In this book, wealth management experts Haitham "Hutch" E. Ashoo and Christopher G. Snyder use their combined experience to offer valuable investment and family wealth protection strategies. Chapter by chapter, you will learn how you can better protect your family's wealth. You will discover any gaps in your knowledge--and you'll be able to bridge those gaps with specific information that will lead to practical action. Mr. Ashoo and Mr. Snyder wrote this book to help you and other ultra-high net worth families, through prudent planning and investing, to mitigate financial disasters that leave so many others in ruin. They have sound, innovative ideas to share and insights that will help you manage not only the financial side of your affairs better but also the nonfinancial issues and challenges many families like yours face. When you integrate wealth management with life planning, merging soft life issues with complex financial strategies, your human and financial capital will both flourish.

#### **American Book Publishing Record**

This guide to the Internet has been revised to reflect the latest developments in Web technology and to bring readers up-to-date on techniques for hunting down information in cyberspace. Rather than focusing on connection and navigation, the book explains how to research specific subject areas. Providing information on using browsers, Newsgroups and Listservs, it covers researching for general, corporate, small business, finance, law, journalism, academic, literature and the social and hard sciences. Individual chapters for national, big city and regional reporters are included, as well as detailed sections on specialized research, libraries, newspaper archives, APIs and e-mail.

Written by two therapists with extensive business experience, *Mastering the Financial Dimension of Your Psychotherapy Practice* addresses the clinical and financial challenges of establishing and maintaining a successful private practice. This book contains updated content on investing strategies, changes in the insurance marketplace, and trends in the marketing of a psychotherapy practice. The first of five sections explores the life cycle of the modern therapy practice, offering best business and investing practices for each phase. In the second and third sections, the authors consider the emotional dimension in the development of a private practice. The fourth section offers a basic course in financial planning, including an investigation into five common financial mistakes therapists make and various solutions to each situation. The fifth section is designed to offer a road map of actions to take in establishing a financial plan. Concluding the book is

an inspirational discussion of how the therapist in private practice can create a career with meaning, fulfillment, personal satisfaction, and solid financial rewards.

## **Protect Your Estate: Definitive Strategies for Estate and Wealth Planning from the Leading Experts**

Some investors pay little or no tax on their income; their wealth grows faster and faster and gives them more cash to spend. Some families hand down large fortunes without paying a gift or estate tax. And some know how to turn their easy-to-seize investments into wealth that would be repellent to someone thinking of suing them. *Keep What You Earn* tells the secrets of these canny investors--and shows how any other investor can use them, too.
