The Complete and Balanced Muscle-Toning Program for Renewed Vitality and a More Youthful Appearance Carole Maggio's Facercise program has helped many thousands of women and men look younger and more vibrant without surgery, chemical peels, or Botox. Now, using the most advanced face technology, Carole has devised Ultimate Facercise, a program that is even faster and more efficient than the original. By working the muscles with more intensity, using body posturing and precision movements, the results are even more dramatic. In just eight minutes, twice a day, you can open up your entire eye area, reduce puffiness and eliminate hollows, lift your eyebrows, define your cheeks, plump up your lips, turn up the corners of your mouth, smooth out lines, and firm your entire neck and jawline. Carole also gives advice on the most advanced (nonsurgical) beauty treatments and even describes how to get rid of the hard lumps left under the skin by collagen or fillers and how the Ultimate Facercise program can help smooth out the effects of botched cosmetic surgery. Bruce Lee Book

David Curtis is one of the most successful and loved artists in the UK. His books are bestsellers and in his latest publication he talks about the secrets of producing paintings with impact. Although his work is not showy, they are powerful and are much-sought after. His secrets for painting with impact are the sensitive consideration of balance and contrast in tone, colour, handling qualities and compositional elements. Whether you're working on location with a limited palette or in the studio with all the time and materials at your disposal, the author talks you through the ways to capture the essence of a subject matter and the mood or sense of the place, and always with a something that will grab the viewer. The key

elements are covered: Selection - what to paint and if necessary how to simplify or dramatise those elements; Mood - creating a strong sense of mood through choice of medium, colour and painting technique; Colour - choosing the right colours to suit the intentions of the painting. The book discusses a range of inspiring locations, from marine subjects, beaches and harbours to city scenes, trees and the light of the Mediterranean.
