The Private Life of Chairman Mao

How to Avoid Probate

The Revolution of American Conservatism

Provides an overview of federal gift, estate, and generation-skipping transfer tax laws for the law student or practitioner. Grantor trust rules affecting the wealth disposition process is also addressed. Other subjects include intestacy, succession, power of disposition limits, transfer requirements, revocation, extrinsic evidence, incapacity, and undue influence. Examines trusts and their alternatives, changes in will execution, and problems of construction in future interests. Overviews the Federal Transfer Tax laws relating to estates and trusts, deductions in computing taxable estates, asset valuation, and credits. Generally, emphasis is placed on the Uniform Probate Code throughout the text.

Writings on American History

The Sons of the American Revolution Magazine

The Second Edition of Concepts and Insights on Trusts and Estates makes complex doctrinal rules easier to understand by exploring the history and rationale behind those rules. The analysis is thorough, and focuses both on common law doctrines and statutory reforms with an emphasis on the Uniform Probate Code (including the 2008 amendments). Each substantive chapter closes with a set of exam-like problems designed to test understanding of the material included in the chapter. The authors also include thorough solutions to each of these problems. This is the only book in the field that combines thorough doctrinal analysis with more than 60 review problems, each with complete solutions.

The National Cyclopaedia of American Biography

Scott and Ascher on Trusts

Proceedings of the American Anti-Slavery Society at its third decade, held in the city of Philadelphia, Dec. 3rd and 4th, 1863, with an appendix and a catalogue of Anti-Slavery publications in America from 1750 to 1863

This book explores the intersecting issues relating the phenomenon of ageing to gender and family law. The latter has tended to focus mainly on family life in young and middle age; and, indeed, the issues of childhood and parenting are key in many family law texts. Family life for older members has, then, been largely neglected; addressing this neglect, the current volume explores how the issues which might be important for younger people are not necessarily the same as those for older people. The significance of family, the nature of family life, and the understanding of self in terms of one's relationships, tend to change over the life course. For example, the state may play an increasing role in the lives of older people - as access to services, involvement in work and the community, the ability to live independently, and to form or maintain caring relationships, are all impacted by law and policy. This collection therefore challenges the standard models of family life and family law that have been developed within a child/parent-centred paradigm, and which may require rethinking in the turn to family life in old age. Interdisciplinary in its scope and orientation, this book will appeal not just to academic family lawyers and students interested in issues around family law, ageing, gender, and care; but also to sociologists and ethicists working in these areas.

Dictionary of Historical Allusions

Explores the founding fathers' more radical contemporaries, who advocated for true liberty for all at the United States' inception, including the abolition of slavery and equality despite race, class, or gender.

Churchill and the Archangel Fiasco

This third volume in Michael Kettle's series on Allied intervention in the Russian civil war, begins at the point when small-scale Allied intervention in Bolshevik-overrun Russia had failed, but had succeeded in covering the formation of some anti-Bolshevik White groups sympathetic to allied aid. Written on a panoramic basis which includes detailed documents from both sides, Kettle reveals what each side's leadership had to face as the Russian kaleidoscope constantly changed. Kettle argues that British intervention was doomed to failure and that the White Russians became expendable British pawns in a temporary forward holding position, designed to contain the Bolshevik inferno within Russia. The strategic and military miscalculations of British medium intervention thus prolonged the Russian civil war, and caused a further 14 million Russian deaths. Using Churchill's previously unpublished, last papers and recently available French documents, Kettle provides a fascinating and in-depth analysis of the 'Archangel Fiasco'.

New Catholic World

A Necessary Evil

Religion, revolution, and English radicalism

In A Necessary Evil, Pulitzer Prize-winning author Garry Wills shows that distrust of government is embedded deep in the American psyche. From the revolt of the colonies against king and parliament to present-day tax revolts, militia

movements, and debates about term limits, Wills shows that American antigovernment sentiment is based on a fundamental misunderstanding of our history. By debunking some of our fondest myths about the Founding Fathers, the Constitution, and the taming of the frontier, Wills shows us how our tendency to hold our elected government in disdain is misguided.

The Independent

Offers practical tips on estate planning, featuring a chapter on Medicaid and sharing vital information on how to save heirs the cost and delay of probate

Wills, Trusts, and Estates

The Law Times

Trusts and Estates

Arming America

Draws on archival material to challenge popular misconceptions about the American belief system about arms rights, tracing "gun fever" to its European origins while documenting the rarity of firearms in early America as well as the technological advances and events that made guns an integral part of American life. Original.

The Anti-Jacobin Review and Magazine

Farrelly uses America's early history of anti-Catholicism to reveal contemporary American understandings of freedom, government, God, the individual, and the community.

Probate and Property

“The most revealing book ever published on Mao, perhaps on any dictator in history.”—Professor Andrew J. Nathan, Columbia University From 1954 until Mao Zedong's death twenty-two years later, Dr. Li Zhisui was the Chinese ruler's personal physician, which put him in daily—and increasingly intimate—contact with Mao and his inner circle. In *The Private Life of Chairman Mao*, Dr. Li vividly reconstructs his extraordinary experience at the center of Mao's decadent imperial court. Dr. Li clarifies numerous long-standing puzzles, such as the true nature of Mao's feelings toward the United States and the Soviet Union. He describes Mao's deliberate rudeness toward Khrushchev and reveals the actual catalyst of Nixon's historic visit. Here are also surprising details of Mao's personal depravity (we see him dependent on barbiturates and refusing to wash, dress, or brush his teeth) and the sexual politics of his court. To millions of Chinese, Mao was more god than man, but for Dr. Li, he was all too human. Dr. Li's intimate account of this lecherous, paranoid tyrant, callously indifferent to the suffering of his people, will forever alter our view of Chairman Mao and of China under his rule. Praise for *The Private Life of Chairman Mao* “From now on no one will be able to pretend to understand Chairman Mao's place in history without reference to this revealing account.”—Professor Lucian Pye, Massachusetts Institute of Technology “Dr. Li does for Mao what the physician Lord Moran's memoir did for Winston Churchill—turns him into a human being. Here is Mao unveiled: eccentric, demanding, suspicious, unregretful, lascivious, and unfailingly fascinating. Our view of Mao will never be the same again.”—Ross Terrill, author of *China in Our Time* “An extraordinarily intimate portrait of Mao. [Dr. Li] portrays [Mao's imperial court] as a place of boundless decadence, licentiousness, selfishness, relentless toadying and cutthroat political intrigue.”—Richard Bernstein, *The New York Times* “One of the most provocative books on Mao to appear since the publication of Edgar Snow's *Red Star Over China*.”—Paul G. Pickowicz, *The Wall Street Journal*

Proceedings of the American Anti-slavery Society

This casebook presents a functional approach to Trusts and Estates. In addition to a focus on recent cases, the book uses questions and problems to focus student attention on issues that face estate planners, litigators and policy makers. In each chapter, it integrates discussion of drafting and planning issues with its treatment of doctrine and policy. In addition, this casebook is accompanied by power point slides to use in explaining concepts for which diagrams are useful, such as intestate succession, the elective share, anti-lapse statutes, abatement and future interests. The unusually helpful teacher's manual includes not only case summaries and detailed legal analysis, but detailed lesson plans and discussion questions for those new to law teaching.

Ageing, Gender and Family Law

Revolutionary Founders

A critical and in-depth analysis of access to justice from international and Islamic perspectives, with a specific focus on access by women.

Maryland's Revolution of Government, 1689-1692

ENOUGH IS ENOUGH. With probate attorneys siphoning estates for an estimated \$25 BILLION annually, it is time for the public to FIGHT BACK. Having the RIGHT PLAN in place can help your family AVOID COURT, keep your assets from being depleted by COMPLEX REGULATIONS, and maintain FINANCIAL STABILITY during a crisis. It is time to proclaim that your loved ones will be EMPOWERED and PROTECTED, and they will not be taken advantage of by the court system and probate attorneys any more. You will learn the common pitfalls, misconceptions and "folk remedies" pushed by greedy or unknowing attorneys that can put your plans in jeopardy and cost you and your loved thousands of dollars in unnecessary expenses and taxes. You will learn the single best planning solution for avoiding probate court. And you will learn how to work with true professionals who have your interests at heart to provide you with privacy, security, and peace of mind. and much, much more.
