### **Death to the Infidels**

Presents a critical analysis of the differences between Christianity and Islam and maintains that Islam contains a political agenda which endorses violence and aggression against non-Muslims.

### **Because They Hate**

While the United States, and indeed most of the Western world, fights an active war against Islamic terrorism, we remain in deep denial about who truly is the enemy. Elites across North America and Europe fight to silence those who argue, compellingly, that the roots of terrorism are within Islam itself which has evolved into far more than a religion—it is a radical and dangerous political ideology which consciously, if often tacitly, places itself in opposition to democracy and basic human rights. Robert Spencer, one of the world's foremost critical scholars of Islam, has been labeled Public Enemy #1 by those who apologize for Islam and its violent excesses. He has been called a propagandist, a racist, and an "Islamophobe"—a term that he willingly embraces in this provocative and important book. There needs to be a thoroughgoing and honest public discussion of the acceptable parameters of criticism of Islam in light of genuine interests not only of national security but of civilizational survival. Our lives, quite literally, could depend on it, as could those of our children and our children's children. Confessions of an Islamophobe is an attempt to begin that discussion.

### **Koran Curious - a Guide for Infidels and Believers**

A sweeping history of the often-violent conflict between Islam and the West, shedding a revealing light on current hostilities The West and Islam -- the sword and scimitar -- have clashed since the mid-seventh century, when, according to

Muslim tradition, the Roman emperor rejected Prophet Muhammad's order to abandon Christianity and convert to Islam, unleashing a centuries-long jihad on Christendom. *Sword and Scimitar* chronicles the decisive battles that arose from this ages-old Islamic jihad, beginning with the first major Islamic attack on Christian land in 636, through the Muslim occupation of nearly three-quarters of Christendom which prompted the Crusades, followed by renewed Muslim conquests by Turks and Tatars, to the European colonization of the Muslim world in the 1800s, when Islam largely went on the retreat -- until its reemergence in recent times. Using original sources in Arabic and Greek, preeminent historian Raymond Ibrahim describes each battle in vivid detail and explains how these wars and the larger historical currents of the age reflect the cultural fault lines between Islam and the West. The majority of these landmark battles -- including the battles of Yarmuk, Tours, Manzikert, the sieges at Constantinople and Vienna, and the crusades in Syria and Spain--are now forgotten or considered inconsequential. Yet today, as the West faces a resurgence of this enduring Islamic jihad, *Sword and Scimitar* provides the needed historical context to understand the current relationship between the West and the Islamic world -- and why the Islamic State is merely the latest chapter of an old history.

## **The Politically Incorrect Guide to the Middle East**

Argues that Christianity is more peaceful, moral, reasonable, and tolerant of other religions than Islam and that the western world must regain an appreciation of its Christian roots in order to stand firm against the threat of Islamic jihadists.

## **The Infidel Stain**

Brigitte Gabriel lost her childhood to militant Islam. In 1975 she was ten years old and living in Southern Lebanon when militant Muslims from throughout the Middle East poured into her country and declared jihad against the Lebanese Christians. Lebanon was the only Christian influenced country in the Middle East, and the Lebanese Civil War was the first front in what has become the worldwide jihad of fundamentalist Islam against non-Muslim peoples. For seven years, Brigitte and her parents lived in an underground bomb shelter. They had no running water or electricity and very little food; at times they were reduced to boiling grass to survive. *Because They Hate* is a political wake-up call told through a very personal memoir frame. Brigitte warns that the US is threatened by fundamentalist Islamic theology in the same way Lebanon was— radical Islam will stop at nothing short of domination of all non-Muslim countries. Gabriel saw this mission start in Lebanon, and she refuses to stand silently by while it happens here. Gabriel sees in the West a lack of understanding and a blatant ignorance of the ways and thinking of the Middle East. She also points out mistakes the West has made in consistently underestimating the single-mindedness with which fundamentalist Islam has pursued its goals over the past thirty years. Fiercely articulate and passionately committed, Gabriel tells her own story as well as outlines the history, social movements, and religious divisions that have led to this critical historical conflict.

## **MBS**

"[A] summer must read." — SEAN HANNITY, Fox News "[No Go Zones] should be required reading for conservatives, Republicans, liberals, teachers, students, reporters, editors, and activists all alike." —NIGEL FARAGE, Member of the European Parliament

No Go Zones. That's what they're called. And while the politically correct try to deny their existence, the shocking reality of these "No Go Zones"—where Sharia law can prevail and local police stay away—can be attested to by its many victims. Now Raheem Kassam, a courageous reporter and editor at Breitbart, takes us where few journalists have dared to tread—inside the No Go Zones, revealing areas that Western governments, including the United States, don't want to admit exist within their own borders. With compelling reporting, Kassam takes you into Islamic areas you might not even know existed—communities, neighborhoods, and whole city districts from San Bernardino, California, (a No Go Zone of the mind) to Hamtramck, Michigan (essentially an Islamic colony in the Midwest); from Malmö, Sweden, to the heart of London, England—where infidels are unwelcome, Islamic law is king, and extremism grows. In No Go Zones, Kassam reveals: How in No Go Zones a blind eye is being turned to polygamy, female genital mutilation, sexual assault, segregation, and even honor killings Why Muslim ghettos in the West aren't the equivalent of Little Italy or Chinatown, but a serious cultural and political threat How the welfare state actually funds and supports a Muslim subculture of resentment How to identify extremist mosques A matter of numbers: how mass migration could transform Europe into a Muslim-dominated continent within our own lifetimes The alarming speed at which No Go Zones are coming to America Compelling in its reporting, shocking in its detail, Raheem Kassam's No Go Zones is one of the most frightening true stories you will read this year.

## **Confessions of an Islamophobe**

"JUST STAY QUIET AND YOU'LL BE OKAY." That's what Mohamed Atta told the doomed airline passengers on 9/11. And we still hear the exact same message today from the powerful but shadowy lobby that is working behind the scenes to gut the First Amendment and prohibit "hate speech"—or any criticism—of Islam. As bestselling author Robert Spencer shows in his startling new book, *The Complete Infidel's Guide to Free Speech (and Its Enemies)*, aggressive Muslims and their appeasers have mounted a dangerous and disturbingly successful campaign against our constitutional rights. Spencer reveals: How social media behemoths Facebook and Twitter—not to mention student groups at American college campuses—are doing the bidding of anti-First Amendment Muslim activists Why core Islamic teachings make criticism of Islam punishable by death How American representatives at the United Nations have already agreed to limit freedom of speech How Curt Schilling and other outspoken conservatives have lost their jobs for criticizing Islam Why Twitter and Facebook now regularly censor speech critical of Islam—while allowing death threats against its critics How blasphemy laws in Muslim countries are used as a pretext for arresting, even lynching Christians How European "hate speech" laws are used to prosecute and harass critics of Islam Why appeasement of Islam is endangering our First Amendment freedoms and could lead to your prosecution for "hate speech" If you value your First Amendment rights, you owe it to yourself to read *The Complete Infidel's Guide to Free Speech (and Its Enemies)*. It will give you the information and tools you need to fight back—because Islam and its progressive fellow travelers have only begun their

campaign to define what you can read, say, and think.

## **Did Muhammad Exist?**

Now that the Arab-Israeli conflict is fueled by Muslim hatred of the Jews, what started as a political dispute has transformed into an out-and-out religious war

## **Onward Muslim Soldiers**

It is taken for granted, even among many Washington policymakers, that Islam is a fundamentally peaceful religion and that Islamic jihad terrorism is something relatively new, a product of the economic and political ferment of the twentieth century. But in *The History of Jihad: From Muhammad to ISIS*, Islamic scholar Robert Spencer proves definitively that Islamic terror is as old as Islam itself, as old as Muhammad, the prophet of Islam, who said "I have been made victorious through terror." Spencer briskly traces the 1,400-year war of Islamic jihadis against the rest of the world, detailing the jihad against Europe, including the 700-year struggle to conquer Constantinople; the jihad in Spain, where non-Muslims fought for another 700 years to get the jihadi invaders out of the country; and the jihad against India, where Muslim warriors and conquerors wrought unparalleled and unfathomable devastation in the name of their religion. Told in great part in the words of contemporary chroniclers themselves, both Muslim and non-Muslim, *The History of Jihad* shows that jihad warfare has been a constant of Islam from its very beginnings, and present-day jihad terrorism proceeds along exactly the same ideological and theological foundations as did the great Islamic warrior states and jihad commanders of the past. *The History of Jihad: From Muhammad to ISIS* is the first one-volume history of jihad in the English language, and the first book to tell the whole truth about Islam's bloody history in an age when Islamic jihadis are more assertive in Western countries than they have been for centuries. This book is indispensable to understanding the geopolitical situation of the twenty-first century, and ultimately to formulating strategies to reform Islam and defeat radical terror.

## **Sword and Scimitar**

The author of *The Caged Virgin* recounts the story of her life, from her traditional Muslim childhood in Somalia and escape from a forced marriage to her efforts to promote women's rights while surviving numerous threats to her safety. Reprint. 100,000 first printing.

## **The Complete Infidel's Guide to the Koran**

*The Book of Curiosities* is an eleventh-century Arabic account of the heavens and the Earth, illustrated by remarkable maps and astronomical diagrams. This authoritative edition and translation opens a unique window onto the geographical and astrological knowledge of medieval Islam.

## **The Politically Incorrect Guide to the Great Depression and the New Deal**

Best-selling author Robert Spencer compares Islam with Christianity and shows that, far from being "sister religions" with similar core doctrines and morals, they're actually separated by "a great chasm" of belief and practice. A much-needed rejoinder to those who dream of an easy alliance between the two faiths.

## **The Atheist Muslim**

Wars aren't always violent. Stealth Jihad exposes the silent, insidious, secret war jihadists are waging on our nation. A war fought not by violence, but by culture, is perhaps the most dangerous war of all.

## **Deadly Consequences**

Infidel feminism is the first in-depth study of a distinctive brand of women's rights that emerged out of the Victorian Secularist movement. It looks at the lives and work of a number of female activists, whose renunciation of religion shaped their struggle for emancipation. Anti-religious or secular ideas were fundamental to the development of feminist thought, but have, until now, been almost entirely passed over in the historiography of the Victorian and Edwardian women's movement. In uncovering an important tradition of Freethinking feminism, this book reveals an ongoing radical and free love current connecting Owenite feminism with the more 'respectable' post-1850 women's movement and the 'New Women' of the early twentieth century. This book will be invaluable to both scholars and students of social and cultural history and feminist thought, and to interdisciplinary studies of religion and secularisation, as well as those interested in the history of women's movements more broadly.

## **They Say We Are Infidels**

Boko Haram's appetite for violence and kidnapping women has thrust them to the top of the global news agenda. In a few years they all but severed parts of Nigeria-Africa's most populous state and largest economy-from the hands of the government. When Boko Haram speaks, the world sees a grimacing ranting demagogue who taunts viewers claiming he will 'eat the heart of the infidels' and calling on Nigerians to reject their corrupt democracy and return to a 'pure' form of Islam. Thousands have been slaughtered in their campaign of purification which has evolved through a five-year bloody civil war. Civilians are trapped between the militants and the military and feel preyed upon by both. Boko Haram did not emerge fully formed. In Northern Nigeria, which has witnessed many caliphates in the past, radical ideas flourish and strange sects are common. For decades, Nigeria's politicians and oligarchs fed on the resources of a state buoyed by oil and turned public institutions into spoons for the pot. When the going was good it didn't matter. But now a new ravenous force threatens Nigeria.

## **Stealth Jihad**

Are jihadists dying for a fiction? Everything you thought you knew about Islam is about to change. Did Muhammad exist? It is a question that few have thought—or dared—to ask. Virtually everyone, Muslim and non-Muslim alike, takes for granted

that the prophet of Islam lived and led in seventh-century Arabia. But this widely accepted story begins to crumble on close examination, as Robert Spencer shows in his eye-opening new book. In his blockbuster bestseller *The Truth about Muhammad*, Spencer revealed the shocking contents of the earliest Islamic biographical material about the prophet of Islam. Now, in *Did Muhammad Exist?*, he uncovers that material's surprisingly shaky historical foundations. Spencer meticulously examines historical records, archaeological findings, and pioneering new scholarship to reconstruct what we can know about Muhammad, the Qur'an, and the early days of Islam. The evidence he presents challenges the most fundamental assumptions about Islam's origins. *Did Muhammad Exist?* reveals:

- How the earliest biographical material about Muhammad dates from at least 125 years after his reported death
- How six decades passed before the Arabian conquerors—or the people they conquered—even mentioned Muhammad, the Qur'an, or Islam
- The startling evidence that the Qur'an was constructed from existing materials—including pre-Islamic Christian texts
- How even Muslim scholars acknowledge that countless reports of Muhammad's deeds were fabricated
- Why a famous mosque inscription may refer not to Muhammad but, astonishingly, to Jesus
- How the oldest records referring to a man named Muhammad bear little resemblance to the now-standard Islamic account of the life of the prophet
- The many indications that Arabian leaders fashioned Islam for political reasons

Far from an anti-Islamic polemic, *Did Muhammad Exist?* is a sober but unflinching look at the origins of one of the world's major religions. While Judaism and Christianity have been subjected to searching historical criticism for more than two centuries, Islam has never received the same treatment on any significant scale. The real story of Muhammad and early Islam has long remained in the shadows. Robert Spencer brings it into the light at long last.

## **The Politically Incorrect Guide to the Founding Fathers**

Blake and Avery return in the stunning sequel to M. J. Carter's lauded fiction debut, *The Strangler Vine*. London, 1841. Returned from their adventures in India, Jeremiah Blake and William Avery have both had their difficulties adapting to life in Victorian England. Moreover, time and distance have weakened the close bond between them, forged in the jungles of India. Then a shocking series of murders in the world of London's gutter press forces them back together. The police seem mysteriously unwilling to investigate, then connections emerge between the murdered men and the growing and unpredictable movement demanding the right to vote for all. In the back streets of Drury Lane, among criminals, whores, pornographers, and missionaries, Blake and Avery must race against time to find the culprit before he kills again. But what if the murderer is being protected by some of the highest powers in the land? From the Hardcover edition.

## **A God Who Hates**

From the front page of *The New York Times* to YouTube, Dr. Wafa Sultan has become a force radical Islam has to reckon with. For the first time, she tells her story and what she learned, first-hand, about radical Islam in *A God Who Hates*, a passionate memoir by an outspoken Arabic woman that is also a cautionary tale for the West. She grew up in Syria in a culture ruled by a god who hates women. "How can such a culture be anything but barbarous?", Sultan asks. "It can't", she

concludes "because any culture that hates its women can't love anything else." She believes that the god who hates is waging a battle between modernity and barbarism, not a battle between religions. She also knows that it's a battle radical Islam will lose. Condemned by some and praised by others for speaking out, Sultan wants everyone to understand the danger posed by A God Who Hates.

## **An Eleventh-Century Egyptian Guide to the Universe**

Provides irrefutable evidence that not only did government interference with the market cause the Great Depression (and our current economic collapse), but Herbert Hoover's and Franklin Delano Roosevelt's big government policies afterwards made it much longer and much worse.--From publisher description.

## **The Complete Infidel's Guide to Free Speech (and Its Enemies)**

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

## **The Politically Incorrect Guide to Islam (And the Crusades)**

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

## **Islam Unveiled**

The Complete Infidel's Guide to the Koran exposes how the Koran incites hatred and violence and is anti-democratic, anti-freedom, and intolerant of any other ideology. Stripping out the obsolete debate, The Complete Infidel's Guide to the Koran focuses on the decrees toward Jews and Christians, how they were viewed by Muhammad, what "the infidels" have done wrong and what the Koran has in store for them. The Complete Infidel's Guide to the Koran is the essential primer to comprehending one of the most cryptic and misunderstood religious texts. Robert Spencer sheds light on the violence inherent in the Koran and reveals the frightening implications for the War on Terror, the U.S. and the world. In The Complete Infidel's Guide to the Koran you will learn: The true meaning of celebrated and seemingly benign verses, such as "Strive in the way of Allah" and "Persecution is worse than slaughter" How the Koran sanctions domestic abuse, honor killing, and murder How the Koran not only discourages Infidels from reading it, but mandates that they don't even touch it Why Obama, Clinton, and others are dangerously close to supporting a multiculturalism based on an ideology that aims to destroy the principles America holds dear

## **Infidel**

A haunted house story for the 21st century, INFIDEL follows an American Muslim woman and her multi-racial neighbors who move into a building haunted by entities that feed off xenophobia. Best-selling editor PORNSAK PICHETSHOTE (Swamp Thing, Daytripper, The Unwritten) makes his comics writing debut alongside artist extraordinaire AARON CAMPBELL (The Shadow, James Bond: Felix

Leiter), award-winning colorist and editor JOSE VILLARRUBIA (Batman: Year 100, Spider-Man: Reign) and letterer / designer JEFF POWELL (SCALES AND SCOUNDRELS). Like nothing I've read before Highly recommended. STEVE NILES (30 Days of Night, WINNEBAGO GRAVEYARD) Believable horror that's as unsettling as it is beautiful to look at. JOCK (WYTCHEs) "Brilliant horror with a terrifying contemporary resonance. This feels way, way too real." - MIKE CAREY (Lucifer) Collects INFIDEL #1-5

## **A Religion of Peace?**

### **The Myth of Islamic Tolerance**

A collection of essays on Islamic culture seeks to explode the vision of tolerant Muslim societies by revealing a history of injustice and oppression against non-Muslim populations and examines the impact this cultural bias has in the modern world.

### **"Eat the Heart of the Infidel"**

Examines the Middle East from the decline of the Ottoman Empire to the present, discussing such topics as the history of radical Islam, the conflicts between the Arabs and Israelis, and political movements in Iran, Iraq, and Saudi Arabia.

### **Life of Mohammed**

In "Onward Muslim Soldiers," the author of "Islam Unveiled" reveals why the threat of violent jihad is growing daily, despite America's recent victory in Iraq. Spencer uncovers the cause of global violence as he goes straight to Muslim sources

### **Infidel Kings and Unholy Warriors**

A gripping, behind-the-scenes portrait of the rise of Saudi Arabia's secretive and mercurial new ruler "A rare and penetrating look behind the curtain of the world's most important family and its dangerous new leader."—Lawrence Wright, author of *The Looming Tower* MBS is the untold story of how a mysterious young prince emerged from Saudi Arabia's sprawling royal family to overhaul the economy and society of the richest country in the Middle East—and gather as much power as possible into his own hands. Since his father, King Salman, ascended to the throne in 2015, Mohammed bin Salman has leveraged his influence to restructure the kingdom's economy, loosen its strict Islamic social codes, and confront its enemies around the region, especially Iran. That vision won him fans at home and on Wall Street, in Silicon Valley, in Hollywood, and at the White House, where President Trump embraced the prince as a key player in his own vision for the Middle East. But over time, the sheen of the visionary young reformer has become tarnished, leaving many struggling to determine whether MBS is in fact a rising dictator whose inexperience and rash decisions are destabilizing the world's most volatile region. Based on years of reporting and hundreds of interviews, MBS reveals the machinations behind the kingdom's catastrophic military intervention in Yemen,

the bizarre detention of princes and businessmen in the Riyadh Ritz-Carlton, and the shifting Saudi relationships with Israel and the United States. And finally, it sheds new light on the greatest scandal of the young autocrat's rise: the brutal killing of journalist Jamal Khashoggi by Saudi agents in Istanbul, a crime that shook Saudi Arabia's relationship with Washington and left the world wondering whether MBS could get away with murder. MBS is a riveting, eye-opening account of how the young prince has wielded vast powers to reshape his kingdom and the world around him.

## **Not Peace But a Sword**

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

## **The Palestinian Delusion**

In much of the Muslim world, religion is the central foundation upon which family, community, morality, and identity are built. The inextricable embedment of religion in Muslim culture has forced a new generation of non-believing Muslims to face the heavy costs of abandoning their parents' religion: disowned by their families, marginalized from their communities, imprisoned, or even sentenced to death by their governments. Struggling to reconcile the Muslim society he was living in as a scientist and physician and the religion he was being raised in, Ali A. Rizvi eventually loses his faith. Discovering that he is not alone, he moves to North America and promises to use his new freedom of speech to represent the voices that are usually quashed before reaching the mainstream media—the Atheist Muslim. In *The Atheist Muslim*, we follow Rizvi as he finds himself caught between two narrative voices he cannot relate to: extreme Islam and anti-Muslim bigotry in a post-9/11 world. *The Atheist Muslim* recounts the journey that allows Rizvi to criticize Islam—as one should be able to criticize any set of ideas—without demonizing his entire people. Emotionally and intellectually compelling, his personal story outlines the challenges of modern Islam and the factors that could help lead it toward a substantive, progressive reformation.

## **The Complete Infidel's Guide to Iran**

'Koran Curious' is arguably the most concise examination of the Islamic faith on bookshelves today. Werleman bravely goes where only angels dare tread, and he does so in a manner that Muslims will find revealing in regards to the historical origins of their own faith. An end-to-end read of 'Koran Curious' will leave you with not only a deep-level understanding of Islam, it will also explain why the world's fastest growing religion has indeed been hijacked and misinterpreted by Islamic extremists and Christian-Jewish influences alike.

## **God's War on Terror**

An in-depth portrait of the Crusades-era Mediterranean world, and a new understanding of the forces that shaped it In *Infidel Kings and Unholy Warriors*, the award-winning scholar Brian Catlos puts us on the ground in the Mediterranean

world of 1050–1200. We experience the sights and sounds of the region just as enlightened Islamic empires and primitive Christendom began to contest it. We learn about the siege tactics, theological disputes, and poetry of this enthralling time. And we see that people of different faiths coexisted far more frequently than we are commonly told. Catlos's meticulous reconstruction of the era allows him to stunningly overturn our most basic assumption about it: that it was defined by religious extremism. He brings to light many figures who were accepted as rulers by their ostensible foes. Samuel B. Naghrilla, a self-proclaimed Jewish messiah, became the force behind Muslim Granada. Bahram Pahlavuni, an Armenian Christian, wielded power in an Islamic caliphate. And Philip of Mahdia, a Muslim eunuch, rose to admiral in the service of Roger II, the Christian "King of Africa." What their lives reveal is that, then as now, politics were driven by a mix of self-interest, personality, and ideology. Catlos draws a similar lesson from his stirring chapters on the early Crusades, arguing that the notions of crusade and jihad were not causes of war but justifications. He imparts a crucial insight: the violence of the past cannot be blamed primarily on religion.

## **No Go Zones**

In "Islam Unveiled," Robert Spencer dares to face the hard questions about what the Islamic religion actually teaches--and the potentially ominous implications of those teachings for the future of both the Muslim world and the West. Going beyond the shallow distinction between a "true" peaceful Islam and the "hijacked" Islam of terrorist groups, Spencer probes the Koran and Islamic traditions (as well as the history and present-day situation of the Muslim world) as part of his inquiry into why the world's fastest growing faith tends to arouse fanaticism. "Islam Unveiled" evaluates the relationship between Islamic fundamentalism and "mainstream" Islam; the fixation with violence and jihad; the reasons for Muslims' disturbing treatment of women; and devastating effects of Muslim polygamy and Islamic divorce laws. Spencer explores other daunting questions--why the human rights record of Islamic countries is so unrelievedly grim and how the root causes of this record exist in basic Muslim beliefs; why science and high culture died out in the Muslim world--and why this is a root cause of modern Muslim resentment. He evaluates what Muslims learn from the life of Muhammad, the man that Islam hails as the supreme model of human behavior. Above all, this provocative work grapples with the question that most preoccupies us today: can Islam create successful secularized societies that will coexist peacefully with the West's multicultural mosaic?

## **Infidel feminism**

Now with a new chapter! "Everywhere militants were blowing up Christians, their churches, their shops. They threatened them with kidnapping. They promised to take their children. The message to these 'infidels': You have no place in Iraq. Pay a penalty to stay, leave, or be killed." Sweeping from Syria into Iraq, Islamic State fighters (ISIS) have been brutalizing and annihilating Christians. How? Why? Where did the terrorists come from, and what can be done to stop them? For more than a decade, journalist Mindy Belz has reported on the ground from the Middle East, giving her unparalleled access to the story no one wants to believe. In *They Say We Are Infidels*, she brings the stark reality of this escalating genocide to light,

tracking the stories of real-life Christians who refuse to abandon their faith—even in the face of losing everything, including their lives. As *Reading Lolita in Tehran* did for Iran and *We Wish to Inform You That Tomorrow We Will Be Killed with Our Families* did for Rwanda, *They Say We Are Infidels* shines light into the Middle East through the stories of everyday heroes and heroines who will not be silenced. A must-read for anyone seeking a firmer grasp on the complex dynamics at play in war-torn Iraq and Syria, *They Say We Are Infidels* is the eye-opening and revelatory testimony of a journalist who heads into a war zone—and is forever changed by the people she encounters there.

## **The History of Jihad**

Every new American President has a plan to bring about peace between the Israelis and the Palestinians, and every one fails. Every “peace process” has failed in its primary objective: to establish a stable and lasting accord between the two parties, such that they can live together side-by-side in friendship rather than enmity. But why? And what can be done instead? While this failure is a consistent pattern stretching back decades, there is virtually no public discussion or even basic understanding of the primary reason for this failure. *The Palestinian Delusion* is unique in situating the Israeli/Palestinian conflict within the context of the global jihad that has found renewed impetus in the latter portion of the twentieth century and the beginning of the twenty-first. Briskly recounting the tumultuous history of the “peace process,” Robert Spencer demonstrates that the determination of diplomats, policymakers, and negotiators to ignore this aspect of the conflict has led the Israelis, the Palestinians, and the world down numerous blind alleys. This has often only exacerbated, rather than healed, this conflict. *The Palestinian Delusion* offers a general overview of the Zionist settlement of Palestine, the establishment of the State of Israel, and the Arab Muslim reaction to these events. It explores the dramatic and little-known history of the various peace efforts—showing how and why they invariably broke down or failed to be implemented fully. *The Palestinian Delusion* also provides shocking evidence from the Palestinian media, as well as statements from the Palestinian leadership, showing that negotiations between Israel and the Palestinians will never work. But there is still cause for hope. Spencer delineates a realistic, viable alternative to the endless and futile “peace process,” that shows how the Jewish State and the Palestinian Arabs can truly coexist in peace—without illusions or unrealistic expectations.

## **A Little History of the World**

Proposes that the Middle East and the Islamic faith--rather than Europe and Christianity--will initiate the End of Times, discussing the connections between the Bible, current world events, the Koran, and the Antichrist.

## **The Truth About Muhammad**

With an important introduction by C. Everett Koop and passionate endorsements from Senator Edward M. Kennedy and public officials from every major city in the U.S., this authoritative and timely guide calls for the diagnosis and treatment of

urban violence as a public health crisis.

## **Infidels and Empires in a New World Order**

E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

## **Infidel**

Muhammad: a frank look at his influential (and violent) life and teachings In *The Truth about Muhammad*, New York Times bestselling author and Islam expert Robert Spencer offers an honest and telling portrait of the founder of Islam—perhaps the first such portrait in half a century—unbounded by fear and political correctness, unflinching, and willing to face the hard facts about Muhammad's life that continue to affect our world today. From Muhammad's first "revelation" from Allah (which filled him with terror that he was demonpossessed) to his deathbed (from which he called down curses upon Jews and Christians), it's all here—told with extensive documentation from the sources that Muslims themselves consider most reliable about Muhammad. Spencer details Muhammad's development from a preacher of hellfire and damnation into a political and military leader who expanded his rule by force of arms, promising his warriors luridly physical delights in Paradise if they were killed in his cause. He explains how the Qur'an's teaching on warfare against unbelievers developed—with constant war to establish the hegemony of Islamic law as the last stage. Spencer also gives the truth about Muhammad's convenient "revelations" justifying his own licentiousness; his joy in the brutal murders of his enemies; and above all, his clear marching orders to his followers to convert non-Muslims to Islam—or force them to live as inferiors under Islamic rule. In *The Truth about Muhammad*, you'll learn - The truth about Muhammad's multiple marriages (including one to a nine-year-old) - How Muhammad set legal standards that make it virtually impossible to prove rape in Islamic countries - How Muhammad's example justifies jihad and terrorism - The real "Satanic verses" incident (not the Salman Rushdie version) that remains a scandal to Muslims - How Muhammad's faulty knowledge of Judaism and Christianity has influenced Islamic theology—and colored Muslim relations with Jews and Christians to this day. Recognizing the true nature of Islam, Spencer argues, is essential for judging the prospects for largescale Islamic reform, the effective

prosecution of the War on Terror, the democracy project in Afghanistan and Iraq, and immigration and border control to protect the United States from terrorism. All of which makes it crucial for every citizen (and policymaker) who loves freedom to read and ponder The Truth about Muhammad

## **The Complete Infidel's Guide to ISIS**

Before international relations in the West, there were Christian-infidel relations. *Infidels and Empires in a New World Order* decenters the dominant story of international relations beginning with Westphalia in 1648 by looking a century earlier to the Spanish imperial debate at Valladolid addressing the conversion of native peoples of the Americas. In addition to telling this crucial yet overlooked story from the colonial margins of Western Europe, this book examines the Anglo-Iberian Atlantic to consider how the ambivalent status of the infidel other under natural law and the law of nations culminating at Valladolid shaped subsequent international relations in explicit but mostly obscure ways. From Hernán Cortés to Samuel Purchas, and Bartolomé de las Casas to New England Puritans, a host of unconventional colonial figures enter into conversation with Francisco de Vitoria, Hugo Grotius, and John Locke to reveal astonishing religious continuities and dissonances in early modern international legal thought with important implications for contemporary global society.
