Brought to Kenya from England as a child and then abandoned by her mother, Beryl is raised by both her father and the native Kipsigis tribe who share his estate. Her unconventional upbringing transforms Beryl into a bold young woman with a fierce love of all things wild and an inherent understanding of nature's

delicate balance. But even the wild child must grow up, and when everything Beryl knows and trusts dissolves, she is catapulted into a string of disastrous relationships. Beryl forges her own path as a horse trainer, and her uncommon style attracts the eye of the Happy Valley set, a decadent, bohemian community of European expats who also live and love by their own set of rules. But it's the ruggedly charismatic Denys Finch Hatton who ultimately helps Beryl navigate the uncharted territory of her own heart. The intensity of their love reveals Beryl's truest self and her fate: to fly. Set against the majestic landscape of early-twentieth-century Africa, McLain's powerful tale reveals the extraordinary adventures of a woman before her time, the exhilaration of freedom and its cost, and the tenacity of the human spirit.

With the 1998 debut of its V92C, Victory Motorcycles became the New American Motorcycle. Victory's innovative, stylish heavyweight cruiser motorcycles attracted a loyal, hard-riding following, but not the market share needed to survive. This richly illustrated book covers the brand's history model-by-model and analyzes why the parent company announced in early 2017 that its Victory division would cease operation. This book also features a full reprint of the collectible first Victory history from 1998, *The Victory Motorcycle*.
