Reveals the triumphs and struggles of contemporary Christian congregations to express female imagery of God in worship. Many Christians do not know the Bible contains female images of God because they have never heard nor seen them in church. In *Women, Ritual, and Power*, Elizabeth Ursic gives the reader insight into four Christian communities that worship God with female imagery, both as a worship focus and a community identity. These Methodist, Presbyterian, Lutheran, and Catholic congregations operate within their established church denominations and are led by either ordained Protestant ministers or vowed Catholic sisters. Because expressing God-as-She can expose strident claims for maintaining God-as-He, this book shows not only how patriarchy continues to operate in churches today, but also how it is being successfully challenged through liturgy. “*Women, Ritual, and Power* is an important contribution to the theological world. Elizabeth Ursic sheds light on what has enabled churches to include female images for the divine and provides multiple narratives of the negative reactions to such images. As she displays how gender is understood in Christian worship with evidence that some churches do include feminist imagery, the continuing presence of patriarchy is also revealed. The book is basically about

the constructive function of the inclusion of feminine images for all. One of the main reasons we need this book is that Ursic perceives there is a much wider/larger group of Christians who would love to have more feminist images than is recognized in churches and church practices.” — Mary McClintock Fulkerson, author of *Changing the Subject: Women’s Discourses and Feminist Theology*

The series Religion and Society (RS) contributes to the exploration of religions as social systems – both in Western and non-Western societies; in particular, it examines religions in their differentiation from, and intersection with, other cultural systems, such as art, economy, law and politics. Due attention is given to paradigmatic case or comparative studies that

exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual, the religious imagination, constructions of tradition, iconography, or media. In addition, the formation of religious communities, their construction of identity, and their relation to society and the wider public are key issues of this series.

Women have made an amazing, creative, and prolific contribution to hymnody through the centuries of Christian worship. Excluded from liturgical commissions and denied other opportunities for involvement in the worship of the churches, women were able to express and influence spirituality in the writing of hymns. This influence spreads across the whole range of hymn-writing, including writing for children, which was at one time seen as women's natural place, but also the introduction of new voices through translations; engagement in social campaigns such as temperance and the abolition of slavery; mission and evangelism; and the general development of worshipping life. However, with the exception of the nineteenth century, the voices of women have been largely silenced or marginalized. The Hymn Explosion of the 1960s onward almost completely ignored women's writing, and there has only recently been something of a recovery. There is much more to Our Song than people think! This book opens up women's writing from the beginnings of Christianity, through the Middle Ages, the development of printing and the rise of popular hymnody to the present day. Living hymn-writers add their voices in a series of biographical stories, which complete the overarching story of Our Song.

The Sweet Singer of Methodism and a denizen of the Gospel Hall of Fame. Ira Sankey died with Gospel on his lips, having abandoned his sensible career for a life dedicated to God and surrounded by music. That enthusiasm is transmitted via the page and the colorful, emotively drenched lyrics to the reader. With the love of God in their mouths, Sankey hoped that the

world would also take it into their hearts. The jury remains out on his main objective but what is certain is that Ira himself went straight to the heart of Gospel music. This broad anthology of Christian devotional music and hymns is a pleasure to read and to vocalise, if you so choose. Not only will it spark old and beloved memories but it will bring you new, dramatic, emotional material to add to your personal repertoire. Allow yourself to be wrapped in your favourite Christmas carol or submerge and enjoy the catharsis of a rousing piece on religious sorrow and divine retribution. Those with an interest in theological matters, the historical development of devotional music, hobbyists and those seeking an accessible medium for communicating all aspects of the Christian faith will be well served by this volume. Not only will you find music and lyrics in Sacred Songs and Solos but you will also find references to the relevant biblical material, a synopsis of the development of gospel music and by inference the influence of Ira Sankey himself on the genre. The resources are first class and incredibly engaging. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. ## **The Church Hymnary. Revised Edition Abridgement for the Young**

The Christian practice of hymn singing, says renowned biblical scholar Walter Brueggemann, is a countercultural act. It marks the Christian community as different from an unforgiving and often ungrateful culture. It is also, he adds, an "absurd enterprise in the midst of the hyper-busy, market-driven society that surrounds us. In this helpful and engaging volume, Brueggemann discusses both why we sing and what we sing. The first part of the book examines the Psalms and what they can teach us about the reasons that corporate song is a part of the Christian tradition. The second part looks at fifteen popular hymns, including classic and contemporary ones such as Blest Be the Ties That Bind, God's Eye Is on the Sparrow, Once to Every Man and Nation, Someone Asked the Question, and We Are Marching in the Light of God, and the reasons why they have caught our imagination. To know why we sing, Brueggemann writes, may bring us to a deeper delight in our singing and a strengthened resolve to sing without calculation before the God who is enthroned on the praises of Israel (Ps. 22:3).
