an ebook for the very first time - you'll fall in love, as well. Part technical document and part travelogue, you're almost getting two books in one intertwined volume. Granted, this text lacks the visual beauty and splendor of the fine print editions, but the words stand up on their own and will transport you to a Victorian adventure that was, is and always will be one of a kind. This edition does not contain the additional writings of Alfred Barnard that are found in recent print editions, just the

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

text of his original book. There are two additional chapters from his writings giving added detail for Glenglassaugh and Glenfarclas.

Whiskey Women

Discover the secrets of whiskey's aromas and flavors, the stories behind great distilleries, and expert tasting notes in this updated edition originated by one of the most highly respected commentators in the whiskey world, Michael Jackson. From grain to glass, Whiskey tells you everything and anything you'll ever want to know about whiskey, from storing and serving whiskey, to whiskey cocktails, to pairing whiskey with food. In addition to a refreshed design, this updated edition includes the recent names in whiskey today, a new section devoted to American craft distilleries, and the addition of new distilleries from across Europe, Africa, Asia, and Australia.

Davin de Kergommeaux takes readers on a journey through the first systematic presentation of Canadian whisky: how it's made, who makes it, why it tastes the way it does, its history, and the rich, centuries-old folklore surrounding it. Join whisky authority Davin de Kergommeaux on a pan-Canadian journey from British

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

Columbia to Nova Scotia, celebrating the diversity of Canada's unique spirit. With his conversational and accessible tutelage, de Kergommeaux offers readers a carefully researched, reliable, and authoritative guide to Canadian whisky that is, quite simply, not available anywhere else. Not only a book describing the history and culture of the spirit, *Canadian Whisky: The Portable Expert* is also an informed exploration of taste. For the first time, whisky consumers -- experts and novices alike -- can approach Canadian whisky with a connoisseur's appreciation of its rich subtleties.

Scotch Whisky

Those who discover malt whisky quickly learn that the malts made on the Isle of Islay are some of the wildest and most characterful in the malt-whisky spectrum. In *PEAT SMOKE AND SPIRIT*, Islay's fascinating story is uncovered: from its history and stories of the many shipwrecks which litter its shores, to intimate descriptions of the beautiful wildlife, landscape and topography of the island. Interwoven through these different narrative strands comes the story of the whiskies themselves, traced from a distant past of bothies and illegal stills to present-day legality and prosperity. The flavour of each spirit is analysed and the differences between them teased out, as are the stories of the notable men and women who have played such an integral part in their creation. *PEAT SMOKE AND SPIRIT* is the last word on Islay and its whiskies.

Peat Smoke and Spirit

A bartender's guide and a whole lot more, the Ultimate Guide to Spirits & Cocktails mixes one part history, one part practical knowledge, one part advice and a stiff shot of recipes for the most tantalizing mixed drinks. From procedure to production, blenders to barstools, gin to gimlets, this prodigious volume provides a grand tour of the world of distilled beverages.

Smokeheads

Revised and updated in 2013, 101 Whiskies to Try Before You Die is a whisky guide with a difference. It is not an awards list. It is not a list of the 101 'best' whiskies in the world in the opinion of a self-appointed whisky guru. It is simply a guide to the 101 whiskies that enthusiasts must seek out and try in order to complete their whisky education. Avoiding the deliberately obscure, the ridiculously limited and the absurdly expensive, whisky expert Ian Buxton recommends an eclectic selection of old favourites, stellar newcomers and mystifyingly unknown drams that simply have to be drunk. The book decodes the marketing hype and gets straight to the point; whether from India, America, Sweden, Ireland, Japan or the hills, glens and islands of Scotland, here are the 101 whiskies that you really want. Try them before you die - Slainte!

Whisky Science

Four friends, one weekend, gallons of whisky. What could go wrong? Driven by amateur whisky-nut Adam, four late-thirties ex-university mates are heading to Islay - the remote Scottish island world famous for its single malts - with a wallet full of cash, a stash of coke and a serious thirst. Over a weekend soaked in the finest cask strength spirit, they meet young divorcee Molly, who Adam has a soft spot for, her little sister Ash who has all sorts of problems and Molly's ex-husband Joe, a control freak who also happens to be the local police. As events spiral out of control, they are all thrown into a nightmare that gets worse at every turn. A wild trip to the Scottish Highlands, Doug Johnstone's debut on the Faber crime list is a classic violent thriller, doused with black humour.

Raw Spirit

While Scotland gave birth to whisky, its progeny now populate all four corners of the globe - from the U.S. to Japan, South Africa to Scandinavia. Today whisky sales are booming, making the timing perfect for this massive, witty, gorgeously illustrated volume. An ideal whisky "bible" for either connoisseur or neophyte, THE WORLD ATLAS OF WHISKY covers the history, process, distilleries and expressions of the world great whiskies, complete with detailed maps and 150 labels.

Distilled Spirits, Volume 3

Learn how to appreciate whisky like a connoisseur. Learn how distillation, chemistry and aging contribute to the final product. With science as the grounding, educating the palate via taste and smell provides further enjoyment. A Master Whisky course primer.

Whisky Island

A humorous autobiography by a whisky reviewer with a youtube channel called 'ralfydotcom' travelling from early childhood memories to an adults apprenticeship with scotch and Scotland. People and places are explored and whisky is sampled, and all for the sake of malt-moments.

Kindred Spirits 2

This highly accessible and enjoyable guide is full of practical and fascinating information about how to enjoy whisky. All whisky styles are covered, including (just whisper it) blends. Along the way a good few myths are exploded, including the idea that whisky has to be taken neat. In 'What to Drink', Dave Broom explores flavour camps - how to understand a style of whisky - and moves on to provide

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

extensive tasting notes of the major brands, demonstrating whisky's extraordinary diversity. In 'How to Drink', he sets out how to enjoy whisky in myriad ways - using water and mixers, from soda to green tea; and in cocktails, from the Manhattan to the Rusty Nail. He even looks at pairing whisky and food. In this spirited, entertaining and no-nonsense guide, world-renowned expert Dave Broom dispels the mysteries of whisky and unlocks a whole host of exciting possibilities for this magical drink.

The Whisky Distilleries of the United Kingdom

Discover the secrets of whiskey's aromas and flavors, the stories behind great distilleries, and expert tasting notes in this updated edition originated by one of the most highly respected commentators in the whiskey world, Michael Jackson. From grain to glass, *Whiskey* tells you everything and anything you'll ever want to know about whiskey, from storing and serving whiskey, to whiskey cocktails, to pairing whiskey with food. In addition to a refreshed design, this updated edition includes the recent names in whiskey today, a new section devoted to American craft distilleries, and the addition of new distilleries from across Europe, Africa, Asia, and Australia.

Bitters

From award-winning author of Canadian Whisky, Davin de Kergommeaux, comes an up-to-the minute and definitive guide to over 200 distilleries across Canada and the array of spirits they make. The Definitive Guide to Canadian Distilleries is an indispensable guide to the past, present and future of Canada's distilleries. Written by bona fide Canadian spirits expert Davin de Kergommeaux, this book covers more than 200 of the most exciting and cutting-edge distilleries, large and small, who are shaping the industry today. Just a decade ago, fewer than a dozen distilleries, concentrated in two provinces, produced almost all the spirits (mainly whisky) made in Canada. Today, there is a movement afoot in Canada's spirits world. There has never been a better selection of rich specialty spirits--from gin to moonshine, from flavoured vodka to liqueurs--to tempt the palate and supplement your long-time favourites. Despite flourishing public enthusiasm for Canada's distillers, other than incomplete and inaccurate web-based information, no one has offered consumers an all-inclusive guide until now. Using a trademark (and witty) blend of narrative, tasting notes, inventive cocktail recipes and vibrant photos, de Kergommeaux shares the unique genesis of each of these distillers who are pushing the boundaries and flavours of spirits of all kinds. Divided geographically

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

with suggested distillery routes, and filled with key tour information as well as breakout features of the most exciting people and spirits today, The Definitive Guide to Canadian Distilleries is a treasured souvenir and fun companion to the distilleries in every corner of the country, and a must-have guide for curious drinkers and expert connoisseurs alike.

A Field Guide to Whisky

2400 Reviews of Whiskey, Brandy, Vodka, Tequila, Rum, Gin, and Liqueurs from F. Paul Pacult's Spirit Journal.

The Drunken Botanist

Search For A Whisky Bothie

Thanks to industry guru Jim Murray and his internationally acclaimed annual Whisky Bible, the Japanese are now running out of their own single malt and people have fought in Toronto liquor stores to grab the last bottle of his World Whisky of the Year. Rye, Irish Pot Still, and Bourbon have all seen a massive resurgence in recent years not least thanks to the visionary campaigning of the

world's first-ever full time professional whisky writer. Murray has tasted nearly 20,000 different whiskies for the Whisky Bible since it first hit the shelves in 2003. For this 2021 edition, he reflects on over another 1,200. The 4,700 whiskies included in this 2021 edition range from Scottish Single malts to Australian; from Canadian to Austrian. The whiskies from over 30 different countries are included and evaluated in his forthright, honest, amusing, fiercely independent, and non-pretentious style.

Whisky

A Field Guide to Whisky is a one-stop guide for all the information a whisky enthusiast needs. With the whisky market booming all over the world, now is a perfect time for a comprehensive guide to this popular brown spirit. What are the basic ingredients in all whiskies? How does it get its flavor? Which big-name brands truly deserve their reputation? What are the current whisky trends around the world? And who was Jack Daniel, anyway? This abundance of information is distilled(!) into 324 short entries covering basic whisky literacy, production methods, consumption tips, trends, trivia, geographical maps and lists of distilleries, whisky trails, bars, hotels, and festivals by an industry insider. Boasting 230 color photographs and a beautiful package to boot, A Field Guide to Whisky will make a whisky expert out of anyone.

The World Atlas of Whisky

Kate Hopkins knew there had to be more to whiskey than using it as a mixer. She had an unquenchable thirst to learn more about "the drink" and set out on an ambitious itinerary researching its history. Combining comprehensive research with informal narrative, Hopkins entertains and educates the readers on whiskey's place in the history of the world. She visited historians and pub owners, went to distilleries owned by corporations who sell thousands of gallons per day, and artisans who sell thousands of gallons per year, and interviewed the aficionados and the common drinkers, because one of the best aspects of whiskey is not just its taste, but the stories about the drink that are told around the bar. As an added bonus, she discusses the fine art of distilling, the proper ways to drink whiskey, and provides tasting notes on different brands, all in the hope of discovering the best shot of the liquor.

Jim Murray's Whisky Bible 2019

Pour a stiff drink and crack open this comprehensive guide to everything there is to know about the world's greatest whiskeys. Exploring the traditions behind bourbon, Scotch, Irish, and even Japanese whiskey, you'll discover how unique flavors are created through variations of ingredients and different distilling

techniques. With advice on how to collect, age, and serve whiskey, as well as suggestions for proven food pairings, you'll be inspired to share your knowledge and invite your friends over for a delicious whiskey tasting party.

Peat Smoke and Spirit

This wide-ranging and evocative photographic portrait of Scotland's distilleries, from Talisker to Lagavulin, from Laphroaig to Dalwhinnie, from the Isle of Arran to Glenkinchie, describes the "cultural terroir" of the country's fifty greatest distilleries—the ingredients, practices, and traditions that result in an exquisite range of single-malt whiskies. Over 250 specially commissioned photographs capture the texture of the surrounding landscapes through the changing seasons, vividly portray the craftsmen who work there, and detail the fabric of the buildings themselves. A unique addition to the literature on Scotch whisky, with text by the world's greatest whisky expert, Spirit of Place is the perfect gift for anyone planning to tour Scotland's distilleries, a souvenir for anyone who has visited them, and simply the perfect companion to a dram at home.

The Ultimate Guide to Spirits & Cocktails

New in Paper Whisky is widely considered the finest spirit in the world--and this is

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

the definitive history of the "water of life." Written by the editor of Whisky magazine, and Scotland's leading writer on the subject, it's the perfect blend of anecdotes and pioneering research. Superb illustrations help tell an intriguing story that goes back as far as 2000 B.C., and that includes a cast of fascinating characters who smuggled, bribed, conspired, and advertised with a vengeance to turn whisky from a common man's drink into a proud part of the Scottish national heritage. Unfolding decade by decade, it presents names such as John Walker and Sons, Glenlivet, and Macallan, providing a treasure trove for the whisky connoisseur or anyone interested in a really good read.

Whiskey and Spirits For Dummies

Those who discover malt whisky quickly learn that the malts made on the Isle of Islay are some of the wildest and most characterful in the malt-whisky spectrum. In PEAT SMOKE AND SPIRIT, Islay's fascinating story is uncovered: from its history and stories of the many shipwrecks which litter its shores, to the beautiful wildlife, landscape and topography of the island revealed through intimate descriptions of the austerely beautiful and remote countryside. Interleaved through these different narrative strands comes the story of the whiskies themselves, traced from a distant past of bothies and illegal stills to present-day legality and prosperity. The flavour of each spirit is analysed and the differences between them teased out, as are the stories of the notable men and women who have played such an integral

part in their creation. The perfect adjunct to a glass of whisky on a dark, fire-lit evening, PEAT SMOKE AND SPIRIT is the last word on Islay and its whiskies.

The Definitive Guide to Canadian Distilleries

This book on single malt whisky makes an excellent guide for all whisky drinkers, from the novice to the connoisseur. Single malt whisky is the fastest expanding sector of the booming whisky market. Over half of Scotland's whisky distilleries are open to visitors and visitor numbers reached record numbers of over 1.7 million in 2016. Whisky Classified has revolutionized our appreciation of single malt whisky. David Wishart cuts through the confusing jargon often used to describe single malts and replaces it with an objective and easily applied guide to taste using his easy to understand system of flavour profiles. He identifies twelve dimensions to the aroma and taste of a single malt whisky: body, sweetness, smoky, medicinal, tobacco, honey, spicy, winey, nutty, malty, fruity, floral. In this fully revised and updated edition, David Wishart has included all new UK and Irish producers of single malt whisky. The author has also updated the taste profiles for each selected malt to ensure that this book remains the definitive guide to tasting malt whisky. Each entry includes a short description of the distillery, information for visitors, the author's own tasting notes and his flavour profiles according to this innovative classification. The history of whisky-making and production methods are clearly explained, and the author also explains how to organize a whisky tasting.

Whiskey

This is a book about the science behind whisky: its production, its measurement, and its flavor. The main purpose of this book is to review the current state of whisky science in the open literature. The focus is principally on chemistry, which describes molecular structures and their interactions, and chemical engineering which is concerned with realizing chemical processes on an industrial scale. Biochemistry, the branch of chemistry concerned with living things, helps to understand the role of grains, yeast, bacteria, and oak. Thermodynamics, common to chemistry and chemical engineering, describes the energetics of transformation and the state that substances assume when in equilibrium. This book contains a taste of flavor chemistry and of sensory science, which connect the chemistry of a food or beverage to the flavor and pleasure experienced by a consumer. There is also a dusting of history, a social science.

Spirit and Spice

Jim Murray's Whisky Bible 2019. The 16th edition and the 15th anniversary. The world's leading whisky guide.

APPRECIATING WHISKY

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

Would you like to better appreciate fine distilled spirits? *Whiskey & Spirits For Dummies* is your complete guide to selecting and enjoying this family of noble beverages, flavor by flavor. From whiskey, rum, and brandy to vodka, gin, and cordials, this handy reference traces the history of distilled spirits, explains how they are made, and shows you how to evaluate, serve, and savor them. Ever wonder why the Irish spell it “whiskey” and the Scottish “whisky”? This friendly book tells you as it reveals where the first whiskeys — or “dark” spirits — originated and how they came to the United States. It also explores the origins of clear spirits and the different varieties of each. You’ll compare American and European vodkas, see how to make the new and improved all-purpose Martini, and follow the spread of flavored rums across the globe. A slew of sidebars give you fascinating tidbits of information about these spirits. You’ll also discover how to:

- Become a sophisticated taster
- Shop for the best spirits
- Select the right mixers
- Use spirits in cooking
- Make ten classic cocktails
- Choose and taste cordials and liqueurs
- Know the nutrients in one serving of each type of distilled spirit
- Present spirits to guests
- Set up tasting events at home

This thorough guide also features recipes for cooking with spirits, offering menu choices such as entrees, vegetables, and desserts that all include at least one type of spirit. Complete with an appendix of craft distillers across the United States, *Whiskey & Spirits For Dummies* will give you the knowledge and hands-on guidance you need to become a connoisseur of such greats as fine Scotch, Bourbon, and Cognac in no time!

Jim Murray's Whiskey Bible 2021

A fascinating journey through Scotland's famous distilleries with legendary author Iain Banks. No true Scotsman can resist the allure of the nation's whisky distilleries. In an absorbing voyage as interesting to non-drinkers as to true whisky connoisseurs, sci-fi and literary author Iain Banks explores the rich heritage of Scottish whisky, from the largest and most famous distilleries to the smallest, most obscure operations. Whisky is more than a drink: it's a culture, a binder that joins together people, places and products far across Scotland's rugged terrain. Switching from cars to ferries to bicycles, Banks crisscrosses his homeland, weaving an engrossing narrative from the strange people, fascinating traditions, and downright bizarre places he encounters on his journey down Scotland's great golden road.

Whisky: The Manual

An indispensable follow-up to his classic Complete Book of Mixed Drinks, Anthony Dias Blue presents The Complete Book of Spirits, a comprehensive collection of history, lore, and tasting tips, along with recipes for select cocktails. Here, in one concise and easy-to-use volume, is all the information a consumer needs to shop, mix, and sip like a spirits expert. From bathtub gin to mojito madness, Blue brings

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

the dynamic history of the spirits industry alive, demonstrating that spirit making is not only one of mankind's oldest pursuits but also perhaps its most colorful. In ten captivating chapters, readers are treated to everything they ever wanted to know about their favorite liquors, including vodka, aquavit, tequila, and whiskey. Blue also provides step-by-step instructions on how to host spirit tastings to educate your palate and to help you and your friends discover your favorite brands and blends. For every chapter and every spirit, there is also a handy tasting-notes section, with Blue's expert comments and his favorites, along with price points. If you've ever wondered about the difference between potato and wheat vodkas, or between mescal and tequila or American and Irish whiskeys, or what makes single malt Scotch so desirable, look no further. With Anthony Dias Blue, America's leading wine and spirits expert, and *The Complete Book of Spirits* as your guides, you will take your enjoyment to a new level.

Whisky Island

The Essential, New York Times–Bestselling Guide to Botany and Booze “A book that makes familiar drinks seem new again . . . Through this horticultural lens, a mixed drink becomes a cornucopia of plants.”—NPR's Morning Edition “Amy Stewart has a way of making gardening seem exciting, even a little dangerous.” —The New York Times Sake began with a grain of rice. Scotch emerged from barley, tequila from agave, rum from sugarcane, bourbon from corn. Thirsty yet? In *The Drunken*

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

Botanist, Amy Stewart explores the dizzying array of herbs, flowers, trees, fruits, and fungi that humans have, through ingenuity, inspiration, and sheer desperation, contrived to transform into alcohol over the centuries. Of all the extraordinary and obscure plants that have been fermented and distilled, a few are dangerous, some are downright bizarre, and one is as ancient as dinosaurs—but each represents a unique cultural contribution to our global drinking traditions and our history. This fascinating concoction of biology, chemistry, history, etymology, and mixology—with more than fifty drink recipes and growing tips for gardeners—will make you the most popular guest at any cocktail party.

The Science and Commerce of Whisky

Go beyond the glass and discover the secrets behind your favorite style of whiskey. Over the past three decades, Lew Bryson has been one of the most influential voices in whiskey—a longtime editor of *Whisky Advocate* and author of the definitive guide *Tasting Whiskey*. In this book, Lew shares everything he's learned on his journey through the worlds of bourbon, Scotch, rye, Japanese whiskey, and more (yes, there are tasty Canadian and Irish whiskeys as well!). In this book, you'll find it all: An overview of the different types of whiskeys, including the rules and identities of each. He also includes information on craft whiskeys, which tend to be more creative and freewheeling than the styles made by traditional producers. Exploration of the key whiskey ingredients, with a close look

Read Free Peat Smoke And Spirit A Portrait Of Islay And Its Whiskies

at the flavor contributions of malt, peat, corn, rye, wheat—even water matters. Distillation for non-distillers and the beauty of barrels: Whiskey is both an art and a science, and what's in the glass is affected by things like pot stills vs. column stills, barrel char, and of course, time. Numerous interviews with master distillers, still makers, and other artisans at the top of their field. Tasting notes throughout so you can identify the whiskeys you might want to try next. Every chapter contains a variety of unique, often behind-the-scenes photography. And with whiskey as the subject, this is a class where you'll want to do the homework!

Tasting Whiskey

Presents a history of bitters, cocktail recipes, and how to make bitters at home.
