Every life is an unfolding story and how individuals tell their story matters. Recent Stanford and Columbia University studies showed that how we view the story of our lifeshapes the life itself. Who are the heroes and villains? Where does the plot twist and how are conflicts resolved? Whether we are considering how a job was lost, a relationship clicked, or a dream deferred, we have the ability to empower ourselves or turn ourselves into hapless victims. Kim Schneiderman knows the power of story as both a therapist and a writer. Her clients often tell their stories in ways that keep them stuck but when they employ the storytelling techniques here, they view their lives as works in progress, become powerful narrators, and understand big picture storylines in ways that allow them to easily develop their own character, shape their actions and relationships, and create fulfilling happy endings.”

## Getting the Knack

A collection of personal writing exercises and commentary from some of today's best novelists, short story writers, and writing teachers, including Jill McCorkle, Amy Bloom, Robert Olen Butler, Steve Almond, Jayne Anne Phillips, Virgil Suarez, Margot Livesay, and more. What's the secret behind the successful and prolific careers of critically acclaimed novelists and short story writers Amy Bloom, Steve Almond, Jayne Anne Phillips, Alison Lurie, and others? Divine assistance? Otherworldly talent? An unsettlingly close relationship with the Muse? While the rest of us are staring at blank sheets of paper, struggling to come up with a first sentence, these writers are busy polishing off story after story and novel after novel. Despite producing work that may seem effortless, all of them have a simple technique for fending off writer's block: the writing exercise. In *Now Write!*, Sherry Ellis collects the personal writing exercises of today's best writers and lays bare the secret to their success. - In "The Photograph," Jill McCorkle divulges one of her tactics for handling material that takes plots in a million different directions; - National Book Award-nominee Amy Bloom offers "Water Buddies," an exercise for writers practicing their craft in workshops; - Steve Almond, author of *My Life in Heavy Metal* and *Candyfreak*, provides a way to avoiding purple prose in "The Five-Second Shortcut to Writing in the Lyric Register"; - and eighty-three more of the country's top writers disclose their strategies for creating memorable prose. Complemented by brief commentary from the authors themselves, the exercises in *Now Write!* are practical and hands-on. By encouraging writers to shamelessly steal proven techniques that have yielded books which have won National Book Awards, Pulitzers, and Guggenheim grants, *Now Write!* inspires the aspiring writer to write now.

Do your sentences sag? Could your paragraphs use a pick-me-up? If so, *The Writer's Diet* is for you! It's a short, sharp introduction to great writing that will help

you energize your prose and boost your verbal fitness. Helen Sword dispenses with excessive explanations and overwrought analysis. Instead, she offers an easy-to-follow set of writing principles: use active verbs whenever possible; favor concrete language over vague abstractions; avoid long strings of prepositional phrases; employ adjectives and adverbs only when they contribute something new to the meaning of a sentence; and reduce your dependence on four pernicious “waste words”: it, this, that, and there. Sword then shows the rules in action through examples from William Shakespeare, Emily Dickinson, Martin Luther King Jr., John McPhee, A. S. Byatt, Richard Dawkins, Alison Gopnik, and many more. A writing fitness test encourages you to assess your own writing and get immediate advice on addressing problem areas. While *The Writer’s Diet* is as sleek and concise as the writing ideals contained within, this slim volume packs a powerful punch. With Sword’s coaching writers of all levels can strengthen and tone their sentences with the stroke of a pen or the click of a mouse. As with any fitness routine, adhering to the rules requires energy and vigilance. The results, however, will speak for themselves.

It's been a decade since Lynne Dorfman and Rose Cappelli wrote the first edition of *Mentor Texts* and helped teachers across the country make the most of high-quality children's literature in their writing instruction. In the second edition of this important book Lynne and Rose show teachers how to help students become confident, accomplished writers by using literature as their foundation. The second edition includes brand-new "Your Turn Lessons," built around the gradual release of responsibility model, offering suggestions for demonstrations and shared or guided writing. Reflection is emphasized as a necessary component to understanding why mentor authors chose certain strategies, literary devices, sentence structures, and words. Lynne and Rose offer new children's book titles in each chapter and in a carefully curated and annotated Treasure Chest. At the end of each chapter a "Think About It--Talk About It--Write About It" section invites reflection and conversation with colleagues. The book is organized around the characteristics of good writing--focus, content, organization, style, and conventions. Rose and Lynne write in a friendly and conversational style, employing numerous anecdotes to help teachers visualize the process, and offer strategies that can be immediately implemented in the classroom. This practical resource demonstrates the power of learning to read like writers.
