The Origin of Feces

Find out what happens to all of the poo at the zoo in this funny and factual picture book! There are so many different kinds of animals at the zoo, and they each make lots and lots (and sometimes LOTS!) of poo. So what do zoos do with all of that poo? This zany, fact-filled romp explores zoo poo, from cube-shaped wombat poo to white hyena scat, and all of the places it ends up, including in science labs and elephant-poo paper—even backyard gardens!

Speaking for Myself

With universal appeal (everyone poops, after all), this witty, illustrated description of over two dozen dookies (each with a medical explanation written by a doctor) details what one can learn about health and well-being by studying what's in the bowl. A floater? It's probably due to a buildup of gas. Now think back on last night's dinner, a burrito perhaps?All the greatest hits are here: The Log Jam, The Glass Shard, The Deja Poo, The Hanging Chadthe list goes on. Sidebars, trivia, over 60 euphemisms for number 2, and unusual case histories all make this the ultimate bathroom reader. Who knew you could learn so much from your poo?

Everyone Poops

The Instant New York Times, Publishers Weekly, Wall Street Journal, and USA Today Bestseller A candid, riveting account of the Trump White House, on the front lines and behind the scenes. Sarah Huckabee Sanders served as White House Press

Secretary for President Donald J. Trump from 2017 to 2019. A trusted confidante of the President, Sanders advised him on everything from press and communications strategy to personnel and policy. She was at the President's side for two and a half years, battling with the media, working with lawmakers and CEOs, and accompanying the President on every international trip, including dozens of meetings with foreign leaders—all while unfailingly exhibiting grace under pressure. Upon her departure from the administration, President Trump described Sarah as “irreplaceable,” a “warrior” and “very special person with extraordinary talents, who has done an incredible job.” Now, in *Speaking for Myself*, Sarah Huckabee Sanders describes what it was like on the front lines and inside the White House, discussing her faith, the challenges of being a working mother at the highest level of American politics, her relationship with the press, and her unique role in the historic fight raging between the Trump administration and its critics for the future of our country. This frank, revealing, and engaging memoir will offer a truly unique perspective on the most important issues and events of the era, and unprecedented access to both public and behind-the-scenes conversations within the Trump White House.

Be Healthy Every Day

Every runner knows how important it is to clear out before you head out—and *Runner's World How to Make Yourself Poop* shows you how. My Secret

What goes in must come out. It's that simple. But what does it all mean? Therein lies the mystery and the key to your health

and happiness. In this entertaining and fact-filled guide, the authors of the best-selling *What's Your Poo Telling You?* expand their probing inquiry into the workings of the human body to reveal the secrets and splendors of farts and pee, as well as more about their inevitable companion, poo. In the shocking and informative final section, the authors explode a variety of popular myths about the gastrointestinal tract. After reading this book, you'll never think of your bodily functions in the same way again!

3 Day Potty Training

The gastroenterologist authors behind *What's Your Poo Telling You?* turn their bowel movement expertise to infants, using humor and insight to describe how parents can collect important feedback from their baby's dirty diapers.

How to Hide an Empire

"What Your Poo Says About You" is a fun and educational tool for people of all ages. It's a great resource for teachers, parents and physicians. Created by a Naturopathic doctor, this book is more than just funny cartoons about poop. There is so much you can learn from paying attention to your stool. Gastrointestinal health is the window to mental, physical and hormonal health. Learn how to live with vitality by adjusting your diet and lifestyle by the look of your stool.

Everybody Poops 410 Pounds a Year

This book stinks! Hold your nose while you find out absolutely everything you never knew about poo! Did you know that.. A week's worth of elephant poo weighs as much a 25 people? A lifetime of farts would fill 2,000 balloons? The world uses enough toilet paper in an hour to wrap around the Earth 14 times? This irresistibly disgusting book for children will teach you all you need to know about all kinds of animal dung and human waste - what it's for, how it's made, where it goes, and lots more! Poo comes in all shapes and sizes. Every animal has its own special sort and some have fascinating uses for it. Wombats use their cube-shaped droppings to mark their territory; potato beetles build a shield of dung for defense; male hippos spray out a fecal shower to attract mates; and rabbits and dung beetles eat their pellets for extra nutrition. We might call it "waste" but in fact, poo is among the most useful stuff on Earth. From building materials and paper to coffee and even water purification, there's a multitude of manure-based matter in our lives. This unique book is jam-packed with scientific explanations and amazing trivia about human and animal deposits. Did you know, for example, that the global population produces more than a million tons of poo every day? Or that an average poo contains 10 trillion bacteria? Or that wars have been fought over guano? All these facts and more are presented, either with jaw-dropping CGI illustrations or eye-popping photography. Additional boxes feature infographics that make information easy to understand. With endlessly

interesting information and incredible visuals, It Can't Be True! Poo is the perfect way to entertain and amuse your friends, family, and yourself. In fact, you'll never look at poo in the same way again!

Kind of a Big Deal

A revelatory account of the misdemeanor machine that unjustly brands millions of Americans as criminals *Punishment Without Crime* offers an urgent new interpretation of inequality and injustice in America by examining the paradigmatic American offense: the lowly misdemeanor. Based on extensive original research, legal scholar Alexandra Natapoff reveals the inner workings of a massive petty offense system that produces over 13 million cases each year. People arrested for minor crimes are swept through courts where defendants often lack lawyers, judges process cases in mere minutes, and nearly everyone pleads guilty. This misdemeanor machine starts punishing people long before they are convicted; it punishes the innocent; and it punishes conduct that never should have been a crime. As a result, vast numbers of Americans -- most of them poor and people of color -- are stigmatized as criminals, impoverished through fines and fees, and stripped of drivers' licenses, jobs, and housing. For too long, misdemeanors have been ignored. But they are crucial to understanding our punitive criminal system and our widening economic and racial divides. A Publishers Weekly Best Book of 2018

Punishment Without Crime

52 Mind-Blowing Ways to Poop The only known translation of an ancient manual instructing readers in the art of enlightened bathroom experience, the *Kama Pootra* offers a thrilling rediscovery of the tiled path to porcelain nirvana. Willing seekers will find fifty-two progressive positions designed to maximize how you do number two. Every time the bathroom door closes, a new experience awaits.

In Defense of Looting

There's a Zoo in your Poo! It needs a Zookeeper And that Keeper is YOU! Did you know that trillions of tiny bugs live in and on all of us? And there's a Zoo of bugs in our poo. Professor Felice Jacka is a world expert in the field of Nutritional Psychiatry and gut health. Teacher and musician Rob Crow is a world expert at drawing bugs! They want kids to know all about the amazing stuff going on in their bodies. Get ready for a journey inside the most exciting of places YOU!

Dr. Poo

"The facts you need to make informed infant care choices for a happier, healthier child. Finally, a well-researched text on infant digestive health. Palmer addresses the issues where parents' choices can make a difference for the health of their child. Written for parents, but even the most experienced lactation, birthing, or pediatric professional will find many new pearls of information throughout the text."--P. [4] of cover.

Digestive Health with REAL Food

Our great-grandmothers didn't need nutrition lessons—then again, they weren't forced to wade through aisle after aisle of packaged foods touting outlandish health claims and confusing marketing jargon. Over the last few decades, we've forgotten what "real food" is—and we're left desperately seeking foods that will truly nourish our bodies. We're disillusioned with the "conventional wisdom" for good reason—it's gotten us nowhere. Achieving optimal health without calorie-counting, diet foods, or feelings of deprivation has never been easier. Practical Paleo explains why avoiding both processed foods and foods marketed as "healthy"—like grains, legumes, and pasteurized dairy—will improve how you look and feel and lead to lasting weight loss. Even better—you may reduce or completely eliminate symptoms associated with common health disorders! Practical Paleo is jam-packed with over 120 easy recipes, all with special notes about common food allergens including nightshades and FODMAPs. Meal plans are also included, and are designed specifically to support: immune health (autoimmune conditions) blood sugar regulation (diabetes 1 & 2, hypoglycemia) digestive health (leaky gut, IBS & IBD) multiple sclerosis, fibromyalgia, and chronic fatigue syndromethyroid health (hypo and hyper - Hashimotos, Graves) heart health (cholesterol & blood pressure) neurological health (Parkinson's & Alzheimer's) cancer recovery fat loss athletic performance a "squeaky-clean" Paleo approach Practical Paleo is the resource you'll reach for again and again, whether you're looking for information on healthy living, delicious recipes, or easy-to-understand answers to your questions about how a Paleo lifestyle can benefit you, your family, and your friends.

Poop Log Book: Handy Stool Tracker

Nick Corey is a terrible sheriff on purpose. He doesn't solve problems, enforce rules or arrest criminals. He knows that nobody in tiny Potts County actually wants to follow the law and he is perfectly content lazing about, eating five meals a day, and sleeping with all the eligible women. Still, Nick has some very complex problems to deal with. Two local pimps have been sassing him, ruining his already tattered reputation. His girlfriend Rose is being terrorized by her husband. And then, there's his wife and her brother Lenny who won't stop troubling Nick's already stressed mind. Are they a little too close for a brother and a sister? With an election coming up, Nick needs to fix his problems and fast. Because the one thing Nick does know is that he will do anything to stay sheriff. Because, as it turns out, Sheriff Nick Corey is not nearly as dumb as he seems. In Pop. 1280, widely regarded as a classic of mid-20th century crime, Thompson offers up one of his best, in a tale of lust, murder, and betrayal in the Deep South that was the basis for the critically acclaimed French film Coup de Torchon.

Little Moments of Love

From the authors of the bestselling book *What's Your Poo Telling You?*, this illustrated calendar is packed with medical info, fascinating trivia, and entertaining nuggets about poo, pee, and farts. Celebrate every day with regularity!

There's A Zoo in My Poo

Dozens of further filthy animal facts and falsehoods: the follow-through to the international bestselling sensation *Does it Fart?* How many spiders do you eat in your sleep? What does the ice-cream you eat have to do with the back end of a beaver? Do komodo dragons have toxic slobber? Is it true that a scorpion that sheds its tail dies of constipation? How far actually are you from the nearest rat? Can you get high from licking toads, or is thatfake newts? All this and far, far more can be found in *True or Poo*, a guide to the wonders of the natural world: and a manual for disgusting and one-upping your friends and enemies for years to come.

What's Your Poo Telling You?

This book is about shit. Not the shit you have in your closet or those lying around the house or the shit in your car, but it is about shit. The stuff that comes out of your body when you have to go to the bathroom. Not the stuff that comes out the front side but the stuff that comes out of your butt. It doesnt matter how poor you are, how rich you are, how ugly you are, or how beautiful you are. It doesnt matter if you are skinny or overweight. And no matter what you may think, your shit does stink sometimes. This book is for all of you who have ever admired your dirty deed. For those of you whose brother made you run to the bathroom because you thought someone had died only to see the longest turd ever in the stool.

Kama Pootra

Poop Book Log This book is a must have in bathrooms. Especially if you have a family obsessed with talking about, laughing at, and over-sharing about poop. Can record to such as today why is my poop green or blood in poop for the different types of "poo." of your bathroom breaks and put it in the bathroom at your cabin. If you have a serious poo problem so being able to write down in a journal how your poo is after you take a doo doo is great Poop Journal Detail: Record Date and time Sketch poo types Blood Checklist Color Checklist Size Checklist Painful checklist

What Do They Do with All That Poo?

There is no cure of Irritable Bowel Syndrome. But there are ways for people who suffer from it to manage the symptoms by making adjustments to diet activity.

The Complete What's Your Poo Telling You

Poo, poo, glorious poo! Everyone knows at least one person who takes an unhealthy interest in their own bowel movements. They were in your class at school or university, or shared an office with you at your first job, or may even be your own father, uncle, or sibling. You were kept abreast of the comings and goings of their intestines in vivid detail. They loved to discuss shapes, sizes, and regularity, and no matter how much you protested, there were always new updates to report on. Or maybe, just maybe, this person is you The Book of Poo is the definitive spotter's guide, naming dozens of species of faeces and what they all mean, using science, medicine and deadpan humour to get to the, um, bottom of things. It's only a matter of time before it becomes required reading in every loo in the land - the ultimate toilet book.

Runner's World How to Make Yourself Poop

Named one of the ten best books of the year by the Chicago Tribune A Publishers Weekly best book of 2019 | A 2019 NPR Staff Pick A pathbreaking history of the United States' overseas possessions and the true meaning of its empire We are familiar with maps that outline all fifty states. And we are also familiar with the idea that the United States is an "empire," exercising power around the world. But what about the actual territories—the islands, atolls, and archipelagos—this country has governed and inhabited? In *How to Hide an Empire*, Daniel Immerwahr tells the fascinating story of the United States outside the United States. In crackling, fast-paced prose, he reveals forgotten episodes that cast American history in a new light. We travel to the Guano Islands, where prospectors collected one of the nineteenth century's most valuable commodities, and the Philippines, site of the most destructive event on U.S. soil. In Puerto Rico, Immerwahr shows how U.S. doctors conducted grisly experiments they would never have conducted on the mainland and charts the emergence of independence fighters who would shoot up the U.S. Congress. In the years after World War II, Immerwahr notes, the United States moved away from colonialism. Instead, it put innovations in electronics, transportation, and culture to use, devising a new sort of influence that did not require the control of colonies. Rich with absorbing vignettes, full of surprises, and driven by an original conception of what empire and globalization mean today, *How to Hide an Empire* is a major and compulsively readable work of history.

Practical Paleo

A collection of artfully decorated postcards with secrets anonymously written on them by people from all over the world and sent to the founder of PostSecret, a community art project that evolved into a website.

What's Your Poo Telling You Journal

What began as stray doodles on scraps of paper became an internet sensation when Catana Chetwynd's boyfriend shared her drawings online. Now, Catana Comics touches millions of readers with its sweet, relatable humor. *Little Moments of Love* collects just that - the little moments that are the best parts of being with the person you love.

Poop Log

3 Day Potty Training is a fun and easy-to-follow guide for potty training even the most stubborn child just 3 days. Not just for pee and poop but for day and night too! Lora's method is all about training the child to learn their own body signs. If the parent is having to do all the work, then the child isn't truly trained, but with Lora's method your child will learn when their body is telling them that they need to use the potty and they will communicate that need to you.

52 Things to Do While You Poo

Want more fascinating facts about poop? We've got a new book! Check out Everybody Poops 10 Million Pounds: Astounding Fecal Facts from a Day in the City from author Deuce Flanagan on Amazon today. Is That Your Poo, Kangaroo?

In this national bestseller based on Harvard Medical School and Harvard School of Public Health research, Dr. Willett explains why the USDA guidelines--the famous food pyramid--are not only wrong but also dangerous.

Book of Poo, the a Spotter's Guide

From Shannon Hale, bestselling author of Austenland, comes Kind of a Big Deal: a hilarious, madcap story that will suck you in—literally. There's nothing worse than peaking in high school. Nobody knows that better than Josie Pie. She was kind of a big deal—she dropped out of high school to be a star! But the bigger you are, the harder you fall. And Josie fell. Hard. Ouch. Broadway dream: dead. Meanwhile, her life keeps imploding. Best friend: distant. Boyfriend: busy. Mom: not playing with a full deck? Desperate to escape, Josie gets into reading. Literally. She reads a book and suddenly she's inside it. And with each book, she's a different character: a post-apocalyptic heroine, the lead in a YA rom-com, a 17th century wench in a corset. It's alarming. But also . . . kind of amazing? It's the perfect way to live out her fantasies. Book after book, Josie the failed star finds a new way to shine. But the longer she stays in a story, the harder it becomes to escape. Will Josie find a story so good that she just stays forever?

It Can't Be True! Poo

The #1 book about going #2 is now back in a bigger, thicker package for a whole new generation of curious readers. The Complete What's Your Poo Telling You celebrates ten years of constant sales with more than 40 descriptions of two dozen types of poo, plus sidebars, medical explanations, and loads of engrossing fun facts. Now printing in two-color with a new author introduction, this hardcover is the perfect gift for the bowel-movement obsessed.

True or Poo?

A fresh argument for rioting and looting as our most powerful tools for dismantling white supremacy Looting--a crowd of people publicly, openly, and directly seizing goods--is one of the more extreme actions that can take place in the midst of social unrest. Even self-identified radicals distance themselves from looters, fearing that violent tactics reflect badly on the broader movement. But Vicky Osterweil argues that stealing goods and destroying property are direct, pragmatic strategies of wealth redistribution and improving life for the working class--not to mention the brazen messages these methods send to the police and the state. All our beliefs about the innate righteousness of property and ownership, Osterweil explains, are built on the history of anti-Black, anti-Indigenous oppression. From slave revolts to labor strikes to the modern-day movements for climate change, Black lives, and police abolition, Osterweil makes a convincing case for rioting and looting as weapons that bludgeon the status quo while uplifting the poor and marginalized. In Defense of Looting is a history of violent protest sparking social change, a compelling reframing of revolutionary activism, and a practical vision for a dramatically restructured society.

What's My Pee Telling Me?

An entertaining and enlightening exploration of why waste matters, this cultural history explores an often ignored subject matter and makes a compelling argument for a deeper understanding of human and animal waste. Approaching the subject from a variety of perspectives--evolutionary, ecological, and cultural--this examination shows how integral excrement is to biodiversity, agriculture, public health, food production and distribution, and global ecosystems. From primordial ooze, dung beetles, bug frass, cat scats, and flush toilets to global trade, pandemics, and energy, this is the awesome, troubled, uncensored story of feces.

The Shit Book

Pop. 1280

Dr. Poo tackles such subjects as "Portrait of a Perfect Poop", "Curing Constipation" and "In Search of the Perfect Fiber Supplement". What's in poop is frequently on the no-no list to talk about, especially with younger children, just the opposite of what you will learn in this book. Admittedly, "So, how is your poop" is probably never going to become a favorite topic of dinner conversation. Yet, after you read this book you will not only be able to poo easier and healthier, you will naturally feel good about one of your body's most important daily productions.

Eat, Drink, and Be Healthy

If you can't watch the match from the comfort of your own toilet, you need something just as gripping to keep you enthralled. Whether it's tracking down a missing boot or diving through a maze to make an incredible save, this puzzle book is just the ticket! These amusing activities and fun facts will prove a sure-fire winner with any fan of the beautiful game.
