America's most enduring hero, Jason Bourne, returns in a propulsive, fresh story for the Bourne canon that tests old skills--and uncovers new ones. After the death of his lover in a mass shooting, secret agent Jason Bourne is convinced that there is more to her murder than it seems. Worse, he believes that Treadstone--the agency that made him who he is, that trained him--is behind the killing. Bourne goes rogue, leaving Treadstone behind and taking on a new mission to infiltrate and expose an anarchist group, Medusa. But when a congresswoman is assassinated in New York, Bourne is framed for the crime, and he finds himself alone and on the run, hunted by both Treadstone and the tech cabal that had hired him. In his quest to stay one step ahead of his enemies, Bourne teams up with a journalist, Abbey Laurent, to figure out who was behind the frame-up, and to learn as much as he can about the ever-growing threat of the mysterious Medusa group. As more and more enemies begin to hunt Bourne, it's a race against the clock to discover who led him into a trap and what their next move may be.

waterside docks of Shanghai, a photographer is recording cargo being secretly loaded when he's brutally killed and his camera destroyed. Shortly thereafter Covert-One director Fred Klein brings the word to the President that there's a Chinese cargo ship rumored to be carrying tons of chemicals to be used by a rogue nation to create new biological weapons. The President cannot let the ship land and risk the consequences of a new stockpile of deadly chemical weapons. Klein is ordered to get the President solid proof of what the Chinese ship is ferrying. Covert-One agent Jon Smith is sent to rendezvous in Taiwan with another agent who has acquired the ship's true manifest. But before Smith can get the document, the two agents are ambushed, the second agent is murdered, the proof is destroyed, and Smith escapes with only his life, scant clues to mystery behind the cargo ship, and a verbal message---the President's biological father is still alive, held prisoner by the Chinese for fifty years. As the Chinese cargo ship draws ever closer to its end port, Smith must race against the clock to uncover the truth about the ship and its cargo, a truth that probes the deepest secrets of the Chinese ruling party, the faction in Washington working to undermine the elected government, and the international cabal who is thrusting the world to the very brink of war.

Paul Janson, a character first featured in Robert Ludlum's bestselling novel *The Janson Directive*, has a new goal: save the world, one operative, one mission, one redemption at a time. Reformed from his days of covert-operations, Paul Janson has set a new mission for himself. Working in partnership with champion sharpshooter Jessica Kincaid, he rehabilitates disenchanted agents and helps them create new lives outside of the violent intelligence sector. These former operatives then form a network of support for Janson when it comes to his other job--Janson also takes on independent assignments. For a fee, he'll use his skills to resolve international crises. But only those actions that he believes contribute to the greater good of all. Whether he's rescuing an American doctor from Somali pirates, attacking militant thugs intent on murdering a West African public servant agitating for human rights, or hunting the money-lenders who capitalize on barbaric civil war, Janson stays honest with three simple rules: 1) No torture. 2) No civilian casualties. 3) No killing anyone who doesn't try to kill them. Yet with his commitment to doing what is right--while facing canny intelligence operatives, ruthless warlords, deep sea marauders, or brutal dictators--Janson finds that his most difficult task is figuring out if he's fighting for the good side.

Robert Ludlum's The Lazarus Vendetta

In the tradition of such Ludlum classics as *The Chancellor Manuscript* and *The Icarus Agenda*, *The Bancroft Strategy* is a compelling novel of intrigue, where two figures find themselves facing a shadowy organization working to twist global politics to their own unsavory ends. When Todd Belknap - a legendary field agent for Consular Operations with a reputation as something of a cowboy - is cut loose from the agency after an operation goes wrong, his best friend and fellow agent is abducted in Lebanon by a militia group with a vicious reputation. When the government refuses to either rescue him or negotiate for his release, Belknap decides to take matters into his own hands. Meanwhile, hedge fund analyst Andrea Bancroft gets a surprising call - she is to receive an unexpected bequest of six million dollars from a cousin she never met. With one condition -- she must agree to sit on the board of the Bancroft family foundation, a charitable organization that is run by the family patriarch, Paul Newton. Having never been involved with, or even met, the family - her mother was briefly married to an Bancroft and cut off all contact many years ago - Andrea is intrigued. But the foundation, which is dedicated to doing strategic good deeds, appears less and less benign the more deeply involved she gets. What exactly is their involvement with the "Genesis" - a mysterious group working to destabilize the geopolitical balance at the risk of millions of lives? As events escalate, Todd Belknap and Andrea Bancroft come together and must form an uneasy alliance if they are to uncover the truth behind "Genesis" -- before it is too late.
