Recapture the Wonder

In the last decade, atheism has leapt from obscurity to the front pages: producing best-selling books, making movies, and plastering adverts on the side of buses. There's an energy and a confidence to contemporary atheism: many people now assume that a godless scepticism is the default position, indeed the only position for anybody wishing to appear educated, contemporary, and urbane. Atheism is hip, religion is boring. Yet when one pokes at popular atheism, many of the arguments used to prop it up quickly unravel. The Atheist Who Didn't Exist is designed to expose some of the loose threads on the cardigan of atheism, tug a little, and see what happens. Blending humour with serious thought, Andy Bannister helps the reader question everything, assume nothing and, above all, recognise lazy scepticism and bad arguments. Be an atheist by all means: but do be a thought-through one.

Gunning for God

In the quest for the truth, you need to know what you believe and why you believe it. Who Made God? offers accessible answers to over 100 commonly asked apologetic questions. Bringing together the best in evangelical apologists, this guide is standard equipment for Christians who want to understand and talk about their faith intelligently. Part one answers tough questions about the Christian faith such as: • Who made God? • How can there be three persons in one God? • What is God's ultimate purpose in allowing evil? • Where did the universe come from? • How long are the days of creation in Genesis? • Did Jesus rise from the dead? • Are the records of Jesus' life reliable? • Does the Bible have errors in it?Part two answers tough questions about other faiths, including Islam, Mormonism, Hinduism, Transcendental Meditation, Yoga,

Reincarnation, Buddhism, and Black Islam. Relevant stories, questions for reflection and discussion, and a comprehensive list of suggested resources help you dig deeper so you can be prepared to give careful answers that explain the reasons for your faith.

Has God Spoken?

This how-to on handling doubt demonstrates how your doubts can deepen your dependence on God, develop your sense of empathy for others, and motivate you to find satisfying answers to life's biggest questions. Discover how your doubts can propel you in the right direction--toward faith.

Who Made God?

Jesus said, "I am the way, the truth, and the life. No one comes to the father except through me" (John 14:6). Many people have difficulty accepting this claim because it seems so narrow. After all, there are many claimants to truth in the current marketplace of ideas. Indeed, Christ does not call on us to make a leap of faith in the dark but to take a step of faith in the light-in the light of the evidence. So, it is necessary for a truth seeker to demand reasonable evidence before he or she makes a firm or final decision. We encourage everyone to look carefully and with an open mind at the premises that we use to conclude that Jesus Christ is the way, the truth, life, and the only way to God the Father. We set our evidence forth in twelve chapters which build logically upon one another. Chapter one provides a firm foundation upon which chapter two and the subsequent chapters build upon. The conclusion of each chapter serves as a premise for the chapter(s) that succeeds it. We begin our quest for truth on the ground level with an examination of whether there is such a thing as truth and then move step by step, chapter by chapter, to see whether Christianity is true and the Gospel of Christ is the only way of salvation, as it claims to be.

Talking with Your Kids about God

Introducing Apologia's first apologetics curriculum for high school students! Based on Norman Geisler and Frank Turek's best-selling book *I Don't Have Enough Faith to Be an Atheist*, this study will prepare teens and young adults to defend their Christian faith with boldness and effectiveness. During this course, your student will tackle the question of absolute truth, demolish the follies of postmodernism, debunk moral relativism, and march logically and surely toward the inescapable truths of the Christian faith. This is a companion study, so your student will need a copy of the original book, which is available through Apologia.

More Than a Carpenter

Written by an L. A. County homicide detective and former atheist, Cold-Case Christianity examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a “cold case”: it makes a claim about an event from the distant past for which there is little forensic evidence. In Cold-Case Christianity, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers’ intense interest in detective stories, Cold-Case Christianity inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

Why There Is No God

When you pray, are you talking to a God who exists? Or is God nothing more than your "imaginary friend," like a playmate contrived by a lonely and imaginative child? When author Sam Harris attacked Christianity in Letter to a Christian Nation, reviewers called the book "marvelous" and a generation of readers--hundreds of thousands of them--were drawn to his message. Deeply troubled, Dr. Ravi Zacharias knew that he had to respond. In The End of Reason, Zacharias underscores the dependability of the Bible along with his belief in the power and goodness of God. He confidently refutes Harris's claims that God is nothing more than a figment of one's imagination and that Christians regularly practice intolerance and hatred around the globe. If you found Sam Harris's Letter to a Christian Nation compelling, the book you are holding is exactly what you need. Dr. Zacharias exposes "the utter bankruptcy of this worldview." And if you haven't read Harris's book, Ravi's response remains a powerful, passionate, irrefutably sound set of arguments for Christian thought. The clarity and hope in these pages reach out to readers who know and follow God as well as to those who reject God.

Doubting Toward Faith

Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you’ll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can’t find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day

for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

How Reason Can Lead to God

Sean McDowell and Jonathan Morrow have penned an accessible yet rigorous look at the arguments of the New Atheists. Writing from a distinctively Christian perspective, McDowell and Morrow lay out the facts so that the emerging generation can make up their own mind after considering all the evidence.

The End of Reason

Atheism is on the march in the western world, and its enemy is God. Religion, the New Atheists claim, is dangerous, it kills or poisons everything. And if religion is the problem with the world, their answer is simple: get rid of it. But are things really so straightforward? Tackling the likes of Richard Dawkins, Stephen Hawking, Christopher Hitchens, and Daniel Dennett head on, John Lennox highlights the fallacies in their approach, arguing that their irrational and unscientific methodology leaves them guilty of the same obstinate foolishness of which they accuse dogmatic religious folks. Erudite and wide-ranging, Gunning for God packs some debilitating punches. It also puts forward new ideas about the nature of God and Christianity that will give the New Atheists' best friends and worst enemies alike some stimulating food for thought.

Finding Truth

Evidence for Christianity answers questions about the Christian faith and provides evidence.

Twelve Points That Show Christianity Is True

This endearing friendship story about a boy and his dog from a Pulitzer Prize-winning writer gently explores a timeless question: who's really in charge? Meet Sid. He's an ordinary kid. He's far from perfect. But to Murphy, Sid's faithful dog, Sid is the whole world. Murphy thinks Sid is the absolute best—and that he's in charge of everything. Sid loves Murphy right back, but he can't help but wonder what Murphy would think if he realized the truth: Sid's just a kid, and Murphy's just a dog, and neither one can control the world. This deceptively simple picture book is the perfect start to a discussion about a subject seldom seen in children's books—the nonthreatening feel of a world based on fact and reason, and not faith.

Legislating Morality

From the author of *The Architecture of Happiness*, a deeply moving meditation on how we can still benefit, without believing, from the wisdom, the beauty, and the consolatory power that religion has to offer. Alain de Botton was brought up in a committedly atheistic household, and though he was powerfully swayed by his parents' views, he underwent, in his mid-twenties, a crisis of faithlessness. His feelings of doubt about atheism had their origins in listening to Bach's cantatas, were further developed in the presence of certain Bellini Madonnas, and became overwhelming with an introduction to Zen architecture. However, it was not until his father's death -- buried under a Hebrew headstone in a Jewish cemetery because he had intriguingly omitted to make more secular arrangements -- that Alain began to face the full degree of his ambivalence regarding the views of religion that he had dutifully accepted. Why are we presented with the curious choice between either committing to peculiar concepts about immaterial deities or letting go entirely of a host of consoling, subtle and effective rituals and practices for which there is no equivalent in secular society? Why do we bristle at the mention of the word "morality"? Flee from the idea that art should be uplifting, or have an ethical purpose? Why don't we build temples? What mechanisms do we have for expressing gratitude? The challenge that de Botton addresses in his book: how to separate ideas and practices from the religious institutions that have laid claim to them. In *Religion for Atheists* is an argument to free our soul-related needs from the particular influence of religions, even if it is, paradoxically, the study of religion that will allow us to rediscover and rearticulate those needs. From the Hardcover edition.

The Official Study Guide to I Don't Have Enough Faith to Be an Atheist

Unbelievers, doubters and skeptics continue to attack the truths of Christianity. *Handbook of Catholic Apologetics* is the only book that categorizes and summarizes all the major arguments in support of the main Christian beliefs, including key

distinctively Catholic doctrines. Also included is a Protestant-friendly treatment of Catholic-Protestant issues. The Catholic answers to Protestant questions show how Catholicism is the fullness of the Christian faith. An expanded, Catholic edition of the popular book Handbook of Christian Apologetics, Handbook of Catholic Apologetics is full of the wisdom and wit, clarity and insight of philosophers Peter Kreeft and Ronald Tacelli. This is an informative and valuable guidebook for anyone looking for answers to questions of faith and reason. Is God a Moral Monster?

Caught between the beauty of his grandchildren and grief over a friend's death, Frank Schaeffer finds himself simultaneously believing and not believing in God--an atheist who prays. Schaeffer wrestles with faith and disbelief, sharing his innermost thoughts. He writes as an imperfect son, husband and grandfather whose love for his family, art and life trumps the ugly theologies of an angry God and the atheist vision of a cold, meaningless universe.

The Reason for God

Poses an argument for living a spiritual life that is not dependent on religion, explaining that an acceptance of philosophical spiritual traditions and values does not require practitioners to embrace the existence of a higher order.

The Atheist Who Didn't Exist

In a world increasingly indifferent to Christian truth, followers of Christ need to be equipped to communicate with those who do not speak their language or accept their source of authority. In the Tactics Study Guide, apologist and radio host Gregory Koukl demonstrates how to get in the driver's seat in discussions about faith, keeping any conversation moving with thoughtful, artful tact. Readers will learn how to maneuver comfortably and graciously through potential minefields, stop challengers in their tracks, turn the tables, and—most importantly—get people thinking about Jesus with conversations that look more like diplomacy than D-Day. Drawing on extensive experience defending Christianity in the public square, Koukl demonstrates how to: Initiate conversations effortlessly Present the truth clearly, cleverly, and persuasively Graciously and effectively expose faulty thinking Skillfully manage the details of dialogue Maintain an engaging, disarming style even

under attack Designed to be used alongside the Tactics Video Study, the Tactics Study Guide provides a game plan for communicating the compelling truth about Christianity with confidence and grace.

Cold-Case Christianity

A recent string of popular-level books written by the New Atheists have leveled the accusation that the God of the Old Testament is nothing but a bully, a murderer, and a cosmic child abuser. This viewpoint is even making inroads into the church. How are Christians to respond to such accusations? And how are we to reconcile the seemingly disconnected natures of God portrayed in the two testaments? In this timely and readable book, apologist Paul Copan takes on some of the most vexing accusations of our time, including: God is arrogant and jealous God punishes people too harshly God is guilty of ethnic cleansing God oppresses women God endorses slavery Christianity causes violence and more Copan not only answers God's critics, he also shows how to read both the Old and New Testaments faithfully, seeing an unchanging, righteous, and loving God in both.

Made in Heaven

The inspirational classic, *More than a Carpenter*, is now updated for a new generation of seekers with a fresh look, revised material, and a new chapter that addresses questions commonly raised today. Former skeptic Josh McDowell is now joined by his son Sean as they examine the evidence about Jesus. Is he really the Lord he claimed to be? How can we know for sure? *More than a Carpenter* offers arguments for faith from a skeptic turned believer. Since its original publication in 1977, this modern classic has sold over 15 million copies, been translated into dozens of languages, and introduced countless people to the real Jesus. Now with new content that addresses questions raised by today's popular atheist writers. Audio edition read by Sean McDowell.

Me & Dog

The *God Debates* presents a comprehensive, non-technical survey of the quest for knowledge of God, allowing readers to participate in a debate about the existence of God and gain understanding and appreciation of religion's conceptual foundations. Explains key arguments for and against God's existence in clear ways for readers at all levels Brings theological debates up to the present with current ideas from modernism, postmodernism, fideism, evidentialism, presuppositionalism, and mysticism Updates criticism of theology by dealing with the latest terms of the God debates instead of outdated caricatures of religion Helps nonbelievers to learn important theological standpoints while noting their shortcomings Encourages believers and nonbelievers to enjoy informed dialogue with each other Concludes with

Are Christians Guilty of Blind Faith, or Is The Bible Really God's Inspired Word? Can You Ever Know For Sure? Join best-selling author Hank Hanegraaff for a stirring defense of the Bible as the Word of God and your only reliable foundation for life. In answering the riveting question, "Has God spoken?", Hanegraaff uses manuscript evidence, archeology, predictive prophecy, and much more to memorably demonstrate that the Bible is divine rather than merely human in origin. Hanegraaff demolishes modern objections to Scripture, such as: There are more mistakes in manuscript copies of the Bible than there are words in the New Testament. The biblical account of King David is no more factual than tales of King Arthur—there simply is no evidence in archeology or history for Israel's quintessential king. Contemporary prophets are proven 100 percent wrong, 100 percent of the time, and biblical prophets are just as unreliable. Has God Spoken? joins its predecessors—The Face That Demonstrates the Farce of Evolution and Resurrection—as Hanegraaff's final book in a trilogy that provides complete and compelling answers to the most critical issues facing Christians today.

Stealing from God

Do you value reason, science, and independent thinking, yet you hope there could be a greater purpose to the universe? Beginning with his own story of losing the belief in any ultimate purpose in life, philosopher Joshua Rasmussen builds a bridge to faith. Using only the instruments of reason and common experience, Rasmussen constructs a pathway that he argues can lead to meaning and, ultimately, a vision of God.

Evidence for Christianity

Renowned scholar William Lane Craig offers a readable, rich training manual for defending the Christian faith. This concise guide is filled with illustrations, sidebars, and memorable steps to help Christians stand their ground and defend their faith with reason and precision. In his engaging style, Dr. Craig offers four arguments for God's existence, defends the historicity of Jesus' personal claims and resurrection, addresses the problem of suffering, and shows why religious relativism doesn't work. Along the way, he shares his story of following God's call in his own life. This one-stop, how-to-defend-your-faith manual will equip Christians to advance faith conversations deliberately, applying straightforward, cool-headed arguments. They will discover not just what they believe, but why they believe—and how being on guard with the truth has the power to change lives forever.

On Guard

"Science can't explain the complexity and order of life; God must have designed it to be this way." "God's existence is proven by scripture." "There's no evidence that God doesn't exist." "God has helped me so much. How could none of it be true?" "Atheism has killed more people than religion, so it must be wrong!" How many times have you heard arguments like these for why God exists? Why There Is No God: Simple Responses to 20 Common Arguments for the Existence of God provides simple, easy-to-understand counterpoints to the most popular arguments made for the existence of God. Each chapter presents a concise explanation of the argument, followed by a response illustrating the problems and fallacies inherent in it. Whether you're an atheist, a believer or undecided, this book offers a solid foundation for building your own inquiry about the concept of God.

Unbelievable?

What is transgender and gender fluidity? What does God's Word actually say about these issues? How can the gospel be good news for someone experiencing gender dysphoria? How do churches respond? These are questions Christians need to think through and this warm, faithful, careful book will help them do just that.

The Little Book of Atheist Spirituality

America's moral decline is not secret. An alarming number of moral and cultural problems have exploded in our country since 1960--a period when the standards of morality expressed in our laws and customs have been relaxed, abandoned, or judicially overruled. Conventional wisdom says laws cannot stem moral decline. Anyone who raises the prospect of

legislation on the hot topics of our day - abortion, family issues, gay rights, euthanasia - encounters a host of objections: "As long as I don't hurt anyone the government should leave me alone." "No one should force their morals on anyone else." "You can't make people be good." "Legislating morality violates the separation of church and state." 'Legislating Morality' answers those objections and advocates a moral base for America without sacrificing religious and cultural diversity. It debunks the myth that morality can't be legislated" and amply demonstrates how liberals, moderates, and conservatives alike exploit law to promote good and curtail evil. This book boldly challenges prevailing thinking about right and wrong and about our nation's moral future.

Thank God for Atheists

Christianity Has the Resources to Address Intellectual and Cultural Issues. Do You? Christians can feel overwhelmed at the sheer number of competing worldviews in today's pluralistic, multicultural society. Thankfully, you don't have to memorize a different argument to answer every new issue. Instead, you can master a single line of defense, grounded in Scripture, that applies to any theory. In Romans, Paul reveals the strategy for defending the Christian message in a pluralistic culture where many are hearing it for the first time. Finding Truth is the real-world training manual that equips you to confidently address issues you'll face in the classroom, workplace, and popular culture.

Jesus on Trial

"The greatest authors of atheism did more to push me toward belief in God than any Christian apologist writer." --Timothy Morgan. After a decade of major disappointments, Timothy Morgan was ready to reject God. Atheism offered an escape--an opportunity to dismiss God permanently. But as Morgan delved into the thinking of great atheists past and present, he was stunned. In book after book, he found their reasons for rejecting God to be intellectually unfulfilling. In Thank God for Atheists he candidly shares his journey by letting atheists speak for themselves, examining their logic to see whether it holds up or not. Along the way, deals with these key questions: What are the key elements of the atheist worldview? Who are the leading modern-day atheists, and what are they saying? How can you effectively respond to atheism? You'll find this a personal and thoughtful book on why the evidence for God is much more compelling than the evidence against Him.

Stealing Jesus

The God Delusion caused a sensation when it was published in 2006. Within weeks it became the most hotly debated topic, with Dawkins himself branded as either saint or sinner for presenting his hard-hitting, impassioned rebuttal of religion of all types. His argument could hardly be more topical. While Europe is becoming increasingly secularized, the rise of religious

fundamentalism, whether in the Middle East or Middle America, is dramatically and dangerously dividing opinion around the world. In America, and elsewhere, a vigorous dispute between 'intelligent design' and Darwinism is seriously undermining and restricting the teaching of science. In many countries religious dogma from medieval times still serves to abuse basic human rights such as women's and gay rights. And all from a belief in a God whose existence lacks evidence of any kind. Dawkins attacks God in all his forms. He eviscerates the major arguments for religion and demonstrates the supreme improbability of a supreme being. He shows how religion fuels war, foments bigotry and abuses children. The God Delusion is a brilliantly argued, fascinating polemic that will be required reading for anyone interested in this most emotional and important subject.

The God Debates

If you think atheists have reason, evidence, and science on their side, think again! Award-winning author Dr. Frank Turek (I Don't Have Enough Faith to be an Atheist) will show you how atheists steal reason, evidence, science, and other arguments from God in trying to make their case for atheism. If that sounds contradictory, it's because it is! Atheists can't make their case without appealing to realities only theism can explain. In an engaging and memorable way, Stealing from God exposes these intellectual crimes atheists are committing and then provides four powerful reasons for why Christianity is true.

Tactics Study Guide

A New York Times bestseller people can believe in—by "a pioneer of the new urban Christians" (Christianity Today) and the "C.S. Lewis for the 21st century" (Newsweek). Timothy Keller, the founding pastor of Redeemer Presbyterian Church in New York City, addresses the frequent doubts that skeptics, and even ardent believers, have about religion. Using literature, philosophy, real-life conversations, and potent reasoning, Keller explains how the belief in a Christian God is, in fact, a sound and rational one. To true believers he offers a solid platform on which to stand their ground against the backlash to religion created by the Age of Skepticism. And to skeptics, atheists, and agnostics, he provides a challenging argument for pursuing the reason for God.

He holds an MA from Wheaton College and a PhD in philosophy from Loyola University, and is presently Provost and Distinguished Professor of Apologetics at Veritas Evangelical Seminary in Murrieta, California. He is the author and coauthor of more than 70 books. Jason Jimenez has pastored families for 15 years and is founder and president of re/shift ministries, Inc. He is the author of The Raging War of Ideas: How to Take Back Our Faith, Family, and Country and The Raging War of Ideas study guide for small groups"--Back cover.

Think Like a Monk

In *Jesus on Trial*, New York Times bestselling author David Limbaugh applies his lifetime of legal experience to a unique new undertaking: making a case for the gospels as hard evidence of the life and work of Jesus Christ. Limbaugh, a practicing attorney and former professor of law, approaches the canonical gospels with the same level of scrutiny he would apply to any legal document and asks all the necessary questions about the story of Jesus told through Matthew, Mark, Luke, and John. His analysis of the texts becomes profoundly personal as he reflects on his own spiritual and intellectual odyssey from determined skeptic to devout Christian. Ultimately, Limbaugh concludes that the words Christians have treasured for centuries stand up to his exhaustive enquiry—including his examination of historical and religious evidence beyond the gospels—and thereby affirms Christian faith, spirituality, and tradition.

Religion for Atheists

No one likes to be told they are wrong; but is that any reason not to listen? Seeking to burst the 'Christian bubble' that many believers find comfort in, Justin Brierley began to invite atheists, sceptics and non-believers onto Premier Christian Radio to unpack and understand the so-called 'unbelievables' of the Christian faith. Now, over ten years later, Premier's Unbelievable? podcast continues to captivate hundreds of thousands of listeners and has even spawned its own annual conference. But how has ten years in the atheist-argument-firing-line affected the presenter's faith? Taking the best from conversations with Richard Dawkins and many more, Unbelievable? the book, will invite readers to look behind the scenes at how ten years of talking with atheists, sceptics and non-believers has stirred, shaken but ultimately strengthened Justin's own belief in the not-so-unbelievable Christian faith. The God Delusion. 10th Anniversary Edition

Christian parenting is hard work--and it's getting harder. Parents have a deep desire to pass on their faith, but fear that today's increasingly skeptical and hostile world will eventually lead their kids to reject the truth of Christianity. That leaves many parents feeling overwhelmed--uncertain of what they can do to help their children, given the difficulty and extent of the faith challenges they will face. This practical and timely resource gives parents the confidence of knowing what to discuss with their children and how to discuss it in order to facilitate impactful conversations that will form the basis of a lifelong faith. In a friendly, parent-to-parent voice, Natasha Crain identifies 30 specific conversations about God that parents must have with their children, organizing them under the categories of - the existence of God - science and God - the nature of God - believing in God - the difference God makes Chapters are sequenced in a curriculum-oriented way to provide a cumulative learning experience, making this book a flexible resource for use in multiple settings: homes, church classes,

youth groups, small groups, private Christian schools, and homeschools. Every chapter has a step-by-step conversation guide with discussion questions and tips, and content is readily adaptable for use with kids of any age (elementary through high school). Endorsements: "My prayer is that God will use this book to both motivate and equip you to help your kids develop convictions about their faith."--From the foreword by Sean McDowell, PhD, Biola University professor, speaker, and author of more than eighteen books, including A New Kind of Apologist "I can't think of a more relevant or more needed book for parents raising kids in today's culture. This book on apologetics will lead parents in critical conversations that will help grow and guide kids to be lifelong followers of Christ."--Kristen Welch, author of Raising Grateful Kids in an Entitled World "Hey parents: Do you want to reduce the chances that your child will follow the crowd to the point of rejecting Christ and the values and truths you hold so dearly? Then you need to have the conversations that Natasha Crain so brilliantly describes in this book. Prevent heartbreak later by reading and heeding this book now!"--Frank Turek, PhD, president of CrossExamined Ministries and author of I Don't Have Enough Faith to Be an Atheist and Stealing from God "May this book lead to thousands more Moms and Dads engaging with their kids through an intelligent faith. And may there be tens of thousands more kids who feel loved because the adults in their lives take their questions seriously."--Jeff Myers, PhD, president, Summit Ministries
