Garden of Flesh

Throughout time, people have chosen to adopt a vegetarian or vegan diet for a variety of reasons, from ethics to economy to personal and planetary well-being. Handbook for Hot Witches

The Guardian cartoonist relates the daily deadpan adventures of the last policeman living on the moon "Living on the moon . . . Whatever were we thinking? . . . It seems so silly now." The lunar colony is slowly winding down, like a small town circumvented by a new super highway. As our hero, the Mooncop, makes his daily rounds, his beat grows ever smaller, the population dwindles. A young girl runs away, a dog breaks off his leash, an automaton wanders off from the Museum of the Moon. Each day that the Mooncop goes to work, life gets a little quieter and

a little lonelier. As in Goliath, Tom Gauld's retelling of the Bible story, the focus in Gauld's science fiction is personal--no big explosions or grand reveals, just the incremental dissolution of an abandoned project and a person's slow awakening to his own uselessness. Depicted in the distinctive, matter-of-fact style of Gauld's beloved Guardian strips, Mooncop is equal parts funny and melancholy. Gauld captures essential truths about humanity, making this a story of the past, present, and future, all in one.

The Cake Bible

A Raw artist returns, and Atlantis exists, in this new and original graphic novel from one of the great Italian comics masters, published in English for the first time. In this graphic novel, Aqualantics maintain a fragile peace with their "surface brothers"—as long as their world remains a myth. But when an actor who plays the character of the "indefensible Earthman," all cynicism and vulgarity, is gradually possessed by his role, a chain reaction jeopardizes the entire kingdom and the uneasy peace between the two species. Giorgio Carpinteri's sheer graphic brilliance — fusing aspects of Futurism, Cubism, Russian Constructivism, and German Expressionism with echoes of Bauhaus and distinct whims of Art Deco —

would be enough to carry this brilliant fantasy, but Aqualantic is also a lyrical, allegorical masterpiece exploring the relationship between the conscious and unconscious, the known and the unknown.

Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. It spins the tale of the fierce evangelical Baptist, Nathan Price, who takes his wife and four daughters on a missionary journey into the heart of darkness of the Belgian Congo in 1959. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to be read and adored by millions worldwide.

What Do All Christians Believe? For many people, words like doctrine and theology cause their eyes to glaze over, or they find them difficult to understand and struggle to see how they are relevant to daily life. But theology is far from boring—it is the study of God and should lead to awe and wonder as we better understand who God is and what he has done for us. In *Core Christianity*, author, pastor, and theologian Mike Horton tackles the essential and basic beliefs that all Christians share. What is “core” to the Christian faith? In addition to unpacking these beliefs in a way that is easy to understand, Horton shows why they matter to our lives today. This introduction to the basic doctrines of Christianity is a helpful guide by a respected theologian and a popular author, and it includes discussion questions for individual or group use. *Core Christianity* is perfect for those who are new to the faith, as well as those who have an interest in deepening in their understanding of what it means to be a follower of Jesus Christ.

“Themes of guilt, Jewish identity, and the complex relationships among daughters, mothers, and grandmothers . . . expanded upon with humor and honesty.”

—School Library Journal A Kirkus Reviews Best Nonfiction Book of the Year and a New York Times Book Review Editors’ Choice In this illustrated memoir, Amy Kurzweil weaves her own coming-of-age as a young Jewish artist into the narrative of her mother, a psychologist, as well as Bubbe, her grandmother, a World War II survivor who escaped from the Warsaw Ghetto by disguising herself as a gentile. Captivated by Bubbe’s story, Amy turns to her sketchbooks, teaching herself to draw as a way to cope with what she discovers. Entwining the voices and histories of these three wise, hilarious, and very different women, Amy creates a portrait not only of what it means to be part of a family, but also of how each generation bears the imprint of the past. A retelling of the inherited Holocaust narrative now two generations removed, *Flying Couch* uses Bubbe’s real testimony to investigate the legacy of trauma, the magic of family stories, and the meaning of home. “I read *Flying Couch* in one sitting, without moving, literally laughed and literally cried.”
