to God's call on his life, there is true revival on the streets of the major cities of the world . . . from Los Angeles to New York, and from Amsterdam to Mexico City. Sonny tirelessly goes into the streets and alleys of the inner city, because he believes that the power of God can transform anyone, just as God transformed him. He also has committed his life to patiently disciple and nurture these new believers. This commitment comes from his firm belief that God wants to use them to go back into their old neighborhoods to reach others

and importance of not wasting time and energy concentrating on the problem, it's a waste of time, knowing the answer is never found in the problem it's always revealed in the answer. The search for significance to discover the real you which lives inside of you, that only God the Father can reveal unto you of who you were predestined, ordained, and anointed to be. You'll be taken on a fascinating and exciting journey in your inner most being where you'll locate hidden treasures and gifts, God has deposited inside of you like fireworks ready to explode and reveal the greatness inside of you. This book is filled with the Word of God, and will renew you in the spirit of your mind. You'll begin to look at problems as preparation, trouble, as training and transition, and if one is a doer of the Word and not a hearer only it will transform one into the more than conqueror and overcomer God has created us to be in Jesus Christ! May your testimony inspire readers to know the testimony of Jesus Christ: for the testimony of Jesus is the spirit of prophecy. Blessed is he that reads, and they that hear the words of this prophecy, and keep those things which are written therein: for the time is at hand. As you prophesy before many peoples, and nations, and tongues, and kings: may this book be like the little book of Revelation 10 when eaten makes the belly bitter, but it shall be in your mouth sweet as honey. Your fellow servant and of your brethren and father in the faith that have the testimony of Jesus. Pastor Houseworth Gary, Indiana

Jordan Peterson's Twelve Rules for Life meets Jocko Willink and Leif Babin's Extreme Ownership in this tough-love leadership book from a Navy SEAL and rising star in Republican politics. In 2012, on his third tour of duty, an improvised explosive device left Dan Crenshaw's right eye destroyed and his left blinded. Only through the careful hand of his surgeons, and what doctors called a miracle, did Crenshaw's left eye recover partial vision. And yet, he persevered, completing two more deployments. Why? There are certain stories we tell ourselves about the hardships we face -- we can become paralyzed by adversity or we can adapt and overcome. We can be fragile or we can find our fortitude. Crenshaw delivers a set of lessons to help you do just that. Most people's everyday challenges aren't as extreme as surviving combat, and yet our society is more fragile than ever: exploding with outrage, drowning in microaggressions, and devolving into divisive mob politics. The American spirit -- long characterized by grit and fortitude -- is unraveling. We must fix it. That's exactly what Crenshaw accomplishes with FORTITUDE. This book isn't about the problem, it's about the solution. And that solution begins with each and every one of us. We must all lighten up, toughen up, and begin treating our fellow Americans with respect and grace. FORTITUDE is a no-nonsense advice book for finding the strength to deal with everything from menial daily frustrations to truly difficult challenges. More than that, it is a roadmap for a more resilient American culture. With meditations on perseverance, failure, and finding much-needed heroes, the book is the antidote for a prevailing "safety culture" of trigger warnings and safe spaces.

Interspersed with lessons from history and psychology is Crenshaw's own story of how an average American kid from the Houston suburbs went from war zones to the halls of Congress -- and managed to navigate his path with a sense of humor and an even greater sense that, no matter what anyone else around us says or does, we are in control of our own destiny.

This book is a provocative and thoroughly documented reassessment of President Truman's profound influence on U.S. foreign policy and the Cold War. The author contends that Truman remained a parochial nationalist who lacked the vision and leadership to move the United States away from conflict and toward detente. Instead, he promoted an ideology and politics of Cold War confrontation that set the pattern for successor administrations."

Each of us was given a specific assignment to achieve in this lifetime. It was handed to us before we were born. As children, we were connected to that authentic purpose, expressing ourselves in our own unique ways. Most of us lose touch with who and what we truly wanted to be by the time we become adults. In Victory is Vision, Carey Conley takes you on a journey to discover who you were always meant to be. Through the activities provided you'll identify what's held you back from living your purpose and passion and how to move beyond those walls to create a vision that is bigger than any obstacle you might encounter. As co-creator of the inspired community Infinite Nation Conley has carved out a niche helping others identify their desires and define their goals through vision building. ## **The Vision of Joy**

Someday we may say that we never saw it coming. After seventy-five years of peace in the Pacific, a new challenger to American power has emerged, on a scale not seen in generations. Working from a deep sense of national destiny, the Chinese Communist Party is guiding a country of 1.4 billion people towards what it calls "the great rejuvenation of the Chinese nation," and, with it, the end of an American-led world. Will this generation witness the final act for America as a superpower? Can American ingenuity, confidence, and will power outcompete the long-term strategic thinking and planning of China's Communist Party? These are the challenges that will shape the next decade and more. China's Vision of Victory brings the reader to a new understanding of China's planning, strategy, and ambitions. From seabed to space, from Africa to the Arctic, from subsurface warfare to the rise of China's global corporations, this book will illuminate for the reader the new great game of our lifetimes, and how our adversary sees it all.

The idea of “The Rapture”—the return of Christ to rescue and deliver Christians off the earth—is an extremely popular interpretation of the Bible’s Book of Revelation and a jumping-off point for the best-selling “Left Behind” series of books. This interpretation, based on a psychology of fear and destruction, guides the daily acts of thousands if not millions of people worldwide. In *The Rapture Exposed*, Barbara Rossing argues that this script for the world’s future is nothing more than a disingenuous distortion of the Bible. The truth, Rossing argues, is that Revelation offers a vision of God’s healing love for the world. *The Rapture Exposed* reclaims Christianity from fundamentalists’ destructive reading of the biblical story and back into God’s beloved community.
